Uncovered Innerspring Units From the People's Republic of China: Preliminary Affirmative Determination of Circumvention of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that imports of uncovered innerspring units (innersprings) into the United States exported from Macau, which were assembled or completed in Macau by the Macao Commercial Group using

materials sourced from the People's Republic of China (China), are circumventing the antidumping duty (AD) order on innersprings from China.

DATES: Applicable August 21, 2018.

FOR FURTHER INFORMATION CONTACT: Matthew Renkey AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2312.

SUPPLEMENTARY INFORMATION:

Background

On December 31, 2007, Leggett and Platt, Incorporated (the petitioner) filed a petition seeking imposition of antidumping duties on imports of uncovered innerspring units from, among other countries, China.¹ Following the completion of investigations by Commerce and the U.S. International Trade Commission (ITC), Commerce issued an antidumping duty order on innersprings from China.²

In the sixth administrative review of the Order,³ the petitioner requested that Commerce review Macao Commercial and Industrial Spring Mattress Manufacturer (Macao Commercial) and East Grace Corporation. Commerce initiated the review on April 3, 2015,⁴ and sent questionnaires to both of the respondents under review. During the course of the sixth administrative

review, and in response to Commerce's original and supplemental questionnaires, Macao Commercial acknowledged that it imports innerspring unit components from China for use in the production of innerspring units in Macau, but that it had no shipments of completed innerspring units from China to the United States.⁵ In the final results, Commerce found that Macao Commercial failed to demonstrate that it had no shipments of Chinese-origin innersprings, and assigned a rate to Macao Commercial using facts available with an adverse inference. Commerce stated that this determination applied only with respect to Macao Commercial's Chinese-origin subject merchandise, but explained that it intended to evaluate whether self-initiation of a circumvention inquiry would be warranted based upon information submitted during the review and in light of Commerce's prior circumvention findings in this proceeding.⁶

Commerce self-initiated an anti-circumvention inquiry pursuant to section 781(b) of the Tariff Act of 1930, as amended, (the Act) and 19 CFR 351.225(h) to determine whether innersprings produced by Macao Commercial in Macao from materials

In the AR6 Final Results, we found that "Macao Commercial submitted . . . an invoice for not just raw materials but PRC-origin innerspring components from Company X." originating in China and exported to the United States from Macao are circumventing the *Order*.⁷ For a complete description of the events that followed the initiation of this inquiry, see the Preliminary Decision Memorandum.⁸ A list of topics included in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Affiliation and Collapsing

As explained further in the Preliminary Decision Memorandum, we find, based on the record evidence, that Macao Commercial is affiliated, pursuant to sections 771(33)(A), (E) and (F), of the Act, with Tai Wa Machinery, Tai Wa Commercial, Wa Cheong Hong, and Heshan Tai Hua Jian Ye Machinery Co., Ltd. Further, based on Macao Commercial's own statements and record evidence, we find that, pursuant to 19 CFR 351.401(f), these companies should be treated as a single entity, the Macao Commercial Group.

Scope of the Order

The products covered by the *Order* are uncovered innerspring units. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Scope of the Anti-Circumvention Inquiry

The products covered by this inquiry are innersprings that are manufactured in Macau by the Macao Commercial Group with Chinese-origin components and materials and are then subsequently exported from Macau to the United States.

⁸ See Preliminary Decision Memorandum for the Anti-circumvention Inquiry of the Antidumping Duty Order on Uncovered Innerspring Units from the People's Republic of China, dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

Methodology

Commerce is conducting this anti-circumvention inquiry in accordance with section 781(b) of the Act. For a full description of the methodology underlying the Commerce's preliminary determination, see the Preliminary Decision Memorandum.

Preliminary Finding

As detailed in the Preliminary Decision Memorandum, we preliminarily determine that innersprings exported from Macau, which were manufactured in Macau by the Macao Commercial Group using components and/or materials from China, are circumventing the *Order*. Therefore, we preliminarily determine that it is appropriate to include this merchandise within the *Order* and to instruct U.S. Customs and Border Protection (CBP) to suspend any entries of innersprings from Macau, which were manufactured in Macau by the Macao Commercial Group using components and/or materials from China.

Suspension of Liquidation

As stated above, Commerce has made a preliminary affirmative finding of circumvention of the *Order* by exports to the United States of innersprings exported from Macau, which were manufactured in Macau by the Macao Commercial Group using components and/or materials from China. In accordance with section 19 CFR 351.225(l)(2), Commerce will direct CBP to suspend liquidation and to require a cash deposit of estimated duties on unliquidated entries of innersprings assembled or completed in Macau from Chinese-origin components or materials that were entered, or withdrawn from warehouse, for consumption on or after November 22, 2016, the date of initiation of the anti-circumvention inquiry.

