SUPPLEMENTARY INFORMATION:

Background

To be eligible for a Marketing Assistance Loan under the loan provisions of 7 CFR part 1421, an eligible commodity must be stored in approved storage, which is either on-farm storage, or an approved warehouse that meets the CCC standards for approval of warehouses. Further, in accordance with the CCC Charter Act (15 U.S.C. 714 *et seq.*), CCC enters into storage agreements with private grain and rice warehouse operators to provide for the storage of commodities owned by CCC or pledged as security to CCC for marketing assistance loans.

To ease the demands made on approved warehouse space for the 2006 crop, the CCC will accept as collateral for marketing assistance loans for corn, wheat, and other feed grains, warehouse receipts issued by a warehouse that is storing such commodity in outside storage if the warehouse has executed a Uniform Grain and Rice Storage Agreement (UGRSA) with CCC and if the warehouse is either:

1. A Federally-licensed warehouse under the United States Warehouse Act (USWA) and is in compliance with the provisions of its USWA license; or
2. For all other warehouses, the warehouse is in compliance with State laws allowing the outside storage of such commodities.

USWA Emergency Storage Requirements

Warehouse operators requesting emergency storage space under the USWA must:

1. Receive USWA licensing authority approval for the use of emergency storage space;
2. Meet USWA's security, net worth, bonding, and insurance requirements as required for conventional storage space;
3. Provide written justification that a need for emergency storage exists in the local area including the exact location and quantity requested;
4. Meet USWA's requirement that emergency storage space be accessible for examination purposes;
5. Receive USWA approval for the emergency storage space prior to using such space;
6. Maintain a separate inventory record of all grain stored in emergency storage space as well as account for such grain in the Daily Position Record;

7. Agree that all emergency storage space will be deleted from the license no later than March 31, 2007; and

8. Emergency storage is limited to wheat, corn, and other feed grains unless otherwise allowed by the USWA.

Warehouse Operator's Liability

The use of emergency storage space does not relieve warehouse operators of their obligations under the USWA, State licensing authority (as applicable), or the UGRSA. Warehouse operators are responsible for the quantity and quality of grain stored in emergency storage space to the same extent as their liability for conventional storage space.

Administrator, Farm Service Agency, and Executive Vice-President, Commodity Credit Corporation.

In accordance with section 351.213(b) of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. For both antidumping and countervailing duty reviews, the interested party must specify the individual producers or exporters covered by an antidumping finding or an antidumping or

countervailing duty order or suspension agreement for which it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters.² If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers)

which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

As explained in *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003), the Department

¹ Or the next business day, if the deadline falls on a weekend, federal holiday or any other day when the Department is closed.

² If the review request involves a non-market economy and the parties subject to the review request do not qualify for separate rates, all other exporters of subject merchandise from the non-

market economy country who do not have a separate rate will be covered by the review as part of the single entity of which the named firms are a part.

has clarified its practice with respect to the collection of final antidumping duties on imports of merchandise where intermediate firms are involved. The public should be aware of this clarification in determining whether to request an administrative review of merchandise subject to antidumping findings and orders. See also the Import Administration Web site at <http://ia.ita.doc.gov>.

Six copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Operations, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with section 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of July 2006. If the Department does not receive, by the last day of July 2006, a request for review of entries covered by an order, finding, or suspended investigation listed in this

notice and for the period identified above, the Department will instruct the U.S. Customs and Border Protection to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.
