

(h) During the times this regulation is in effect, rafting to a log boom will be limited to groups of three vessels.

(i) During the times this regulation is in effect, up to six (6) vessels may raft together in Zone II if none of the vessels are secured to a log boom.

(j) During the times this regulation is in effect, only vessels authorized by the Patrol Commander, other law enforcement agencies or event sponsors shall be permitted to tow other watercraft or inflatable devices.

(k) Vessels permitted to proceed through either Zone I or Zone II during the hours this regulation is in effect shall do so only at speeds which will create minimum wake, seven (07) miles per hour or less. This maximum speed may be reduced at the discretion of the Patrol Commander.

(l) Upon completion of the daily racing activities, all vessels leaving either Zone I or Zone II shall proceed at speeds of seven (07) miles per hour or less. The maximum speed may be reduced at the discretion of the Patrol Commander.

(m) A succession of sharp, short signals by whistle or horn from vessels patrolling the areas under the direction of the Patrol Commander shall serve as signal to stop. Vessels signaled shall stop and shall comply with the orders of the patrol vessel; failure to do so may result in expulsion from the area, citation for failure to comply, or both. The Coast Guard may be assisted by other Federal, state and local law enforcement agencies, as well as official Seafair event craft.

Dated: July 26, 2006.

R. Houck,

Rear Admiral, U.S. Coast Guard, Commander, Thirteenth Coast Guard District.

BILLING CODE 4910-15-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[CGD05-06-042]

RIN 1625-AA08

Special Local Regulations for Marine Events; Susquehanna River, Port Deposit, MD

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing permanent special local regulations for "Ragin' on the River", a

power boat race held annually each Labor Day weekend on the waters of the Susquehanna River adjacent to Port Deposit, Maryland. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in portions of the Susquehanna River adjacent to Port Deposit, Maryland during the power boat race.

DATES: This rule is effective August 21, 2006.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket (CGD05-06-042) and are available for inspection or copying at Commander (dpi), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Dennis Sens, Project Manager, Inspections and Investigations Branch, at (757) 398-6204.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On May 4, 2006, we published a notice of proposed rulemaking (NPRM) entitled Special Local Regulations for Marine Events; Susquehanna River, Port Deposit, MD in the **Federal Register** (71 FR 26287). We received no letters commenting on the proposed rule. No public meeting was requested, and none was held.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Any delay encountered in this regulation's effective date would be contrary to the public interest since the safety zone is needed to prevent traffic from transiting a portion of the Susquehanna River during the marine event thus ensuring that the maritime public is protected from any potential harm associated with such an event.

Background and Purpose

Annually, during Labor Day weekend, the Port Deposit, Maryland Chamber of Commerce sponsors the "Ragin' on the River" power boat race, on the waters of the Susquehanna River. The event consists of approximately 60 inboard hydroplanes and runabouts racing in heats counter-clockwise around an oval racecourse. A fleet of spectator vessels gather nearby to view the competition. Due to the need for vessel control during the event, vessel traffic will be temporarily restricted to provide for the

safety of participants, spectators and transiting vessels.

Discussion of Comments and Changes

The Coast Guard did not receive comments in response to the notice of proposed rulemaking (NPRM) published in the **Federal Register**. Accordingly, the Coast Guard is establishing temporary special local regulations on specified waters of the Susquehanna River, Port Deposit, Maryland.

The event enforcement time was adjusted to start 1 hour earlier than what was indicated in the NPRM. Enforcement of this section was changed from 11:30 a.m. to 10:30 a.m. to allow the Coast Guard Patrol Commander ample time to clear the regulated area prior to the event.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

Although this regulation prevents traffic from transiting a portion of the Susquehanna River adjacent to Port Deposit, Maryland during the event, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via marine information broadcasts, area newspapers and radio stations so mariners can adjust their plans accordingly.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on

a substantial number of small entities. This rule will effect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in this portion of the Susquehanna River during the event.

This rule will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will be in effect for only a short period, annually from 10:30 a.m. to 6:30 p.m. on Saturday and Sunday of Labor Day weekend. Although the regulated area will apply to the entire width of the river, traffic may be allowed to pass through the regulated area with the permission of the Coast Guard Patrol Commander. In the case where the Patrol Commander authorizes passage through the regulated area during the event, vessels shall proceed at the minimum speed necessary to maintain a safe course that reduces wake near the race course. Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Dennis Sens, Project Manager, Inspections and Investigations Branch, at (757) 398–6204. The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not

require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 5100.1, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, we believe that this rule should be categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation.

Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” is not required for this rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233, Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 100.535 to read as follows:

§ 100.535 Susquehanna River, Port Deposit, Maryland.

