

webinar by visiting www.gulfcouncil.org and clicking on the SSC meeting on the calendar. <https://attendeegotowebinar.com/register/3383291116212545537->. The Agenda is subject to change, and the latest version along with other meeting materials will be posted on www.gulfcouncil.org as they become available.

Although other non-emergency issues not on the agenda may come before the Scientific and Statistical Committee for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions of the Scientific and Statistical Committee will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Kathy Pereira at the Gulf Council Office (see ADDRESSES), at least 5 working days prior to the meeting.

Dated: July 16, 2018.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

RIN 0648-XG345

Marine Mammals; File No. 21329

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application.

SUMMARY: Notice is hereby given that John P. Wise, Sr., Ph.D., University of Louisville, Department of Pharmacology, 500 S Preston St., Suite 1319, Louisville, KY 40202 has applied in due form for a permit to receive, import, and export biological samples from marine mammals, sea turtles, and protected sharks for scientific research purposes.

DATES: Written, telefaxed, or email comments must be received on or before August 20, 2018.

ADDRESSES: The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 21329 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to NMFS.Pr1Comments@noaa.gov. Please include the File No. 21329 in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

FOR FURTHER INFORMATION CONTACT: Jennifer Skidmore or Amy Hapeman, (301) 427-8401.

SUPPLEMENTARY INFORMATION: The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), and the Fur Seal Act of 1966, as amended (16 U.S.C. 1151 *et seq.*).

The applicant proposes to receive, import, and export specimens from marine mammals, sea turtles, and protected sharks under NMFS' jurisdiction to: (1) Determine concentrations of metals and other environmental contaminants in these species; and (2) establish a resource of marine mammal, sea turtle, and protected shark cell lines for use as model systems in the investigation of various factors related to the health of these protected species and as comparative tools to human studies (toxicity of metals, virology, etc.).

Import and export authority is requested worldwide and the number of animals requested per species is outlined in the take tables in the application.

No take of live wild animals would be involved; tissues would be received from the following sources: Marine mammals or sharks stranded dead or that died during rehabilitation; captive marine mammals or sharks held for public display or research; marine mammals and sharks taken in a legal fishery; marine mammals, sea turtles, or sharks sampled by other permitted researchers; and marine mammals or sharks killed during legal subsistence hunts. Once the cell lines are established, they may be transferred to other researchers for scientific research, including export to world-wide locations. The cell lines would not be sold for profit or used for commercial purposes. The requested duration of the permit is 5 years.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: July 16, 2018.

Julia Marie Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XG326

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting (webinar).

SUMMARY: The Groundfish Subcommittee of the Pacific Fishery Management Council's (Pacific Council's) Scientific and Statistical Committee (SSC) will hold a meeting via webinar to review a draft terms of

reference for the groundfish and coastal pelagic species stock assessment review process for 2019 and 2020 and any other matters the SSC may be discussing at their upcoming September meeting in Seattle, WA. The webinar meeting is open to the public.

DATES: The SSC Groundfish Subcommittee webinar will be held Thursday, August 2, 2018, from 9 a.m. to 12 p.m. Pacific Daylight Time or until business for the day has been completed.

ADDRESSES: The SSC's Groundfish Subcommittee meeting will be held by webinar. To attend the webinar, (1) join the meeting by visiting this link <https://www.gotomeeting.com/webinar>, (2) enter the webinar ID: 722-907-851, and (3) enter your name and email address (required). After logging into the webinar, please (1) dial this TOLL number: 1-415-655-0052 (not a toll-free number); (2) enter the attendee phone audio access code: 667-817-359; and (3) then enter your audio phone pin (shown after joining the webinar). *Note:* We have disabled mic/speakers as an option and require all participants to use a telephone or cell phone to participate. Technical Information and System Requirements: PC-based attendees are required to use Windows® 7, Vista, or XP; Mac®-based attendees are required to use Mac OS® X 10.5 or newer; Mobile attendees are required to use iPhone®, iPad®, Android™ phone or Android tablet (see the <https://www.gotomeeting.com/webinar/ipad-iphone-android-webinar-apps>). You may send an email to Mr. Kris Kleinschmidt at Kris.Kleinschmidt@noaa.gov or contact him at (503) 820-2280, extension 411 for technical assistance. A public listening station will also be available at the Pacific Council office.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220.

FOR FURTHER INFORMATION CONTACT: Mr. John DeVore, Staff Officer, Pacific Fishery Management Council; telephone: (503) 820-2413.

SUPPLEMENTARY INFORMATION: The purpose of the SSC Groundfish Subcommittee meeting is to review a draft terms of reference for the groundfish and coastal pelagic species stock assessment review process for 2019 and 2020. The review will focus on proposed changes from the National Marine Fisheries Service Northwest Fisheries Science Center. The SSC Groundfish Subcommittee may also address any other matters the SSC may

be discussing at their September meeting in Seattle, WA.

No management actions will be decided by the SSC's Groundfish Subcommittee. The SSC Groundfish Subcommittee members' role will be development of recommendations and reports for consideration by the SSC and Pacific Council at the September meeting in Seattle, WA.

Although nonemergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent of the SSC Groundfish Subcommittee to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (503) 820-2411 at least 10 days prior to the meeting date.

Dated: July 16, 2018.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Crab Rationalization Cost Recovery Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of fee percentage.

SUMMARY: NMFS publishes notification of a 1.85 percent fee for cost recovery under the Bering Sea and Aleutian Islands Crab Rationalization Program. This action is intended to provide holders of crab allocations with the fee percentage for the 2018/2019 crab fishing year so they can calculate the required payment for cost recovery fees that must be submitted by July 31, 2019.

DATES: The Crab Rationalization Program Registered Crab Receiver permit holder is responsible for submitting the fee liability payment to NMFS on or before July 31, 2019.

FOR FURTHER INFORMATION CONTACT: Kurt Iverson, (907) 586-7210.

SUPPLEMENTARY INFORMATION:

Background

NMFS Alaska Region administers the Bering Sea and Aleutian Islands Crab Rationalization Program (Program) in the North Pacific. Fishing under the Program began on August 15, 2005. Regulations implementing the Program can be found at 50 CFR part 680.

The Program is a limited access system authorized by section 313(j) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). The Program includes a cost recovery provision to collect fees to recover the actual costs directly related to the management, data collection, and enforcement of the Program. The Program implemented under the authority of section 313(j) is consistent with the cost recovery provisions included under section 304(d)(2)(A) of the Magnuson-Stevens Act. NMFS developed the cost recovery provision to conform to statutory requirements and to reimburse the agency for the actual costs directly related to the management, data collection, and enforcement of the Program. The cost recovery provision allows collection of 133 percent of the actual management, data collection, and enforcement costs up to 3 percent of the ex-vessel value of crab harvested under the Program. The Program provides that a proportional share of fees charged for management and enforcement be forwarded to the State of Alaska for its share of management and data collection costs for the Program. The cost recovery provision also requires the harvesting and processing sectors to each pay half the cost recovery fees. Catcher/processor quota shareholders are required to pay the full fee percentage for crab processed at sea.

A crab allocation holder generally incurs a cost recovery fee liability for every pound of crab landed. The crab allocations include Individual Fishing Quota, Crew Individual Fishing Quota, Individual Processing Quota, Community Development Quota, and the Adak community allocation. The Registered Crab Receiver (RCR) permit holder must collect the fee liability from the crab allocation holder who is landing crab. Additionally, the RCR permit holder must collect his or her own fee liability for all crab delivered to