The suspension of liquidation instructions will remain in effect until further notice. Commerce will instruct CBP to require AD cash deposits equal to the China-wide rate of 234.51 percent, unless the importer/exporter can demonstrate to CBP that the Chinese-origin innersprings assembled or completed in Macau by the Macao Commercial Group were supplied by a Chinese manufacturer with a separate rate. In that instance, the cash deposit rate will be the rate of the Chinese innersprings manufacturer that has its own rate.⁹

ITC Notification

Commerce, consistent with section 781(e)(1)(B) of the Act and 19 CFR 351.225(f)(7)(i)(B), has notified the ITC of this preliminary determination to include the merchandise subject to this anti-circumvention inquiry within the scope of the *Order*. Pursuant to section 781(e)(2) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the merchandise. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days from the date of notification by Commerce to provide written advice.¹¹

AGENCY: Industry and Analysis, International Trade Administration, Department of Commerce.

ACTION: Notice and call for applications.

SUMMARY: In this notice, the U.S. Department of Commerce (DOC) International Trade Administration (ITA) announces that it will accept applications for the International Buyer Program (IBP) for quarters 2 and 3 of calendar year 2019 (April 1, 2019, through September 30, 2019). The IBP is currently undergoing a program review that may result in new ITA products and services for trade shows and it will take ITA some time to implement the recommended changes. Therefore, IBP is only moving forward with the current program until September 30, 2019. Should the program review result in new ITA products and services for trade shows, they will be announced separately in the **Federal Register**. This announcement also sets out the objectives, procedures and application review criteria for the IBP. The purpose of the IBP is to bring international buyers together with U.S. firms in industries with high export potential at leading U.S. trade shows. Specifically,

through the IBP, the ITA selects domestic trade shows which will receive ITA services in the form of global promotion in foreign markets, recruitment of foreign buyers, and provision of export counseling to exhibitors at the trade show. This notice covers selection for IBP participation during quarters 2 and 3 of calendar year 2019.

DATES: Applications for the IBP for quarters 2 and 3 of calendar year 2019 must be received by October 5, 2018.

ADDRESSES: The application form can be found at www.export.gov/ibp.

Applications may be submitted by any of the following methods: (1) Mail/Hand (including express) Delivery Service: International Buyer Program, Trade Promotion Programs, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW, Mailstop 52024, Washington, DC 20230; or (2) email: IBP2019@trade.gov. Email applications will be accepted as interim applications, but must be followed by a signed original application that is received by the program no later than five (5) business days after the application deadline. To ensure that applications are received by the deadline, applicants are strongly urged to send applications by express delivery service (e.g., U.S. Postal Service Express Delivery, Federal Express, UPS, etc.).

FOR FURTHER INFORMATION CONTACT:

Vidya Desai, Senior Advisor for Trade Events, Trade Promotion Programs, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW, Washington, DC 20230; Telephone (202) 482–2311; Email: IBP2019@trade.gov.

SUPPLEMENTARY INFORMATION: The IBP was established in the Omnibus Trade and Competitiveness Act of 1988 (Pub. L. 100–418, title II, § 2304, codified at 15 U.S.C. 4724) to bring international buyers together with U.S. firms by promoting leading U.S. trade shows in industries with high export potential. The IBP emphasizes cooperation between the DOC and trade show organizers to benefit U.S. firms exhibiting at selected shows and provides practical, hands-on assistance such as export counseling and market analysis to U.S. companies interested in exporting. Shows selected for the IBP will provide a venue for U.S. companies interested in expanding their sales into international markets.

Through the IBP, ITA selects U.S. trade shows, with participation by U.S. firms interested in exporting, that ITA determines to be leading international trade shows, for promotion in overseas

markets by U.S. Embassies and Consulates. The DOC is authorized to provide successful applicants with services in the form of overseas promotion of the show; outreach to show participants about exporting; recruitment of potential buyers to attend the events; and staff assistance in setting up international trade centers at the shows. Worldwide promotion is executed through ITA offices at U.S. Embassies and Consulates in more than 70 countries representing the United States' major trading partners, and also in Embassies in countries where ITA does not maintain offices.

ITA is accepting applications from trade show organizers for the IBP for trade shows taking place between April 1, 2019, and September 30, 2019. Selection of a trade show is valid for one show, *i.e.*, a trade show organizer seeking selection for a recurring show must submit a new application for selection for each occurrence of the show. For shows that occur more than once in a calendar year, the trade show organizer must submit a separate application for each show.

For the IBP in quarters 2 and 3 of calendar year 2019, the ITA expects to select approximately 8 shows from among the applicants. The ITA will select those shows that are determined to most clearly meet the statutory mandate in 15 U.S.C. 4721 to promote U.S. exports, especially those of small- and medium-sized enterprises, and the selection criteria articulated below.

There is no fee required to submit an application. If accepted into the program for quarter 2 or 3 of calendar year 2019, a participation fee of \$9,800 is required for shows of five days or fewer. For trade shows more than five days in duration, or requiring more than one International Trade Center, a participation fee of \$15,000 is required. For trade shows ten days or more in duration, and/or requiring more than two International Trade Centers, the participation fee will be determined by DOC and stated in the written notification of acceptance calculated on a full cost recovery basis. Successful applicants will be required to enter into a Memorandum of Agreement (MOA) with ITA within 10 days of written notification of acceptance into the program. The participation fee (by check or credit card) is due within 30 days of written notification of acceptance into the program.

The MOA constitutes an agreement between ITA and the show organizer specifying which responsibilities for international promotion and export assistance services at the trade shows are to be undertaken by ITA as part of
