Overview of this information:

(1) *Type of information collection:* Extension of previously approved collection.

(2) *The title of the form/collection:* Bureau of Justice Assistance Application Form for the Southwest Border Prosecution Initiative.

(3) *The agency form number, if any and the applicable component of the Department sponsoring the collection:* None.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: State, Local or Tribal government.

Other: None.

Abstract: The Southwest Border Prosecutor Initiative was enacted in FY 2002 to reimburse state, county, parish, or municipal governments for the costs associated with the prosecution of criminal cases declined by local U.S. Attorneys. Each year, hundreds of criminal cases resulting from federal arrests are referred to local prosecutors to handle when the cases fall below certain monetary, quantity, or severity

thresholds. This places additional burdens on local government resources that are already stretched by the demands of prosecuting violations of local and state laws. This program provides funds to eligible jurisdictions in the four southwest border states, using a uniform payment-per-case basis for qualifying federally initiated and declined-referred criminal cases that were disposed of after October 1, 2001. Up to 220 eligible jurisdictions may apply. This includes county governments and the four state governments in Arizona, California, New Mexico, and Texas.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* It is estimated that no more than 220 respondents will apply. Each application takes approximately 60 minutes to complete and is submitted 4 times per year (quarterly).

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total hour burden to complete the applications is 880 hours (880 applications (220 × 4 times a year) × 60 minutes per application = 52,800/60 minutes per hour = 880 burden hours).

If additional information is required contact: Lynn Bryant, Department Clearance Officer, United States Department of Justice, Policy and Planning Staff, Justice Management Division, 601 D Street, NW., Suite 1600, Washington, DC, 20530, or via phone at 202-514-4304.

Dated: July 28, 2006.

Department Clearance Officer, Justice Management Division, PRA, United States Department of Justice.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-188]

Kansas State University; Notice of Acceptance for Docketing of the Application and Notice of Opportunity for Hearing Regarding Renewal of Kansas State University Nuclear Reactor Facility License No. R-88 for an Additional 20-Year Period

The Nuclear Regulatory Commission (NRC or the Commission) is considering an application for the renewal of Facility License No. R-88, which authorizes the Kansas State University (KSU) (the licensee) to operate the TRIGA Mark II Nuclear Reactor Facility at 1,250 kilowatts thermal power. The renewed license would authorize the applicant to operate the KSU Research Reactor for an additional 20 years beyond the period specified in the current license. The current license for the KSU Research Reactor expired on October 16, 2002.

On September 12, 2002, as supplemented on December 22, 2004, July 6, 2005, March 20 and March 30, 2006, the Commission's staff received an application from KSU filed pursuant to 10 CFR 50.51(a), to renew Facility License No. R-88 for the KSU Research Reactor. A Notice of Receipt and Availability of the license renewal application, "Notice of License Renewal Application for Facility Operating License; Kansas State University," was published in the **Federal Register** on October 11, 2002 (67 FR 63457). Because the license renewal application was timely filed under 10 CFR 2.109, the license will not be deemed to have expired until the license renewal application has been finally determined.

The Commission's staff has determined that KSU has submitted sufficient information in accordance with 10 CFR 50.33 and 50.34 that the application is acceptable for docketing. The current Docket No. 50-188 for Facility License No. R-88, will be retained. The docketing of the renewal application does not preclude requesting additional information as the review proceeds, nor does it predict whether the Commission will grant or deny the application. Prior to a decision to renew the license, the Commission will have made findings required by the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations.

Within sixty (60) days after the date of publication of this Federal Register Notice, the applicant may file a request for a hearing, and any person whose interest may be affected by this proceeding and who wishes to participate as a party in the proceeding must file a written request for a hearing and a petition for leave to intervene with respect to the renewal of the license. Requests for a hearing and a petition for leave to intervene shall be filed in accordance with the Commission's "Rules of Practice for Domestic Licensing Proceedings" in 10 CFR part 2. Interested persons should consult a current copy of 10 CFR 2.309, which is available at the Commission's Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland 20852 and is accessible from the Agency Public Electronic Reading Room on the Internet at the NRC Web site, <http://www.nrc.gov/reading-rm/doc-collections/cfr>. Persons who do not have access to the NRC Web site or who encounter problems in accessing the documents located in the Electronic Reading Room should contact the NRC's PDR reference staff at 1-800-397-4209, or by e-mail at pdr@nrc.gov. If a request for a hearing or a petition for leave to intervene is filed within the 60-day period, the Commission or a presiding officer designated by the Commission or by the Chief Administrative Judge of the Atomic Safety and Licensing Board Panel will rule on the request and/or petition; and the Secretary or the Chief Administrative Judge of the Atomic Safety and Licensing Board will issue a notice of a hearing or an appropriate order. In the event that no request for a hearing or petition for leave to intervene is filed within the 60-day period, the NRC may, upon completion of its evaluations and upon making the findings required under 10 CFR parts 50
