

contribute based only on such entity's projected collected interstate end-user telecommunications revenues, net of projected contributions. For purposes of this paragraph, an "entity" shall refer to the entity that is subject to the universal service reporting requirements in § 54.711 and shall include all of that entity's affiliated providers of interstate and international telecommunications and telecommunications services.

* * * * *

■ 6. Amend § 54.708 by adding a new sentence after the first sentence to read as follows:

§ 54.708 De minimis exemption.

* * * The foregoing notwithstanding, all interconnected VoIP providers, including those whose contributions would be *de minimis*, must file the Telecommunications Reporting Worksheet. * * *

■ 7. Amend § 54.712 by revising the section heading and paragraph (a) to read as follows:

§ 54.712 Contributor recovery of universal service costs from end users.

(a) Federal universal service contribution costs may be recovered through interstate telecommunications-related charges to end users. If a contributor chooses to recover its federal universal service contribution costs through a line item on a customer's bill the amount of the federal universal service line-item charge may not exceed the interstate telecommunications portion of that customer's bill times the relevant contribution factor.

BILLING CODE 6712-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[I.D. 070306A]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Shrimp Fishery of the Gulf of Mexico; Texas Closure

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Adjustment of the ending date of the Texas closure.

SUMMARY: NMFS announces an adjustment to the ending date of the

annual closure of the shrimp fishery in the exclusive economic zone (EEZ) off Texas. The closure is normally from May 15 to July 15 each year. For 2006, the closure began on May 15, and will end at 30 minutes after sunset on July 10. The Texas closure is intended to prohibit the harvest of brown shrimp during their major emigration from Texas estuaries to the Gulf of Mexico so the shrimp may reach a larger, more valuable size and to prevent the waste of brown shrimp that would be discarded in fishing operations because of their small size.

DATES: The EEZ off Texas is open to trawl fishing from 30 minutes after sunset on July 10, 2006.

FOR FURTHER INFORMATION CONTACT: Dr. Steve Branstetter, 727-824-5305; fax: 727-824-5308; e-mail: Steve.Branstetter@noaa.gov.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico shrimp fishery is managed under the Fishery Management Plan for the Shrimp Fishery of the Gulf of Mexico (FMP). The FMP was prepared by the Gulf of Mexico Fishery Management Council and is implemented by regulations at 50 CFR part 622 under the authority of the Magnuson-Stevens Fishery Conservation and Management Act. The EEZ off Texas is normally closed to all trawling each year from 30 minutes after sunset on May 15 to 30 minutes after sunset on July 15. The regulations at 50 CFR 622.34(h) describe the area of the Texas closure and provide for adjustments to the beginning and ending dates by the Regional Administrator, Southeast Region, NMFS, under procedures and restrictions specified in the FMP.

The beginning and ending dates of the Texas closure are based on biological sampling by Texas Parks and Wildlife Department (TPWD). The closure date is established based on projected times that brown shrimp in Texas bays and estuaries will reach a mean size of 90 mm, and begin strong emigrations out of the bays and estuaries during maximum duration ebb tides. The waters off Texas are re-opened to shrimping when projections indicate that brown shrimp will reach a mean size of 112 mm, in concurrence with maximum duration ebb tides. Biological data collected by TPDW indicate that the criteria to end the Texas closure will be met on July 10, 2006. Accordingly, the time and date for ending the Texas closure is changed from 30 minutes after sunset on July 15, 2006, to 30 minutes after sunset on July 10, 2006.

Classification

This action is authorized by 50 CFR 622.34(h)(2) and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 3, 2006.

Alan D. Risenhoover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 060216045-6045-01; I.D. 070506A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Eastern Aleutian District of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Eastern Aleutian District of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2006 Pacific ocean perch total allowable catch (TAC) in the Eastern Aleutian District of the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 5, 2006, through 2400 hrs, A.l.t., December 31, 2006.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2006 Pacific ocean perch TAC in the Eastern Aleutian District of the BSAI is 2,849 metric tons (mt) as established by the 2006 and 2007 final harvest specifications for groundfish in the BSAI (71 FR 10894, March 3, 2006).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS, has determined that the 2006 Pacific ocean perch TAC in the Eastern Aleutian District of the BSAI will soon be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 2,618 mt, and is setting aside the remaining 231 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the Eastern Aleutian District of the BSAI.

After the effective date of this closure the maximum retainable amounts at

§ 679.20(e) and (f) apply at any time during a trip.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from the most recent fisheries data in a timely fashion and would delay the closure of Pacific ocean perch in the Eastern Aleutian District of the BSAI. NMFS was unable to publish a notice

providing time for public comment because the most recent, relevant data only became available as of July 3, 2006.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 5, 2006.

James P. Burgess,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
