Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Telephone Clients: ¹				
Demographic questions	40,700	1	.0302	1,229
Quitline Smoking Cessation Clients ^{1, 2}				
Reactive Clients:				
Demographic & smoking intake questions	1,900	1	.0611	116
Smoking intake questions only	3,400	1	.0309	105
Proactive Callback Clients ³				
Demographic & smoking intake questions plus follow-up question	500	1	.0611	31
		⁵ 4	.0017	3
Smoking intake questions plus follow-up question	900	1	.0309	28
		⁵ 4	.0017	6
Subtotal Quitline Clients	6,700			
LiveHelp Clients: ⁴				
Demographic questions	2,000	1	.0302	60
Total	49,400			1,578

¹ Approximately 36% of telephone and quitline clients will be sampled for the demographic questions.

² 100% of smoking cessation clients will be asked the smoking intake questions.

³ 100% of smoking cessation clients participating in the callback service will be asked the smoking follow-up question (at up to 4 callbacks).

⁴ Approximately 50% of LiveHelp clients will be sampled for the demographic questions.

⁵ (Follow-up question only).

The annualized cost to respondents is estimated at approximately: \$28,546. There are no Capital Costs, Operating Costs, or Maintenance Costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Direct Comments to OMB: Written comments and/or suggestion regarding the items contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Linda

Squiers, Ph.D., Project Officer for Research, Cancer Information Service Branch, National Cancer Institute, NIH, 6116 Executive Blvd., MSC 8322, Rockville, MD 20892-8322, or call non-toll-free number 301-594-9075 or e-mail your request, including your address, to: squiersl@mail.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

Dated: July 10, 2006.

Submission for OMB Review; Comment Request; Outcome Evaluation of NCI's Activities To Promote Research Collaboration (APRC) Program

Summary: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Cancer Institute (NCI), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information

collection was previously published in the **Federal Register** on March 13, 2006, page 12703-12704 and allowed 60-days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposed Collection

Title: Outcome Evaluation of NCI's Activities to Promote Research Collaboration (APRC) Program.

Type of Information Collection Request: New.

Need and Use of Information Collection: The purpose of this study is to systematically assess the extent to which NCI's Activities to Promote Research Collaborations (APRC) program has been successful in accomplishing its intended goals of (1) capacity building and (2) generating innovative advances. The innovative advances outcome analysis will answer the question of whether APRC projects resulted in promising, novel concepts and advances in cancer research. The capacity building outcome analysis will determine whether participation in the APRC program has enabled the program participants to successfully integrate interdisciplinary approaches in their scientific investigations and enhanced their ability to pursue other

collaborative research activities. The study will involve interviewing former APRC-funded researchers. The evaluation results will provide DCB with the information to make quality improvements to the APRC program and enhance program performance in generating significant outcomes. It will also strengthen our understanding of the value of collaborative and interdisciplinary research and inform

NCI's approach to supporting and encouraging scientific collaboration among researchers from multiple disciplines in the future.

Frequency of Response: One time.

Affected Public: Individuals; scientific and research communities.

Type of Respondents: Researchers. The annual reporting burden is as follows:

Estimated Number of Respondents: 250;

Estimated Number of Responses per Respondent: 1;

Average Burden Hours per Response: .5; and

Estimated Total Annual Burden Hours Requested: 125.

The annualized cost to respondents is estimated at: \$4034. There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

Type of respondents	Estimated annual No. of respondents	Estimated No. of responses per respondents	Average burden hours per response	Estimated total annual burden hours requested
Researcher	250	1	0.5	125

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Kelly Kim, Program Administrator, DNA and Chromosome Aberrations Branch, DCB, NCI, NIH, 6130 Executive Blvd, Room 5025, Rockville, MD 20892, or call non-toll-free number 301-496-5473 or e-mail your request, including your address to: kimke@mail.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

Dated: July 12, 2006.
