

program within the universal service fund to focus support on networks capable of providing voice and broadband services. The Commission created the Connect America Fund and concluded that support in price cap areas would be provided through a combination of “a new forward-looking model of the cost of constructing modern multi-purpose networks” and a competitive bidding process (the Connect America Fund Phase II auction or Phase II auction). The Commission also sought comment on proposed rules governing the Connect America Fund Phase II auction, including basic auction design and the application process.

In the Connect America Fund Phase II auction, service providers will compete to receive support of up to \$1.98 billion over 10 years to offer voice and broadband service in unserved high-cost areas. The Commission adopted new rules to implement the reforms, conduct the Phase II auction, and determine whether Phase II auction winning bidders are eligible to receive Phase II support. In its April 2014 *Connect America Order*, FCC 14–54, the Commission adopted various rules regarding participation in the Phase II auction, the term of support, and the eligible telecommunications carrier (ETC) designation process. In its *Phase II Auction Order*, FCC 16–64, the Commission adopted rules to govern the Phase II auction, including a two-stage application process that includes a pre-auction short-form application to be submitted by parties interested in bidding in the Phase II auction and a post-auction long-form application that must be submitted by winning bidders seeking to become authorized to receive Phase II auction support. In its *Phase II Auction Procedures Public Notice*, FCC 18–6, 83 FR 13590, March 29, 2018, the Commission adopted the final procedures for the Phase II auction, including the long-form application disclosure and certification requirements for winning bidders seeking to become authorized to receive Phase II auction support. In its *Phase II Auction Order on Reconsideration*, FCC 18–5, the Commission modified its previously-adopted letter of credit rules to provide some additional relief for Phase II auction support recipients by reducing the costs of maintaining a letter of credit. Based on the Commission’s experience with auctions and consistent with the record, this two-stage application process balances the need to collect information essential to conducting a successful auction and authorizing Phase II support with administrative efficiency.

Under this information collection, the Commission will collect information from Connect America Fund Phase II auction winning bidders to determine the recipients of Phase II auction support. To aid in collecting this information, the Commission has created FCC Form 683, which the public will use to provide the disclosures and certifications that must be made by Phase II auction winning bidders in the Connect America Fund Phase II auction seeking to become authorized for Phase II support. Commission staff will review the information collected in FCC Form 683 as part of the post-selection review process to determine whether a long-form applicant is eligible to receive Phase II support.

Federal Communications Commission.

[Docket No. 121004518–3398–01]

**RIN 0648–XG421**

#### Reef Fish Fishery of the Gulf of Mexico; 2018 Recreational Accountability Measure and Closure for Gulf of Mexico Gray Triggerfish

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; closure.

**SUMMARY:** NMFS implements an accountability measure (AM) for the gray triggerfish recreational sector in the exclusive economic zone (EEZ) of the Gulf of Mexico (Gulf) for the 2018 fishing year through this temporary rule. NMFS has projected that the 2018 recreational annual catch target (ACT) for Gulf gray triggerfish has been met. Therefore, NMFS closes the recreational sector for Gulf gray triggerfish on August 17, 2018, and it will remain closed through the end of the fishing year on December 31, 2018. This closure is necessary to protect the Gulf gray triggerfish resource.

**DATES:** This temporary rule is effective at 12:01 a.m., local time, on August 17, 2018, until 12:01 a.m., local time, on January 1, 2019.

**FOR FURTHER INFORMATION CONTACT:** Lauren Waters, NMFS Southeast

Regional Office, telephone: 727–824–5305, email: [lauren.waters@noaa.gov](mailto:lauren.waters@noaa.gov).

**SUPPLEMENTARY INFORMATION:** NMFS manages the Gulf reef fish fishery, which includes gray triggerfish, under the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP). The Gulf of Mexico Fishery Management Council (Council) prepared the FMP and NMFS implements the FMP under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622. All gray triggerfish weights discussed in this temporary rule are in round weight.

The 2018 recreational annual catch limit (ACL) for Gulf gray triggerfish specified in 50 CFR 622.41(b)(2)(iii) is 241,200 lb (109,406 kg) and the recreational ACT is 217,100 lb (98,475 kg).

As specified by 50 CFR 622.41(b)(2)(i), NMFS is required to close the recreational sector for gray triggerfish when the recreational ACT is reached, or is projected to be reached, by filing a notification to that effect with the Office of the Federal Register. NMFS has determined the 2018 recreational ACT for Gulf gray triggerfish was reached. Accordingly, this temporary rule closes the recreational sector for Gulf gray triggerfish effective at 12:01 a.m., local time, August 17, 2018, and it will remain closed through the end of the fishing year on December 31, 2018.

During the recreational closure, the bag and possession limits for gray triggerfish in or from the Gulf EEZ are zero. The prohibition on possession of Gulf gray triggerfish also applies in Gulf state waters for a vessel issued a valid Federal charter vessel/headboat permit for Gulf reef fish.

As specified in 50 CFR 622.34(f), there is a seasonal closure for Gulf gray triggerfish at the beginning of each fishing year from January 1 through the end of February; therefore, after the closure implemented by this temporary rule is effective on August 17, 2018, the recreational harvest or possession of Gulf gray triggerfish will not again be permitted until March 1, 2019.

#### Classification

The Regional Administrator for the NMFS Southeast Region has determined this temporary rule is necessary for the conservation and management of Gulf gray triggerfish and is consistent with the Magnuson-Stevens Act and other applicable laws.

This action is taken under 50 CFR 622.41(b)(2)(i) and is exempt from review under Executive Order 12866.

These measures are exempt from the procedures of the Regulatory Flexibility Act because the temporary rule is issued without opportunity for prior notice and comment.

This action responds to the best scientific information available. The Assistant Administrator for NOAA Fisheries (AA) finds that the need to immediately implement this action to close the recreational sector for gray triggerfish constitutes good cause to waive the requirements to provide prior notice and opportunity for public comment on this temporary rule

pursuant to the authority set forth in 5 U.S.C. 553(b)(B), because such procedures are unnecessary and contrary to the public interest. Such procedures are unnecessary because the rule establishing the closure provisions was subject to notice and comment, and all that remains is to notify the public of the closure. Such procedures are contrary to the public interest because of the need to immediately implement this action to protect gray triggerfish. Prior notice and opportunity for public comment would require time and would

potentially allow the recreational sector to exceed the recreational ACL.

For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: August 10, 2018.
