

determine, to RUS' satisfaction, the products effectiveness under actual field conditions. RUS will use field trials as a means for determining the operational effectiveness of a new or revised product where such experience does not already exist. Field trial process allows: Manufacturers a means of immediate access to the RUS borrower market, RUS borrowers opportunity to immediately utilize advance products, and provides for RUS a means to safely obtain necessary information on technically advanced products which will address the products suitability for use in the harsh environment of rural America.

Need and Use of the Information:

RUS will use various forms to enter into contractual obligations, to establish an agreement by RUS, the manufacturer and a borrower, or identify the product(s) that are under field trial. Telecommunication borrowers participate in field trials do so on a voluntary basis. The information is closely reviewed to determine that the products comply with the established RUS standards and specifications and that the products are otherwise acceptable for use on rural telecommunications systems. Without this information, RUS has no means of determining the acceptability of advanced technology in a manner that is timely enough for RUS borrowers to take advantage of the improved benefits and promise that such products may provide for rural America.

Submission for OMB Review; Comment Request

June 1, 2006.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), *OIRA_Submission@OMB.EOP.GOV* or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

National Agriculture Statistics Service

Title: NIOSH Farm Hazard Survey.

OMB Control Number: 0535-New.

Summary of Collection: Primary function of the National Agricultural Statistics Services (NASS) is to prepare and issue state and national estimates of crop and livestock production under the authority of 7 U.S.C. 2204(a). NASS has been asked by the National Institute of Occupational Safety Health (NIOSH) to conduct a national farm hazard, injury, and illness survey. The survey is designed to provide estimates of the frequency of injury and illness hazards on farms; the number of farm operators, workers, and farm youth potentially exposed to these hazards; the association between hazards and the type of farming operation; and the annual occupational nonfatal injury and illness incidence rates for farm operators.

Need and Use of the Information:

Data from this survey will provide source of consistent information that NIOSH can use to target funds appropriated by Congress for the prevention of childhood agricultural injuries and adult occupational injuries.

In particular, it will provide information on which farm hazards and health outcomes most need to be addressed. No source of data on childhood injuries or adult occupational farm injuries exists that covers all aspects of the agricultural production sector.

Description of Respondents: Farms.

Number of Respondents: 25,500.

Frequency of Responses: Reporting:

Other: One-time.

Total Burden Hours: 8,496.

Predator Damage Management in Wilderness Areas

AGENCY: Forest Service, USDA.

ACTION: Notice of proposed directives; request for comment.

SUMMARY: The Forest Service is proposing to revise its directives on predator damage management in wilderness areas. Guidance to Forest officers in the management of predator damage in wilderness areas is contained in the Forest Service Manual (FSM) Title 2300, Recreation, Wilderness, and Related Resources Management and FSM 2600, Wildlife, Fish, and Sensitive Plant Habitat Management. These

proposed directives would conform agency direction regarding predator damage with provisions in an interdepartmental Memorandum of Understanding (MOU) between the USDA Animal and Plant Health Inspection Service, Wildlife Services Division and the USDA Forest Service. The MOU, first entered into in 1993, was renewed in 1998, and again in 2004, with minor revisions. Comments received in response to this notice will be considered in development of the final directives for predator damage management on National Forest System lands, including wilderness.

DATES: Comments must be received in writing by August 7, 2006.

ADDRESSES: Send written comments to Forest Service, USDA, Attn: Director, Wilderness and Wild and Scenic Rivers Resources, 201 14th Street, SW., Washington, DC 20250; by electronic mail to PDM@fs.fed.us; or by fax to (202) 205-1145. Comments may also be submitted by following the instructions at the Federal e-Rulemaking portal, <http://www.regulations.gov>. If comments are sent by electronic mail or by fax, the public is requested not to send duplicate written comments via regular mail. Please confine written comments to issues pertinent to the proposed directives; explain the reasons for any recommended changes; and, where possible, reference the specific section or paragraph being addressed. The Forest Service may not include in the administrative record for the proposed directives those comments it receives after the comment period closes (see **DATES**) or comments delivered to an address other than those listed in this **ADDRESSES** section.

All comments, including names and addresses when provided, are placed in the record and are available for public inspection and copying. The public may inspect comments received on these proposed directives in the Office of the Director, Wilderness and Wild and Scenic Rivers Staff, Forest Service, USDA, 4th Floor-Central, Sidney R. Yates Federal Building, 1400 Independence Avenue, SW., Washington, DC, between the hours of 8:30 a.m. to 4 p.m. on business days. Those wishing to inspect comments are encouraged to call ahead to (202) 205-1706 to facilitate entry into the building. **FOR FURTHER INFORMATION CONTACT:** Don Fisher, Wilderness Program, (202) 205-1414, Forest Service, USDA.
