

the producers mentioned immediately above), Commerce intends to issue questionnaires to solicit information from the Vietnamese producers and exporters concerning their shipments of CRS to the United States and the origin of the imported HRS being processed into CRS. A company's failure to respond completely to Commerce's requests for information may result in the application of partial or total facts available, pursuant to section 776(a) of the Act, which may include adverse inferences, pursuant to section 776(b) of the Act.

While we believe sufficient factual information has been submitted by the domestic producers supporting their request for inquiries, we do not find that the record supports the simultaneous issuance of a preliminary ruling. Such inquiries are by their nature typically complicated and can require information regarding production in both the country subject to the order and the third country completing the product. As noted above, Commerce intends to request additional information regarding the statutory criteria to determine whether shipments of CRS from Vietnam are circumventing the AD and CVD orders on CRS from Korea. Thus, with further development of the record required before a preliminary ruling can be issued, Commerce does not find it appropriate to issue a preliminary ruling at this time.

Notification to Interested Parties

In accordance with 19 CFR 351.225(e), Commerce finds that the issue of whether a product is included within the scope of an order cannot be determined based solely upon the application and the descriptions of the merchandise. Accordingly, Commerce will notify by mail all parties on Commerce's scope service list of the initiation of these anti-circumvention inquiries. In addition, in accordance with 19 CFR 351.225(f)(1)(i) and (ii), in this notice of initiation issued under 19 CFR 351.225(e), we have included a description of the product that is the subject of these anti-circumvention inquiries (*i.e.*, CRS that contains the characteristics as provided in the scope of the *Orders*) and an explanation of the reasons for Commerce's decision to initiate an anti-circumvention inquiry, as provided above.

In accordance with 19 CFR 351.225(l)(2), if Commerce issues a preliminary affirmative determination, we will then instruct U.S. Customs and Border Protection to suspend liquidation and require a cash deposit of estimated antidumping and

countervailing duties, at the applicable rate, for each unliquidated entry of the merchandise at issue, entered or withdrawn from warehouse for consumption on or after the date of initiation of the inquiry. Commerce will establish a schedule for questionnaires and comments on the issues. In accordance with section 781(f) of the Act and 19 CFR 351.225(f)(5), Commerce intends to issue its final determination within 300 days of the date of publication of this initiation.

This notice is published in accordance with 19 CFR 351.225(f).

Dated: July 27, 2018.

Gary Taverman,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION: The Magnuson-Stevens Fishery Conservation and Management Act, 16 U.S.C. 1801 *et seq.*, as amended by the Sustainable Fisheries Act, Public Law 104-297, provided for the establishment of an AP to assist in the collection and evaluation of information relevant to the development of any FMP or FMP amendment for Atlantic HMS. NMFS consults with and considers the comments and views of AP members when preparing and implementing FMPs or FMP amendments for Atlantic tunas, swordfish, billfish, and sharks.

The AP has previously consulted with NMFS on: Amendment 1 to the Billfish FMP (April 1999); the HMS FMP (April 1999); Amendment 1 to the HMS FMP (December 2003); the Consolidated HMS FMP (October 2006); and Amendments 1, 2, 3, 4, 5a, 5b, 6, 7, 8, 9, 10, and 11 to the 2006 Consolidated HMS FMP (April and October 2008, February and September 2009, May and September 2010, April and September 2011, March and September 2012, January and September 2013, April and September 2014, March and September 2015, and March, September, and December 2016, and May and September 2017), among other things.

Proposed Information Collection; Comment Request; Alaska Quota Cost Recovery Programs

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before October 1, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at pracomments@doc.gov).

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Kurt Iverson (907) 586-7228 or kurt.iverson@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is an extension of a currently approved information collection.

The Magnuson-Stevens Fishery and Conservation Act both authorizes and requires the collection of cost recovery fees for Limited Access Privilege (LAP) programs and Western Alaska Community Development Quota (CDQ) programs. The cost recovery fees may not exceed three percent of the ex-vessel value, and must recover costs associated with the management, data collection, and enforcement of these programs that are directly incurred by government agencies tasked with overseeing these fisheries.

In addition, NMFS collects observer coverage fees to support the funding and deployment of observers on vessels and in plants in the partial observer coverage category. The observer coverage fee must be paid by permit holders in the partial observer coverage category, *i.e.*, small catcher/processors, catcher vessels, shoreside processors, and stationary floating processors named on a Federal Fisheries Permit, or a person named on a Registered Buyer permit.

Processors that receive and purchase landings of IFQ halibut or sablefish, rockfish, groundfish, and crab subject to observer and/or cost recovery fees must submit an Ex-vessel Value and Volume report under 50 CFR 679.5 or 50 CFR 680.5 that provides information on the pounds purchased and value paid. NMFS uses this information to establish the total ex-vessel value of the fishery, to calculate standard prices, and to establish annual fee percentages in each fishery.

In 2016, due to an associated rule, revisions to the payment collection methods were approved under OMB control number 0648-0727. The extension of the current collection, OMB control number 0648-0711, will incorporate these 2016 revisions, and 0648-0727 will be discontinued.

II. Method of Collection

Payment must be submitted online through eFISH at <https://alaskafisheries.noaa.gov/webapps/efish/login> for the following:

- Observer coverage fee; and
- cost recovery fees for the Western Alaska Community Development Quota
