V. Comments

The draft program standards are being distributed for comment purposes only and are not intended for implementation at this time. Interested persons may submit to the Division of Dockets Management (see **ADDRESSES**) written or electronic comments regarding this document. Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. A copy of the draft program standards and received comments are available for public examination in the Division of Dockets Management between 9 a.m. and 4 p.m. Monday through Friday.

Dated: July 14, 2006.

Jeffrey Shuren,

Assistant Commissioner for Policy.

Advisory Committee on Interdisciplinary, Community-Based Linkages; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), notice is hereby given of the following meeting:

Name: Advisory Committee on Interdisciplinary, Community-Based Linkages (ACICBL).

Dates and Times: (Face-to-face meeting). July 24, 2006, 8:30 a.m. to 5 p.m. July 25, 2006, 8:30 a.m. to 3 p.m.

Place: Doubletree Hotel, 1750 Rockville Pike, Rockville, MD 20852, Telephone: 301–468–1100.

Status: The meeting will be open to the public.

Purpose: The Committee will be focusing on interdisciplinary training and education, specifically examining evidence-based models/research as regards interdisciplinary training. In addition, the Committee will be looking at the potential impact of interdisciplinary training programs on health service delivery networks including how such training programs address the needs of

various underserved populations. Included in the meeting will be discussions of community-based training initiatives. The meeting will allow the Committee to formulate appropriate recommendations for the Secretary and Congress regarding interdisciplinary training, and community-based training.

Agenda: The agenda includes an overview of the Committee's general business activities. The Committee will hear presentations from experts on interdisciplinary training and community-based training, and will discuss best practices to formulate recommendations for the Secretary and the Congress.

Agenda items are subject to change as priorities indicate.

Supplementary Information: This meeting notice is delayed due to the resolution of fiscal year 2006 budget issues and the status of Committee membership.

For Further Information Contact: Anyone requesting information regarding the Committee should contact Lou Coccodrilli, Federal Official for the ACICBL, and Acting Director of the Division of State, Community & Public Health, Bureau of Health Professions, Health Resources and Services Administration, 5600 Fishers Lane, Maryland 20857; Telephone (301) 443–7774.

Dated: July 17, 2006.

Cheryl R. Dammons,

Director, Division of Policy Review and Coordination.

BILLING CODE 4165–15–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Institute of Environmental Health Sciences; Division of Extramural Research and Training; Submission for OMB Review; Comment Request; Hazardous Waste Worker Training

Summary: Under the provisions of section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Institute of Environmental Health Sciences (NIEHS), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection was previously published in the **Federal Register** on April 5, 2006, page 17119, and allowed 60 days for public

comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposed Collection: Title: Hazardous Waste Worker Training—42 CFR Part 65. *Type of Information Collection Request:* Revision of OMB No. 0925–0348, expiration date August 31, 2006. *Need and Use of Information Collection:* This request for OMB review and approval of the information collection is required by regulation 42 CFR part 65(a)(6). The National Institute of Environmental Health Sciences (NIEHS) has been given major responsibility for initiating a worker safety and health training program under section 126 of the Superfund Amendments and Reauthorization Act of 1986 (SARA) for hazardous waste workers and emergency responders. A network of non-profit organizations that are committed to protecting workers and their communities by delivering high-quality, peer-reviewed safety and health curricula to target populations of hazardous waste workers and emergency responders has been developed. In seventeen years (FY 1987–2004), the NIEHS Worker Training program has successfully supported 20 primary grantees that have trained more than 1.3 million workers across the country and presented over 69,000 classroom and hands-on training courses, which have accounted for nearly 18 million contact hours of actual training. Generally, the grant will initially be for one year, and subsequent continuation awards are also for one year at a time. Grantees must submit a separate application to have the support continued for each subsequent year. Grantees are to provide information in accordance with S65.4(a), (b), (c) and 65.6(b) on the nature, duration, and purpose of the training, selection criteria for trainees' qualifications and competency of the project director and staff, cooperative agreements in the case of joint applications, the adequacy of training plans and resources, including budget and curriculum, and response to

meeting training criteria in OSHA's Hazardous Waste Operations and Emergency Response Regulations (29 CFR 1910.120). As a cooperative agreement, there are additional requirements for the progress report section of the application. Grantees are to provide their information in hard copy as well as enter information into the WETP Grantee Data Management System. The information collected is used by the Director through officers, employees, experts, and consultants to evaluate applications based on technical merit to determine whether to make awards. *Frequency of Response:* Biannual. *Affected Public:* Non-profit organizations. *Type of Respondents:* Grantees. The annual reporting burden is as follows: *Estimated Number of Respondents:* 18; *Estimated Number of Responses per Respondent:* 2; *Average Burden Hours per Response:* 10; and *Estimated Total Annual Burden Hours Requested:* 360. The annualized cost to respondents is estimated at: \$10,764. There are no Capital Costs, Operating Costs and/or Maintenance Costs to report.

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumption use; (3) Ways to enhance the quality, utility and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated

public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk Officer for NIH. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Joseph T. Hughes, Jr., Director, Worker Education and Training Program, Division of Extramural Research and Training, NIEHS, P.O. Box 12333, Research Triangle Park, NC 27709 or call non-toll-free number (919) 541-0217 or E-mail your request, including your address to wetp@niehs.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30 days of the date of this publication.

Dated: July 12, 2006.

Richard A. Freed,

Associate Director for Management.

Submission for OMB Review; Comment Request; CERTAS: A Researcher Configurable Self-Monitoring System

SUMMARY: Under the provisions of Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the National Cancer Institute, the National Institutes of Health has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection was previously published in the **Federal Register** on April 27, 2006 page 26381 and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

Proposed Collection

Title: CERTAS: A Researcher Configurable Self-Monitoring System.

Type of Information Collection

Request: NEW.

Need and Use of Information

Collection: This study seeks to further our understanding of the usefulness and potential advantages of electronic self-monitoring of behavior-specifically diet and exercise behaviors associated with reduction of cancer risks. Logs, diaries, checklists and other self-monitoring tools are a ubiquitous part of nearly all cancer control research. The primary objective of this study trial is to compare paper-based self-monitoring to CERTAS self-monitoring devices (wireless sync and local sync) in a range of cancer risk behaviors. The findings will provide valuable information regarding: (1) A comparison of the real time recording compliance of these methods, (2) the pre-post effects of each type of recording (paper versus electronic), and (3) the relative cost per valid recorded entry for the two methods.

Frequency of Response: Daily.

Affected Public: Individuals.

Type of Respondents: Males and females 18 years of age or older who are: (1) Interested in improving their diet and exercise behaviors as they relate to cancer prevention, (2) proficient in utilizing a computer, and (3) generally healthy with no medical conditions which would require a special diet or preclude regular exercise.

The annual reporting burden is as follows:

Estimated Number of Respondents: 200;

Estimated Number of Responses per Respondent: 3;

Average Burden Hours per Response: 1.9;

Estimated Total Annual Burden Hours Requested: 1,148;

Estimated Annualized Cost to Respondents: \$18,368.00.

There are no Capital Costs, Operating Costs, and/or Maintenance Costs to report.

ESTIMATE HOURS OF BURDEN

Type of respondents	Number of respondents	Frequency of response	Average time per response	Annual hour burden
Male	80	3	1.9134	459.264
Female	120	3	1.9134	688.896
Total	200	1148.16
