

performance of non-abandoned wells and production facilities for individual leases. This includes drilling and other well operations and engineering data for individual well production and injection. The lessee also reports any environmental monitoring conducted.

The lessee may request a lease extension beyond the primary term by drilling, diligent efforts, production of byproducts, and unit commitment. We use the non-form information to determine if a lessee qualifies to extend its geothermal lease. The lessee submits the following non-form reports under 43 CFR subpart 3208:

- (1) Diligent Efforts Report;
- (2) Bona Fide Efforts Report; and
- (3) Significant Expenditures Report.

Based on our experience administering the activities, we estimate it takes from 1 to 10 hours per response to complete the required information, depending on which form or report the respondent submits. Respondents are lessees and operators of Federal geothermal leases and Indian geothermal contracts subject to BLM oversight. We estimate 835 responses per year and a total annual burden of 1,850 hours.

BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of public record.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Bureau of Land Management (BLM) requests the Office of Management and Budget (OMB) to extend an existing approval to collection certain information from those individuals interested in the adoption of a wild horse or burro (43 CFR part 4700). BLM uses Form 4710-10, Application for Adoption of Wild Horse(s) or Burro(s), to collect this information. This information allows BLM to determine whether or not an individual qualifies to provide humane care and proper treatment, including transportation, feeding and handling, to an adopted wild horse or burro.

DATES: You must submit your comments to BLM at the address below on or before August 21, 2006. BLM will not

necessarily consider any comments received after the above date.

FOR FURTHER INFORMATION CONTACT: You may contact Bea Wade, on (775) 861-6625 (Commercial or FTS). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8330, 24 hours a day, seven days a week, to contact Ms. Wade.

SUPPLEMENTARY INFORMATION: 5 CFR 1320.12(a) requires BLM to provide 60-day notice in the **Federal Register** concerning a collection of information to solicit comments on:

(a) Whether the collection of information is necessary for the proper functioning of the agency, including whether the information will have practical utility;

(b) The accuracy of our estimates of the information collection burden, including the validity of the methodology and assumptions we use;

(c) Ways to enhance the quality, utility, and clarity of the information collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Section 3(b)(2)(B) of the Wild Free-Roaming Horse and Burro Act requires that BLM provide for individuals whom the Secretary determines are qualified to adopt wild horses and burros to provide humane care and proper treatment. The regulations at 43 CFR subpart 4750 request applicants to submit Form 4710-10, Application for Adoption of Wild Horse(s) and Burro(s), to adopt wild horses and burros.

BLM requests the following information on Form 4710-10:

(A) The applicant must provide the name, address, and telephone number to further communicate about the adoption.

(B) The applicant must provide the driver's license number to locate the adopter. Wild horses and burros remain the property of the United States until title passes to private individuals. During the period between adoption and the passing of title, BLM is under obligation to see that the animals receive humane care and proper treatment. For that reason, BLM visits and contacts the adopter to determine that status and condition of the animals. BLM uses this information to also determine the location and condition of animals if the adopter should change the location of the animals within the State.

(C) The applicant must provide the birth date to assure that the applicant qualifies to adopt an animal under section 43 CFR 4750.3-2 (must be at least 18 years or older).

(D) The applicant must provide the social security number. In those states where the driver's license and social security numbers are the same, the applicant needs only his/her driver's license number. BLM uses this information for possible debt collection purposes and to track the location of the adopter if the adopter moves out-of-state.

(E) The applicant must indicate the number and species of animals the adopter wishes to adopt so we can determine the availability of the animals requested.

(F) The applicant must provide a map of the location where the adopted animals will be located so that we can conduct inspections of the facility and the animals to ensure compliance under 43 CFR 4750.3-2 relating to private maintenance.

(G) The applicant must sign a Private Maintenance and Care Agreement (a part of the Form 4710-10) after BLM approves the application to adopt a wild horse or burro.

BLM uses the information to determine whether individuals are qualified to provide humane care and proper treatment to one or more adopted animals. When BLM approves the application and the individual completes a Private Maintenance and Care Agreement, the individual may adopt one to four wild horses or burros at one time. There is no other source for the required information and failure to furnish the required information will result in the BLM denial of an application to adopt a wild horse or burro.

Based on BLM's experience in administering the activities, we estimate the public reporting burden is 10 minutes per response to complete the required information. We estimate

30,000 responses per year and a total annual burden of 5,000 hours.

BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of public record.
