

(either a finding of no significant impact (FONSI) or a notice of intent to prepare an environmental impact statement). If a FONSI is reached, APHIS furnishes a response to the petitioner, either approving or denying the petition. APHIS also publishes a notice in the **Federal Register** announcing the regulatory status of the GE organism and the availability of APHIS' final EA, PPRA, FONSI, and our regulatory determination.

APHIS sought public comment on a draft EA and a draft PPRA from June 26, 2018, to July 26, 2018.³ APHIS solicited comments on the draft EA, the draft PPRA, and whether the subject canola is likely to pose a plant pest risk. APHIS received two comments on the petition, both of which supported a decision of nonregulated status for event B0050–027 canola.

National Environmental Policy Act

After reviewing and evaluating the comments received during the comment period on the draft EA and draft PPRA and other information, APHIS has prepared a final EA. The EA has been prepared to provide the public with documentation of APHIS' review and analysis of any potential environmental impacts associated with the determination of nonregulated status of canola designated as event B0050–027. The EA was prepared in accordance with: (1) NEPA, as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372). Based on our EA, the response to public comments, and other pertinent scientific data, APHIS has reached a FONSI with regard to the preferred alternative identified in the EA (to make a determination of nonregulated status of canola designated as event B0050–027).

Determination

Based on APHIS' analysis of field and laboratory data submitted by Nuseed, references provided in the petition, peer-reviewed publications, information analyzed in the EA, the PPRA,

comments provided by the public, and information provided in APHIS' response to those public comments, APHIS has determined that canola designated as event B0050–027 is unlikely to pose a plant pest risk and therefore is no longer subject to our regulations governing the introduction of certain GE organisms.

Copies of the signed determination document, PPRA, final EA, FONSI, and response to comments, as well as the previously published petition and supporting documents, are available as indicated in the **ADDRESSES** and **FOR FURTHER INFORMATION CONTACT** sections of this notice.

Authority: 7 U.S.C. 7701–7772 and 7781–7786; 31 U.S.C. 9701; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 22nd day of August 2018.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

DEPARTMENT OF AGRICULTURE

Foreign Agricultural Service

Adjustment of Appendices Under the Dairy Tariff-Rate Import Quota Licensing Regulation for the 2018 Tariff-Rate Quota Year

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

SUMMARY: This notice publishes the document “Articles Subject to: Appendix 1, Historical Licenses; Appendix 2 Non-historical Licenses; and Appendix 3 and 4, Designated Importers Licenses for Quota Year 2018.” The quantities in Appendices 1 and 2 have been revised under the Dairy Tariff-Rate Import Quota Licensing Regulation for the 2018 quota year to reflect the cumulative annual transfers from Appendix 1 to Appendix 2 for certain dairy product import licenses permanently surrendered by licensees or revoked by the Licensing Authority.

DATES: August 27, 2018.

ADDRESSES: Abdelsalam El-Farra, Dairy Import Licensing Program, Import

Policies and Export Reporting Division, Foreign Agricultural Service, U.S. Department of Agriculture, Stop 1021, 1400 Independence Avenue SW, Washington, DC 20250–1021.

FOR FURTHER INFORMATION CONTACT: Abdelsalam El-Farra, (202) 720–9439, Abdelsalam.El-Farra@fas.usda.gov.

SUPPLEMENTARY INFORMATION: The Foreign Agricultural Service, under a delegation of authority from the Under Secretary for Trade and Foreign Agricultural Affairs, administers the Dairy Tariff-Rate Import Quota Licensing Regulation codified at 7 CFR 6.20–6.36 that provides for the issuance of licenses to import certain dairy articles under tariff-rate quotas (TRQs) as set forth in the Harmonized Tariff Schedule (HTS) of the United States. These dairy articles may only be entered into the United States at the low-tier tariff by or for the account of a person or firm to whom such licenses have been issued and only in accordance with the terms and conditions of the regulation.

Licenses are issued on a calendar year basis, and each license authorizes the license holder to import a specified quantity and type of dairy article from a specified country of origin. The Import Policies and Export Reporting Division, Foreign Agricultural Service, U.S. Department of Agriculture, issues these licenses and, in conjunction with U.S. Customs and Border Protection, U.S. Department of Homeland Security, monitors their use.

The regulation at 7 CFR 6.34(a) states: “Whenever a historical license (Appendix 1) is not issued to an applicant pursuant to the provisions of 6.23, is permanently surrendered or is revoked by the Licensing Authority, the amount of such license will be transferred to Appendix 2.” Section 6.34(b) provides that the cumulative annual transfers will be published by notice in the **Federal Register**. Accordingly, this document sets forth the revised Appendices 1 and 2 for the 2018 tariff-rate quota year below.

