##### Proposed Collection; Comment Request

Upon written request, copies available from: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension: Rule 15c3-4; SEC File No. 270-441; OMB Control No. 3235-0497.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 15c3-4 (17 CFR 240.15c3-4) (the "Rule") under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (the "Exchange Act") requires certain broker-dealers that are registered with the Commission as OTC Derivatives Dealers to establish, document, and maintain a system of internal risk management controls. The Rule sets forth the basic elements for an OTC Derivatives Dealer to consider and include when establishing, documenting, and reviewing its internal risk management control system, which are designed to, among other things, ensure the integrity of an OTC Derivatives Dealer's risk measurement, monitoring, and management process, to clarify accountability at the appropriate organizational level, and to define the permitted scope of the dealer's activities and level of risk. The Rule also requires that management of an OTC Derivatives Dealer must periodically review, in accordance with written procedures, the OTC Derivatives Dealer's business activities for consistency with its risk management guidelines.

The staff estimates that the average amount of time an OTC Derivatives Dealer will spend implementing its risk management control system is 2,000 hours and that, on average, an OTC Derivatives Dealer will spend approximately 200 hours each year reviewing and updating its risk management control system. Currently, five firms are registered with the Commission as an OTC Derivatives Dealer. The staff estimates that approximately one additional OTC Derivatives Dealer may become registered within the next three years. Accordingly, the staff estimates the total cost burden for six OTC Derivatives Dealers to be 1,200 hours annually.

The staff believes that the cost of complying with Rule 15c3-4 will be approximately \$205 per hour.<sup>1</sup> This per

<sup>1</sup> Based on the average annual salary for a Compliance Manager based inside New York City of about \$69,000, as reflected in SIA Management and Professional Earnings for 2005, modified to account for a 1,800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead.

hour cost is based upon the annual average hourly salary for a compliance manager, who would generally be responsible for initially establishing, documenting, and maintaining an OTC Derivatives Dealer's internal risk management control system. The total annual cost for all affected OTC Derivatives Dealers is estimated to be \$136,700, based on one firm spending 2,000 hours to implement an internal risk management control system at \$205 per hour within the next three years.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. ## SECURITIES AND EXCHANGE COMMISSION

### Proposed Collection; Comment Request

Upon written request, copies available from: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Extension: Rule 17a-11; SEC File No. 270-94; OMB Control No. 3235-0085.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

In response to an operational crisis in the securities industry between 1967 and 1970, the Securities and Exchange Commission ("Commission") adopted Rule 17a-11 (17 CFR 240.17a-11) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) ("Exchange Act") on July 11, 1971. The Rule requires broker-dealers that are experiencing financial or operational difficulties to provide notice to the Commission, the broker-dealer's designated examining authority ("DEA"), and the Commodity Futures Trading Commission ("CFTC") if the broker-dealer is registered with the CFTC as a futures commission merchant. Rule 17a-11 is an integral part of the Commission's financial responsibility program which enables the Commission, a broker-dealer's DEA, and the CFTC to increase surveillance of a broker-dealer experiencing difficulties and to obtain any additional information necessary to gauge the broker-dealer's financial or operational condition.

Rule 17a-11 also requires over-the-counter ("OTC") derivatives dealers and broker-dealers that are permitted to compute net capital pursuant to Appendix E to Exchange Act Rule 15c3-1 to notify the Commission when their tentative net capital drops below certain levels. OTC derivatives dealers must also provide notice to the Commission

of backtesting exceptions identified pursuant to Appendix F of Rule 15c3-1 (17 CFR 240.15c3-1f).

Compliance with the Rule is mandatory. The Commission will generally not publish or make available to any person notice or reports received pursuant to Rule 17a-11. The Commission believes that information obtained under Rule 17a-11 relates to a condition report prepared for the use of the Commission, other federal governmental authorities, and securities industry self-regulatory organizations responsible for the regulation or supervision of financial institutions.

Only broker-dealers whose capital declines below certain specified levels or who are otherwise experiencing financial or operational problems have a reporting burden under Rule 17a-11. In 2005, the Commission received approximately 600 notices under this Rule. The Commission did not receive any Rule 17a-11 notices from OTC derivatives dealers or broker-dealers that are permitted to compute net capital pursuant to Appendix E to Exchange Act Rule 15c3-1.

Each broker-dealer reporting pursuant to Rule 17a-11 will spend approximately one hour preparing and transmitting the notice required by the rule. Accordingly, the total estimated annualized burden under Rule 17a-11 is 600 hours.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Corey Booth, Director/Chief Information Officer, Securities and Exchange Commission, c/o Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312, or by e-mail to [PRA\\_Mailbox@sec.gov](mailto:PRA_Mailbox@sec.gov). Comments must be submitted to the Office of Management and Budget within 60 days of this notice.
