SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), as amended, directs and authorizes the Secretary of Agriculture "To develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities and makes copies of official standards available upon request.

Background

AMS received petitions from the California Grape and Tree Fruit League and Western Growers Association, requesting a revision to the United States Standards for Grades of Table Grapes (European or Vinifera Type). These standards were last revised in 1999. The petitioners represent more than 85 percent of the European or Vinifera type table grape production in the United States.

The petitioners are requesting that AMS revise the standards to provide a 10 percent allowance for shattered berries in consumer containers for en route or at destination. Shattered means that the berry is detached from the bunch. The standards currently provide a 12 percent total tolerance for bunches and berries failing to meet the requirements of grade for en route or at destination. Revising the standards to include a separate 10 percent allowance would mean that shattered berries would not be scored as a defect against the 12 percent total tolerance until the amount of shattered berries exceeds the 10 percent allowance. For example: (1) A lot of berries which has 22 percent shattered berries 12 percent would be reported as a defect, this lot would meet the requirements of the U.S. No. 1 Table grade provided no other defects were

present; (2) a lot of berries which has 23 percent shattered berries 13 percent would be reported as a defect which would cause the lot to fail meet the requirements of the U.S. No. Table 1 grade by 1 percent. The petitioners stated that they feel change, specific to consumer containers, is warranted as the majority of table grapes are now being sold in consumer containers which allows shattered berries to be fully utilized/sold. This does not hold true for shattered berries in bulk containers, as these berries remain loose in the container, therefore, limiting the ability to fully utilize/sell the shattered berries.

Prior to undertaking detailed work to develop a proposed revision to the standards, AMS is soliciting comments on the petition submitted to revise the United States Standards for Grades of Table Grapes (European or Vinifera Type).

This notice provides for a 60-day comment period for interested parties to comment on changes to the standards. Should AMS conclude that revisions are needed, the Agency will develop a proposed revised standard that will be published in the **Federal Register** with a request for comments.

Definitions

The terms used in this Notice shall have the meaning ascribed to them in the regulations governing the Summer Food Service Program for Children (7 CFR part 225).

Background

In accordance with Section 13 of the National School Lunch Act (NSLA) (42 U.S.C. 1761) and the regulations governing the SFSP (7 CFR part 225), notice is hereby given of adjustments in Program payments for meals served to children participating in the SFSP in 2006. Adjustments are based on changes in the food away from home series of the Consumer Price Index (CPI) for All Urban Consumers for the period November 2004 through November 2005.

Section 104(a) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 (Public Law 105-336) amended Section 12(f) of the NSLA (42 U.S.C. 1760(f)) to allow adjustments to SFSP reimbursement rates to reflect the higher cost of providing meals in the SFSP in Alaska and Hawaii. Therefore, this notice contains adjusted rates for Alaska and Hawaii. This change was made in an effort to be consistent with other Child Nutrition Programs, such as the National School Lunch Program and the

School Breakfast Program, which already had the authority to provide

higher reimbursement rates for programs in Alaska and Hawaii.

The 2006 reimbursement rates, in dollars, for all States excluding Alaska and Hawaii:

MAXIMUM PER MEAL REIMBURSEMENT RATES FOR ALL STATES (NOT AK OR HI)

	Operating costs	Administrative costs	
		Rural or self-preparation sites	Other types of sites
Breakfast	\$1.47	\$1.1450	\$1.1150
Lunch or Supper	2.56	.2675	.2225
Supplement59	.0725	.0575

The 2006 reimbursement rates, in dollars, for Alaska:

MAXIMUM PER MEAL REIMBURSEMENT RATES FOR ALASKA ONLY

	Operating costs	Administrative costs	
		Rural or self-preparation sites	Other types of sites
Breakfast	\$2.38	\$2.2350	\$1.1875
Lunch or Supper	4.15	.4350	.3600
Supplement97	.1175	.0925

The 2006 reimbursement rates, in dollars, for Hawaii:

MAXIMUM PER MEAL REIMBURSEMENT RATES FOR HAWAII ONLY

	Operating costs	Administrative costs	
		Rural or self-preparation sites	Other types of sites
Breakfast	\$1.72	\$1.1700	\$1.1350
Lunch or Supper	3.00	.3125	.2600
Supplement70	.0850	.0675

The total amount of payments to State agencies for disbursement to Program sponsors will be based upon these Program reimbursement rates and the number of meals of each type served. The above reimbursement rates, for both operating and administrative reimbursement rates, represent a 3.2 percent increase during 2005 (from 189.6 in November 2004 to 195.6 in November 2005) in the food away from home series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor. The Department would like to point out that the SFSP administrative reimbursement rates continue to be adjusted up or down to the nearest quarter-cent, as has previously been the case. Additionally, operating reimbursement rates have been rounded down to the nearest whole cent, as

required by Section 11(a)(3)(B) of the NSLA (42 U.S.C. 1759 (a)(3)(B)).

Authority: Secs. 9, 13 and 14, National School Lunch Act, as amended (42 U.S.C. 1758, 1761, and 1762a).

Dated: January 17, 2006.