(a) *Regulated area.* A regulated area is established for the waters of the Susquehanna River, adjacent to Port Deposit, Maryland, from shoreline to shoreline, bounded on the south by the U.S. I-95 fixed highway bridge, and bounded on the north by a line running southwesterly from a point along the shoreline at latitude 39°36'22" N, longitude 076°07'08" W, thence to latitude 39°36'00" N, longitude 076°07'46" W. All coordinates reference Datum NAD 1983.

(b) *Definitions.* (1) Coast Guard Patrol Commander means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the Commander, Coast Guard Sector Baltimore.

(2) *Official Patrol* means any vessel assigned or approved by Commander, Coast Guard Sector Baltimore with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(3) *Participant* means all vessels participating in the "Ragin' on the River" power boat race under the auspices of the Marine Event Permit issued to the event sponsor and approved by Commander, Coast Guard Sector Baltimore.

(c) *Special local regulations.* (1) Except for event participants and persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area must: (i) Stop the vessel immediately when directed to do so by any official patrol.

(ii) Proceed as directed by any official patrol.

(iii) All persons and vessels must comply with the instructions of the Official Patrol. The operator of a vessel in the regulated area shall stop the vessel immediately when instructed to do so by the Official Patrol and then proceed as directed. When authorized to transit the regulated area, all vessels shall proceed at a minimum safe speed necessary to maintain a safe course that minimizes wake near the race course.

(d) This section will be enforced annually from 10:30 a.m. to 6:30 p.m. on Saturday and Sunday of Labor Day weekend. If the races are postponed due to weather, then the special local regulations will be enforced during the same time period on Monday, Labor Day. A notice of enforcement of this section will be published annually in the **Federal Register** and disseminated through the Fifth District Local Notice

to Mariners and marine safety radio broadcasts.

Dated: July 17, 2006.

S.H. Ratti,

Captain, U.S. Coast Guard, Commander, Fifth Coast Guard District, Acting.

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 165**

[CGD01-06-017]

RIN 1625-AA00

Safety Zone; Beverly Homecoming Fireworks, Beverly, MA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the Beverly Homecoming Fireworks Display on August 6, 2006 in Beverly, Massachusetts, temporarily closing all waters of Beverly Harbor within a four hundred (400) yard radius of the fireworks barge located at approximate position 42°33.35' N, 070°52.00' W. This zone is necessary to protect the maritime public from the potential hazards posed by a fireworks display. The safety zone temporarily prohibits entry into or movement within this portion of Beverly Harbor during its closure period. Entry into this zone is prohibited unless authorized by the Captain of the Port, Boston, Massachusetts.

DATES: This rule is effective from 8:30 p.m. until 10 p.m. on August 6, 2006.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket CGD01-06-017 and are available for inspection or copying at Sector Boston, 427 Commercial Street, Boston, MA, between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Chief Petty Officer Paul English, Sector Boston, Waterways Management Division, at (617) 223-5456.

SUPPLEMENTARY INFORMATION:**Regulatory Information**

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM because the logistics with respect to the fireworks

presentation were not presented to the Coast Guard with sufficient time to draft and publish an NPRM. Any delay encountered in this regulation's effective date would be contrary to the public interest since the safety zone is needed to prevent traffic from transiting a portion of Beverly Harbor during the fireworks display and to provide for the safety of life on navigable waters.

For the same reasons, the Coast Guard finds, under 5 U.S.C. 553(d)(3), that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The zone should have a minimal negative impact on vessel transits in Beverly Harbor because vessels will be excluded from the area for only one and one half hours, and vessels can still operate in other areas of the harbor during the event.

Background and Purpose

The City of Beverly, Massachusetts is holding a fireworks display in honor of the Beverly Homecoming. This rule establishes a temporary safety zone on the waters of Beverly Harbor within a four hundred (400) yard radius of the fireworks barge located at approximate position 42°33.35' N, 070°52.00' W. This safety zone is necessary to protect the life and property of the maritime public from the potential dangers posed by this event. It will protect the public by prohibiting entry into or movement within the proscribed portion of Beverly Harbor during the fireworks display.

Marine traffic may transit safely outside of the zone during the effective period. The Captain of the Port does not anticipate any negative impact on vessel traffic due to this event. Public notifications will be made prior to and during the effective period via safety marine information broadcasts and Local Notice to Mariners.

Discussion of Rule

This rule is effective from 8:30 p.m. until 10 p.m. on August 6, 2006. Marine traffic may transit safely outside of the safety zone in the majority of Beverly Harbor during the event. Given the limited time-frame of the effective period of the zone, the size of the harbor and the size of the zone itself, the Captain of the Port anticipates minimal negative impact on vessel traffic due to this event. Public notifications will be made prior to and during the effective period via Local Notice to Mariners and marine information broadcasts.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory
