OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket Number USTR–2018–0026]

Request for Comments Concerning Proposed Modification of Action Pursuant to Section 301: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative.

ACTION: Request for comments and notice of public hearing.

SUMMARY: On June 20, 2018 (83 FR 28710), the U.S. Trade Representative (Trade Representative) provided notice of an initial action in the Section 301 investigation of the acts, policies, and practices of the Government of China related to technology transfer, intellectual property, and innovation. The initial action was the imposition of an additional 25 percent *ad valorem* duty on products of China with an annual trade value of approximately $34 billion, effective July 6, 2018. The June 20 notice also sought public comment on another proposed action, in the form of an additional 25 percent *ad valorem* duty on products of China with an annual trade value of approximately $16 billion. The public comment process in connection with the proposed additional action is ongoing. On July 6, 2018, China responded to the initial action by imposing increased duties on goods of the United States. In light of China's decision to respond to the investigation by imposing duties on U.S. goods, the Trade Representative proposes a modification of the action taken in this investigation. The proposed modification is to maintain the original $34 billion action and the proposed $16 billion action, and to take further action in the form of an additional 10 percent *ad valorem* duty on products of China with an annual trade value of approximately $200 billion. The products subject to this proposed supplemental action are classified in the HTSUS subheadings set out in the Annex to this notice. The Office of the U.S. Trade Representative (USTR) is seeking public comment and will hold a public hearing regarding this proposed modification of the action in the investigation.

DATES: To be assured of consideration, you must submit comments and responses in accordance with the following schedule:

July 27, 2018: Due date for filing requests to appear and a summary of expected testimony at the public hearing, and for filing pre-hearing submissions.

August 17, 2018: Due date for submission of written comments.

August 20–23, 2018: The Section 301 Committee will convene a public hearing in the main hearing room of the U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436 beginning at 9:30 a.m.

August 30, 2018: Due date for submission of post-hearing rebuttal comments.

ADDRESSES: USTR strongly prefers electronic submissions made through the Federal eRulemaking Portal: *http://www.regulations.gov.* Follow the instructions for submitting comments in sections D and F below. The docket number is USTR–2018–0026.

SUPPLEMENTARY INFORMATION:

A. Background

On August 18, 2017, USTR initiated an investigation into certain acts, policies, and practices of the Government of China related to technology transfer, intellectual property, and innovation (82 FR 40213).

In a notice published on April 6, 2018 (83 FR 14906), the Trade Representative announced a determination that the acts, policies, and practices of the Government of China covered in the investigation are unreasonable or discriminatory and burden or restrict U.S. commerce. The April 6 notice also invited public comment on a proposed action in the investigation, in the form of an additional 25 percent *ad valorem* duty on products from China classified in a list of 1,333 tariff subheadings, with an annual trade value of approximately $50 billion. As explained in the notice, the level was appropriate both in light of the estimated harm to the U.S. economy, and to obtain elimination of China's harmful acts, policies, and practices.

The public comment process included two opportunities for the submission of written comments, and the opportunity to participate in a public hearing. USTR received thousands of submissions, and held a 3 day public hearing with more than 100 witnesses. The public versions of submissions and a transcript of the hearing are available on *www.regulations.gov* in docket number USTR–2018–0005.

USTR and the interagency Section 301 Committee carefully reviewed the public comments and the testimony from the public hearing. USTR and the Section 301 Committee also carefully reviewed the extent to which the tariff subheadings in the April 6, 2018 notice include products containing industrially significant technology, including technologies and products related to China's ''Made in China 2025'' industrial policy program.

Based on this review process, the Trade Representative determined to take an initial action in the investigation, and to consider an additional proposed action. The Trade Representative announced the determination on June 15, 2018, and published a notice on June 20, 2018 (83 FR 28710). The Trade Representative narrowed the proposed list in the April 6 notice to 818 tariff subheadings, with an approximate annual trade value of $34 billion. This initial action became effective on July 6, 2018. The additional proposed action is an additional *ad valorem* duty of 25 percent on products of China classified in 284 tariff subheadings, with an annual trade value of approximately $16 billion. The June 20 notice explained that including these tariff subheadings in the Section 301 action would maintain the effectiveness of a $50 billion trade action. The public comment process in connection with the proposed additional action is ongoing.

B. China's Response to the Action in the Investigation

The Government of China has chosen to respond to the initial U.S. action in the investigation by imposing retaliatory tariffs on U.S. goods, instead of addressing U.S. concerns with the unfair practices found in the investigation. On Friday, June 15, 2018, the day that the Trade Representative announced the initial action in the investigation, China issued a statement saying that it was imposing equivalent tariff measures on U.S. goods.

On Saturday, June 16, 2018, the Government of China specified that it would impose an additional 25 percent tariff on U.S. goods with a value of $50 billion (State Council Customs Tariff Commission 2018 Public Notice No. 5). China's announcement sets out two lists. The first list contains 545 tariff subheadings that supposedly corresponds to the initial U.S. $34 billion action, and had an effective date of July 6, 2018. The second list contains 114 tariff subheadings that supposedly corresponds to the additional proposed

$16 billion U.S. action, and will be effective on a date to be determined.

On Monday, June 18, 2018, the President issued a statement in response to China's announcement that it was imposing retaliatory tariffs on U.S. goods. *See https://www.whitehouse.gov/briefings-statements/statement-president-regarding-trade-china-2/.* The statement ''directed the United States Trade Representative to identify $200 billion worth of Chinese goods for additional tariffs at a rate of 10 percent. After the legal process is complete, these tariffs will go into effect if China refuses to change its practices, and also if it insists on going forward with the new tariffs that it has recently announced.''

On July 6, 2018, the day the initial $34 billion action in the investigation became effective, the Government of China confirmed that it is going forward with the new tariffs it announced on June 16. China also has not changed the acts, policies, and practices identified in the investigation.

C. Proposed Supplemental Action

Section 301(b) of the Trade Act of 1974, as amended (Trade Act) provides that ''the Trade Representative shall take all appropriate and feasible action authorized under [Section 301(c)], subject to the specific direction, if any, of the President regarding any such action . . . to obtain the elimination of [the] act, policy, or practice'' covered in the investigation. Section 307 of the Trade Act provides that ''The Trade Representative may modify or terminate any action, subject to the specific direction, if any, of the President with respect to such action, that is being taken under [Section 301] if . . . such action is being taken under section 301(b) of this title and is no longer appropriate.'' In light of China's response to the $50 billion action announced in the investigation and its refusal to change its acts, policies, and practices, it has become apparent that U.S. action at this level is not sufficient to obtain the elimination of China's acts, policies, and practices covered in the investigation. Accordingly, the Trade Representative is proposing to modify the action in this investigation by maintaining the original $34 billion action and the proposed $16 billion action, and by taking a further, supplemental action. The Trade Representative proposes an additional 10 percent *ad valorem* duty on products of China covered in the attached list of 6,031 tariff subheadings. The attached list has an annual trade value of approximately $200 billion.

Modification of the action in this investigation by taking a supplemental $200 billion action is appropriate in light of the statutory goal of obtaining the elimination of the acts, policies, and practices covered in the investigation. China has shown that it will not respond to action at a $50 billion level by addressing U.S. concerns with China's acts, policies, and practices involving technology transfer, intellectual property, and innovation. Rather, China is responding to action at a $50 billion level by imposing retaliatory duties.

Supplemental action at a $200 billion level is in accord with the President's direction. In addition, action at this level is appropriate in light of the level of China's announced retaliatory action ($50 billion) and the level of Chinese goods imported into the United States ($505 billion in 2017). China's retaliatory action covers a substantial percentage of U.S. goods exported to China ($130 billion in 2017). In order to enhance effectiveness, the level of the U.S. supplemental action must cover a substantial percentage of Chinese imports.

In developing the list of tariff subheadings included in this proposed supplemental action, trade analysts considered products from across all sectors of the Chinese economy. The tariff subheadings considered by the analysts included subheadings that commenters suggested for inclusion in response to the April 6 notice. The selection process took account of likely impacts on U.S. consumers, and involved the removal of subheadings identified by analysts as likely to cause disruptions to the U.S. economy, as well as tariff lines subject to legal or administrative constraints.

To ensure the effectiveness of the action, any merchandise subject to the increased tariffs admitted into a U.S. foreign trade zone on or after the effective date of the increased tariffs, except those eligible for admission under ''domestic status'' as defined in 19 CFR 146.43, would have to be admitted as ''privileged foreign status'' as defined in 19 CFR 146.41, and would be subject upon entry for consumption to the additional duty.

D. Request for Public Comments

In accordance with section 304(b) of the Trade Act (19 U.S.C. 2414(b)), USTR invites comments from interested persons with respect to the proposed supplemental action to be taken in the investigation. To be assured of consideration, you must submit written comments by August 17, 2018, and post-hearing rebuttal comments by August 30, 2018.

USTR requests comments with respect to any aspect of the proposed supplemental action, including:

- The specific tariff subheadings to be subject to increased duties, including whether the subheadings listed in the Annex should be retained or removed, or whether subheadings not currently on the list should be added.
- The level of the increase, if any, in the rate of duty.
- The appropriate aggregate level of trade to be covered by additional duties.

In commenting on the inclusion or removal of particular tariff subheadings listed in the Annex, USTR requests that commenters address specifically whether imposing increased duties on a particular product would be practicable or effective to obtain the elimination of China's acts, policies, and practices, and whether maintaining or imposing additional duties on a particular product would cause disproportionate economic harm to U.S. interests, including small- or medium-size businesses and consumers.

E. Hearing Participation

The Section 301 Committee will convene a public hearing in the main hearing room of the U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, beginning at 9:30 a.m. on August 20, 2018.