Issued at Washington, DC, the 6th day of July 2018.

Ronald Lord,
Licensing Authority.

³ 83 FR 29742–29743.

Foreign Agricultural Service

Assessment of Fees for Dairy Import Licenses for the 2019 Tariff-Rate Import Quota Year

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

SUMMARY: This notice announces a fee of \$300 to be charged for the 2019 tariff-rate quota (TRQ) year for each license issued to a person or firm by the Department of Agriculture authorizing the importation of certain dairy articles, which are subject to tariff-rate quotas set forth in the Harmonized Tariff Schedule (HTS) of the United States.

DATES: August 28, 2018.

ADDRESSES: Abdelsalam El-Farra, Dairy Import Licensing Program, Import Policies and Export Reporting Division, Foreign Agricultural Service, U.S. Department of Agriculture, Stop 1021, 1400 Independence Avenue SW, Washington, DC 20250-1021.

FOR FURTHER INFORMATION CONTACT: Abdelsalam El-Farra, (202) 720-9439, Abdelsalam.El-Farra@fas.usda.gov.

SUPPLEMENTARY INFORMATION: The Dairy Tariff-Rate Quota Import Licensing Regulation promulgated by the Department of Agriculture and codified at 7 CFR 6.20-6.36 provides for the issuance of licenses to import certain dairy articles that are subject to TRQs set forth in the HTS. Those dairy articles may only be entered into the United States at the in-quota TRQ tariff-rates by or for the account of a person or firm to whom such licenses have been issued and only in accordance with the terms and conditions of the regulation.

Licenses are issued on a calendar year basis, and each license authorizes the

license holder to import a specified quantity and type of dairy article from a specified country of origin. The use of such licenses is monitored by the Dairy Import Licensing Program, Import Policies and Export Reporting Division, Foreign Agricultural Service, U.S. Department of Agriculture, and U.S. Customs and Border Protection, U.S. Department of Homeland Security.

The regulation at 7 CFR 6.33(a) provides that a fee will be charged for each license issued to a person or firm by the Licensing Authority in order to defray the Department of Agriculture's costs of administering the licensing system under this regulation.

The regulation at 7 CFR 6.33(a) also provides that the Licensing Authority will announce the annual fee for each license and that such fee will be set out in a notice to be published in the **Federal Register**. Accordingly, this notice sets out the fee for the licenses to be issued for the 2019 calendar year.

Notice: The total cost to the Department of Agriculture of administering the licensing system for 2019 has been estimated to be \$749,300.00 and the estimated number of licenses expected to be issued is 2,500. Of the total cost, \$479,200.00 represents staff and supervisory costs directly related to administering the licensing system, and \$270,100.00 represents other miscellaneous costs, including travel, postage, publications, forms, and Automatic Data Processing (ADP) system support.

Accordingly, notice is hereby given that the fee for each license issued to a person or firm for the 2019 calendar year, in accordance with 7 CFR 6.33, will be \$300 per license.

Issued at Washington, DC, the 6th day of July 2018.

Ronald Lord,
Licensing Authority.

National Institute of Food and Agriculture

Stakeholder Listening Opportunity for Priorities in Research, Education and Extension

AGENCY: National Institute of Food and Agriculture (NIFA), USDA.

ACTION: Notice of listening sessions and stakeholder feedback opportunities.

SUMMARY: USDA National Institute of Food and Agriculture announces its stakeholder listening initiative "NIFA Listens: Investing in Science to Transform Lives." This stakeholder listening opportunity informs the research, extension and education priorities of NIFA, which has the mission of investing in and advancing agricultural research, education and extension to solve societal challenges. For the purpose of this opportunity, *Agriculture* is defined broadly and includes research, extension, and education in food, fiber, forestry, range, nutritional and social sciences, including food safety and positive youth development. NIFA's investments in transformative science directly support the long-term prosperity and global pre-eminence of U.S. agriculture. This listening opportunity allows stakeholders to provide feedback on the following questions: "When considering all of agriculture, what is the greatest challenge that should be addressed through NIFA's research, education, and extension?", "In your field, what is the most-needed breakthrough in science/technology that would advance your agricultural enterprise?" and, "What is your top priority in food and agricultural research, extension, or education that NIFA should address?"

This effort to obtain input regarding the challenges, needed breakthroughs, and priorities will be carried out through online and in-person
