Rescission of Review

On June 19, 2006, Sapura-Schulz and the petitioners simultaneously withdrew their requests for an administrative review of the sales made by Sapura-Schulz during the above-referenced period. Consequently, the Department partially rescinded the review with respect to Sapura-Schulz. *See Stainless Steel Butt-Weld Pipe Fittings From Malaysia: Notice of Partial Rescission of Antidumping Duty Administrative Review*, 71 FR 34304 (July 12, 2006).

The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of this notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is published in accordance with section 751 of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: July 14, 2006.

SUPPLEMENTARY INFORMATION:

Background

On May 24, 2006, NMFS published a notice of availability (NOA) of the plan for the western and eastern DPSs of Steller sea lions (71 FR 29919). The plan contains (1) A comprehensive review of Steller sea lion status and ecology, (2) a review of previous conservation actions, (3) a threats assessment, (4) biological and recovery criteria for downlisting and delisting, (5) actions necessary for the recovery of the species, and (6) estimates of time and cost to recovery. With the publication of the NOA, NMFS announced a 60-day public comment period ending on July 24, 2006.

NMFS has received a request by the North Pacific Fishery Management Council (Council) to extend the public comment period so that its Science and Statistical Committee (SSC) can fully review and provide comments on the plan. Due to the size and scope of the plan, the SSC will not be able to provide its comments to the Council until late August. The Council will then be able to finalize the comments and provide them to NMFS by September 1. Comments from the SSC and Council will be valuable to the recovery planning process especially with regard to the threats assessment and the development of recovery criteria. In this notice NMFS is extending the public comment period until September 1, 2006, in order to allow adequate time for the SSC and others to thoroughly review and thoughtfully comment on the plan.
