[COTP Charleston 06-003]

RIN 1625-AA00

Safety Zone; Cooper River, Hog Island Channel, Charleston SC

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is removing one of two duplicate temporary rules that establish safety zones on the navigable waters of Hog Island Reach on the Cooper River, for demolition of the Grace Memorial and Silas Pearman Bridges and associated recovery operations.

DATES: This rule is effective June 7, 2006.

ADDRESSES: Comments and material received from the public, as well as

documents indicated in this preamble as being available in the docket are part of docket [COTP Charleston 06-003] and are available for inspection or copying at Coast Guard Sector Charleston (WWM), 196 Tradd Street, Charleston, South Carolina 29401 between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Chief Warrant Officer James J. McHugh, Sector Charleston Office of Waterways Management, at (843) 724-7647.

SUPPLEMENTARY INFORMATION: On January 19, 2006, we published a temporary final rule that created a temporary safety zone around the Grace Memorial and Silas Pearman Bridges on Hog Island Reach. (71 FR 3005) This safety zone includes all waters within the area bounded by the following coordinates: 32°48.566' N, 079°55.211' W to 32°48.389' N, 079°54.256' W to 32°47.824' N, 079°54.401' W thence to 32°47.994' N, 079°55.359' W.

Due to an administrative error, we published a second temporary safety zone for this location on May 25, 2006, at 71 FR 30062. This second temporary final rule has the same section number and establishes a safety zone at the same coordinates as the temporary final rule that published in January; however it has a different effective date and a slightly different title.

In order to avoid confusion and maintain the January effective date of the safe zone, we are removing the second temporary rule that published on May 25, 2006, at 71 FR 30062 and is entitled "Safety Zone; Cooper River, Hog Island Channel, Charleston, SC."

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. This rule is not a significant regulatory action because it removes a second temporary final rule has the same section number and establishes a safety zone at the same coordinates as the temporary final rule that published in January.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit

organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities, because it removes one of two duplicate temporary rules that establish safety zones on the navigable waters of Hog Island Reach on the Cooper River, for demolition of the Grace Memorial and Silas Pearman Bridges and associated recovery operations.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health
