SUPPLEMENTARY INFORMATION:

Background

The Codex Alimentarius Commission (Codex) was established in 1963 by two United Nations organizations, the Food

and Agriculture Organization (FAO) and the World Health Organization (WHO). Codex is the major international organization for protecting the health and economic interests of consumers and encouraging fair international trade in food. Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to ensure that the world's food supply is sound, wholesome, free from adulteration, and correctly labeled. In the United States, USDA, The Food and Drug Administration, and the Environmental Protection Agency manage and carry out U.S. Codex activities.

The Codex Committee on Fresh Fruits and Vegetables elaborates world wide standards and codes of practice for fresh fruits and vegetables. It consults with the UN/ECE Working Party on Agricultural Quality Standards in the elaboration of world wide standards and codes of practice with particular regard to ensuring that there is no duplication of standards or codes of practice and that they follow the same broad format. The Committee also consults, as necessary, with other international organizations which are active in the area of standardization of fresh fruits and vegetables. The Committee is hosted by the government of Mexico.

Issues To Be Discussed at the Public Meeting

The following items on the agenda for the 13th Session of CCFFV will be discussed during the public meeting:

- Matters referred to the Committee from other Codex bodies.

- Proposed Layout for Codex Standards for Fresh Fruits and Vegetables.

- Draft Codex Standard for Table Grapes (maturity requirements and list of small berry varieties).

- Draft Codex Standard for Tomatoes (provisions for sizing and size codes).

- Proposed Draft Codex Standard for Apples.

- Proposed Draft Standard for Bitter Cassava.

- Proposed Guidelines for the Quality Control of Fresh Fruits and Vegetables.

- Report on the need for partial or total revision of the Codex Standard for Avocado.

- Proposals for Amendments to the Priority List for the Standardization of Fresh Fruits and Vegetables.

Each issue listed will be fully described in documents distributed, or to be distributed, by the Mexican Secretariat to the Meeting. Members of the public may access or request copies of these documents via the World Wide Web at the following address: <http://www.codexalimentarius.net/current.asp>.

Public Meeting

At the August 3, 2006 public meeting, draft U.S. positions on these agenda items will be described, discussed, and attendees will have the opportunity to pose questions and offer comments. Written comments may be offered at the meeting or sent to the U.S. Delegate for the 13th Session of CCFFV, Dorian Lafond (see **FOR FURTHER INFORMATION ABOUT THE 13TH SESSION OF THE CCFFV CONTACT**). Written comments should state that they relate to activities of the 13th Session of the CCFFV.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it on-line through the FSIS Web Page located at http://www.fsis.usda.gov/regulations/2006_Notices_Index/. FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls and other types of information that could affect or would be of interest to constituents and stakeholders. The update is communicated via Listserv, a free electronic mail subscription service for industry, trade and farm groups, consumer interest groups, allied health professionals and other individuals who have asked to be included. The update is available on the FSIS Web page. Through the Listserv and Web page, FSIS is able to provide information to a much broader and more diverse audience. In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/. Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves and

have the option to password protect their account.

Done at Washington, DC, on July 20, 2006.

F. Edward Scarbrough,

U.S. Manager for Codex Alimentarius.
