

enforcement coordination for the Department of Justice and carries out a wide range of responsibilities. OIA works closely with its foreign and domestic stakeholders to ensure that criminals both at home and abroad are extradited to face justice. OIA also handles thousands of requests for mutual legal assistance, drafts and comments on legislation and policy, and participates in litigation related to international cooperation issues. At its core, international prisoner transfer is an area of international legal cooperation. Having concluded that the responsibility for handling international prisoner transfers more closely relates to the mission of OIA, the Department of Justice is moving the International Prisoner Transfer Unit from the Office of Enforcement Operations to OIA. To ensure OIA has the necessary authorities to find appropriate or inappropriate the transfer of offenders to or from a foreign country under certain treaties, the Department of Justice is modifying its delegation of authority in 28 CFR 0.64–2. This modification will authorize the Assistant Attorney General for the Criminal Division to re-delegate this authority to the Deputy Assistant Attorneys General in the Criminal Division and to the Director, the Deputy Directors, and the Associate Director supervising the International Prisoner Transfer Unit of the Office of International Affairs. This action will promote efficiency, better accomplish important law enforcement objectives, and enhance international relationships and cooperation.

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Part 4022

Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: This final rule amends the Pension Benefit Guaranty Corporation’s regulation on Benefits Payable in Terminated Single-Employer Plans to prescribe interest assumptions under the regulation for valuation dates in August 2018. The interest assumptions are used for paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

DATES: Effective August 1, 2018.

FOR FURTHER INFORMATION CONTACT: Hilary Duke (duke.hilary@pbgc.gov), Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation, 1200 K Street NW, Washington, DC 20005, 202–326–4400 ext. 3839. (TTY users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4400, ext. 3839.)

SUPPLEMENTARY INFORMATION: PBGC’s regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) prescribes actuarial assumptions—including interest assumptions—for paying plan benefits under terminated single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974.

The interest assumptions in the regulation are also published on PBGC's website (<http://www.pbgc.gov>).

PBGC uses the interest assumptions in appendix B to part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology. Currently, the rates in appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for August 2018.¹

The August 2018 interest assumptions under the benefit payments regulation will be 1.25 percent for the period during which a benefit is in pay status and 4.00 percent during any years

preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for July 2018, these assumptions represent no change in the immediate rate and are otherwise unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the payment of benefits under plans with valuation dates during August 2018, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).
