

subjects that is conducted or supported by the Department of Health and Human Services and involves a product regulated by FDA.

## II. Qualifications

Persons nominated for membership on the committees shall have scientific expertise in one or more of the following areas: Pediatric research, pediatric subspecialties, pediatric therapeutics, statistics, and/or biomedical ethics. There is a particular need for clinical and/or scientific expertise in pediatric neurology, adolescent medicine or statistics. The term of office is up to 4 years, depending on the appointment date.

## III. Nomination Procedures

Any interested person may nominate one or more qualified persons for membership on the Pediatric Advisory Committee. Self-nominations are also accepted. Nominations shall include the name of the committee, a complete curriculum vitae of each nominee, current business address and telephone number, and shall state that the nominee is aware of the nomination, is willing to serve as a member, and appears to have no conflict of interest that would preclude membership. FDA will ask the potential candidates to provide detailed information concerning such matters as financial holdings, employment, and research grants and/or contracts to permit evaluation of possible sources of conflict of interest.

This notice is issued under the Federal Advisory Committee Act (5 U.S.C. app. 2) and 21 CFR part 14, relating to advisory committees.

Dated: July 10, 2006.

**Randall W. Lutter,**

Associate Commissioner for Policy and Planning.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Food and Drug Administration

[Docket No. 2005D-0169]

#### Guidance on Useful Written Consumer Medication Information; Availability

**AGENCY:** Food and Drug Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Food and Drug Administration (FDA) is announcing the availability of a guidance entitled "Useful Written Consumer Medication Information (CMI)." CMI is written

information developed for consumers about prescription drugs that is distributed to consumers when they have prescriptions filled. The guidance discusses general issues and makes recommendations on the content of useful written CMI.

**DATES:** Submit written or electronic comments on agency guidance at any time

**ADDRESSES:** Submit written requests for single copies of this guidance to the Division of Drug Information (HFD-240), Center for Drug Evaluation and Research, Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, or the Office of Communication, Training and Manufacturers Assistance (HFM-40), Center for Biologics Evaluation and Research, Food and Drug Administration, 1401 Rockville Pike, Rockville, MD 20852-1448. The guidance may also be obtained by mail by calling the Center for Biologics Evaluation and Research at 1-800-835-4709 or 301-827-1800. Send one self-addressed adhesive label to assist the offices in processing your request. Submit written comments on the guidance to the Division of Dockets Management (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. Submit electronic comments to <http://www.fda.gov/dockets/ecomments>. See the **SUPPLEMENTARY INFORMATION** section for electronic access to the guidance document.

**FOR FURTHER INFORMATION CONTACT:** Paul Seligman, Center for Drug Evaluation and Research (HFD-001), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-443-5620.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

FDA is announcing the availability of a guidance entitled "Useful Written Consumer Medication Information (CMI)." This guidance is intended to assist individuals or organizations (e.g., pharmacies, private vendors, healthcare associations) in developing useful written consumer medication information to comply with Public Law 104-180. CMI is written information about prescription drugs developed by organizations or individuals, other than a drug's manufacturer, that is intended for distribution to consumers at the time of dispensing. Since neither FDA nor the drug's manufacturer reviews or approves CMI, FDA recommends that the developers of written medication information use the factors discussed in

this guidance to help ensure that their CMI is useful to consumers.

In the **Federal Register** of May 26, 2005 (70 FR 30467) (the May 2005 guidance), FDA announced the availability of a draft version of this guidance. The May 2005 guidance gave interested persons an opportunity to submit comments through July 25, 2005. All comments received during the comment period have been carefully reviewed and incorporated in this revised guidance where appropriate. As a result of the public comment, we hope that the guidance is clearer and more concise than the draft version.

This guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The guidance represents the agency's current thinking on useful written CMI. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

## II. Comments

Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments regarding this document. Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

## III. Electronic Access

Persons with access to the Internet may obtain the document at either <http://www.fda.gov/cder/guidance/index.htm>, <http://www.fda.gov/cber/guidelines.htm>, or <http://www.fda.gov/ohrms/dockets/default.htm>.

