Title: Forest Service Ride-Along Program Application.

OMB Control Number: 0596-0170.

Summary of Collection: The Forest Service (FS) ride-along program allows the general public or other interested person to accompany agency law enforcement personnel as they conduct their normal field duties, including access to and discussions about agency law enforcement vehicles, procedures, and facilities. The program provides an opportunity for officers to enhance the public's understanding and support of the agency program and to increase agency understanding of public and community concerns. The program also aids the agency's recruitment program by allowing interested persons to observe a potential career choice or to participate in innovative intern-type programs, and by allowing the agency to showcase the quality of its program and services.

The FS 5300-33 program application form will be used to conduct a minimal background check and the FS 5300-34 is a liability waiver form that requires the applicant's signature and their written assurance that they have read and understood the form. The information collected from the forms will be used by FS and, in appropriate part, by any person or entity needed and authorized by the FS to provide the needed background information (primarily applicable local law enforcement agencies, state criminal justice agencies maintaining state justice records, and by the FBI).
