Estimated Reporting and Recordkeeping "Non-Hour Cost"

Burden: We have identified no paperwork "non-hour cost" burdens associated with the collection of information.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * * ". Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of

automated collection techniques or other forms of information technology.

To comply with the public consultation process, on November 28, 2005, we published a **Federal Register** notice (70 FR 71329) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR 251 regulations and forms. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by July 28, 2006.

Public Comment Procedures: MMS's practice is to make comments, including names and addresses of respondents, available for public review. If you wish your name and/or address to be

withheld, you must state this prominently at the beginning of your comment. MMS will honor the request to the extent allowable by the law; however, anonymous comments will not be considered. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Arlene Bajusz (202) 208-7744.

Editorial Note: This document was received at the Office of the Federal Register on June 23, 2006.

Dated: February 7, 2006.

DEPARTMENT OF JUSTICE

Notice of Lodging Proposed Consent Decree

In accordance with Departmental Policy, 28 CFR 50.7, notice is hereby given that a proposed Consent Decree in *United States v. Bay-Houston Towing*

Co., Civil Action No. 98-CV-73252 (E.D. Mich.), was lodged with the United States District Court for the Eastern District of Michigan on June 22, 2006.

This proposed Consent Decree concerns a complaint filed by the United States against Bay-Houston Towing Co. ("Bay-Houston"), pursuant to sections 301(a), 309(b), 309(d), and 404 of the Clean Water Act ("CWA"), 33 U.S.C. 1319(b), 1319(d), and 1344, to obtain injunctive relief from and impose civil penalties against the Defendant for violating the Clean Water Act by discharging pollutants without a permit into waters of the United States, at a location known as the "Minden Bog," in Sanilac County, Michigan, and for failing to comply with an administrative compliance order issued to Bay-Houston by the United States Environmental Protection Agency. The proposed Consent Decree resolves these allegations by permanently enjoining Bay-Houston from discharging pollutants at the Minden Bog except in accordance with CWA section 404 permit recently tendered to Bay-Houston by the United States Army Corps of Engineers ("Corps"). The permit also requires Bay-Houston, *inter alia*, to restore the majority of the bog affected by peat mining; to immediately donate 1,182 acres of presently undisturbed peatlands to the Michigan Department of Natural Resources ("MDNR"); and to donate remaining peatlands (approximately 1,641 acres) to the MDNR once peat mining is complete.

The Department of Justice will accept written comments relating to this proposed Consent Decree for thirty (30) days from the date of publication of this Notice. Please address comments to Joshua M. Levin, Senior Attorney, U.S. Department of Justice, Environment and Natural Resources Division, Environmental Defense Section, P.O. Box 23986, Washington, DC 20026-3986, and refer to *United States v. Bay-Houston Towing Co.*, DJ #95-5-1-1-4519.

The proposed Consent Decree may be examined at the Clerk's Office, United States District Court for the Eastern District of Michigan, at the following address: 5th Floor, Theodore Levin United States Courthouse, 231 West Lafayette Boulevard, Detroit, MI 48226. In addition, the proposed Consent

Decree may be viewed at <http://www.usdoj.gov/enrd/open.html>.