Dated: July 10, 2006.

**Jeffrey Shuren,**

Assistant Commissioner for Policy.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Office of Inspector General

#### Program Exclusions: June 2006

**AGENCY:** Office of Inspector General, HHS.

**ACTION:** Notice of program exclusions.

During the month of June 2006, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or

prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will

continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### National Institutes of Health

#### Notice of Listing of Construction Grant Programs

**AGENCY:** National Institutes of Health, Department of Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** Section 52b.1(b) of the regulations governing National Institutes of Health (NIH) construction grants, codified at 42 CFR part 52b, authorizes the NIH Director to publish periodically a list of the construction grant programs to which the construction grant regulations apply. This Notice announces the most recent list of the programs covered by the regulations.

**DATES:** Effective Date: July 18, 2006.

**FOR FURTHER INFORMATION CONTACT:** Jerry Moore, NIH Regulations Officer, Office of Management Assessment, 6011 Executive Boulevard, Room 601, MSC 7669, Rockville, MD 20892, telephone 301-496-4607 (not a toll-free number), fax 301-402-0169, e-mail [jm40z@nih.gov](mailto:jm40z@nih.gov).

**SUPPLEMENTARY INFORMATION:** The NIH published the final rule, "National Institutes of Health Construction Grants," in the **Federal Register**,

November 22, 1999 (64 FR 63721–63727), revising the regulations at 42 CFR part 52b, (then) titled, National Cancer Institute Construction Grants, for the purpose of making them applicable to all NIH financial assistance programs with construction or modernization grant authority, except for certain alterations and improvements under research project grants and center grants, and to make certain other changes, including retitled them, "National Institutes of Health Construction Grants." In lieu of specifically listing each NIH construction grant program to which the regulations apply in § 52b.1 of the regulations, the applicability section, we revised § 52b.1 to apply across-the-board to all NIH construction grant programs, except for those few programs specifically excluded by the section. This action has the advantage of assuring that any new NIH construction grant programs enacted by Congress would have implementing regulations without the necessity of having to amend the regulations. The final rule authorized the Director of NIH to publish periodically a list of construction grant programs covered by the regulations. We indicated that the list would be for informational purposes only and would not restrict the applicability of the regulations.

We are publishing this updated list of programs to which the construction grants regulations apply to reflect the extension of authority for construction of research facilities, previously held only by the National Center for Research Resources (NCRR) under section 481A of the Public Health Service (PHS) Act, to the National Institute of Allergy and Infectious Diseases (NIAID), as amended

by provisions of the Project Bioshield Act of 2004 (Pub. L. 108-276). As amended, section 481A now authorizes the Director of NIH, acting through the Director of NCRR or the Director of NIAID, to make grants or award contracts to public and nonprofit private entities to expand, remodel, renovate, or alter existing research facilities or construct new research facilities, subject to the provisions of section 481A.

Additionally, we are publishing this updated list of program to reflect the authority of the Director of the National Center on Minority Health and Health Disparities (NCMHD) to make grants to expand, remodel, renovate, or alter existing research facilities or construct new research facilities for the purpose of conducting minority health disparities research and other health disparities research, as authorized under section 485F(b)(2) of the PHS Act, as amended by section 102 of Public Law 106-525, the Minority Health and Health Disparities Research and Education Act of 2000.

The updated listing of construction grant authorities to which the National Institutes of Health Construction Grant regulations, codified at 42 CFR Part 52b, apply includes the following:

(1) Grants for construction or renovation of facilities in carrying out the National Cancer Program, as authorized by section 413(b)(6)(B) of the PHS Act (42 U.S.C. 285a-2(b)(6)(B));

(2) Federal payment under a grant for construction to pay for all or part of the cost of planning, establishing, or strengthening, and providing basic operating support for center for basic and clinical research into, training in, and demonstration of advanced diagnostic, prevention, control, and
