

program provisions for fiscal year (FY) 2007 (Oct. 1, 2006, through Sept. 30, 2007). The in-quota quantity of the tariff-rate quota for raw cane sugar for FY 2007 is 1,343,992 metric tons* raw value, which is 226,797 metric tons above the minimal amount to which the United States is committed under the World Trade Organization (WTO) Uruguay Round Agreements. The FY 2007 raw sugar tariff-rate quota will be allowed early entry beginning August 7, 2006 and no shipping patterns will be established. USTR is allocating this quantity. The total quantity of the raw cane sugar allocations of 1,343,992 metric tons raw value is being allocated to the following countries:

These allocations are based on the countries' historical shipments to the United States. The allocations of the raw cane sugar tariff-rate quota to countries that are net importers of sugar are conditioned on receipt of the appropriate verifications of origin.

On July 27, 2006, the Secretary of Agriculture established the FY 2007 refined sugar tariff-rate quota 57,000 metric tons raw value for which the sucrose content, by weight in the dry state, must have a polarimeter reading of 99.5 degrees or more. This amount includes the minimum level to which the United States is committed under the WTO Uruguay Round Agreement (22,000 metric tons raw value of which 1,656 metric tons raw value is specialty sugar) and an additional 35,000 metric tons raw value for specialty sugars. USTR is allocating a total of 10,300 metric tons raw value to Canada, 2,954 metric tons raw value to Mexico, and 7,090 metric tons raw value to be administered on a first-come, first-served basis. This additional amount combined with a specialty sugar allocation of 1,656. The 36,656 metric tons raw value allocation of specialty sugar, which includes the additional 35,000 metric tons raw value of specialty sugar and the specialty sugar allocation of 1,656 metric tons raw value included in the 22,000 metric tons raw value WTO minimum, will be administered on a first-come, first-served basis.

With respect to the tariff-rate quota of 64,709 metric tons for certain sugar-containing products maintained under Additional U.S. Note to Chapter 17 to the Harmonized Tariff Schedule of the United States, 59,250 metric tons is being allocated to Canada. The remainder of the sugar-containing products tariff-rate quota is available for other countries on a first-come, first-served basis.

Mexico

As USDA noted in its press release of July 27, the United States and Mexico have determined jointly, in accordance with Annex 703.2 of North American Free Trade Agreement (NAFTA), that Mexico is projected to be a net surplus producer of sugar for FY 2007, and accordingly that Mexico will be permitted to enter up to 250,000 metric tons raw or refined sugar duty free in FY 2007. Quantities allocated to Mexico under WTO raw cane sugar tariff-rate quota, but not the WTO refined sugar tariff-rate quota, will be counted against this amount. Certificates for quota eligibility are required for entry of tariff-rate quota sugar from Mexico.

As also noted in the USDA press release, the United States and Mexico have reached an agreement on market access for sweeteners. That agreement, set forth in an exchange of letters dated July 27, 2006, provides Mexico duty-free access to the United States for 250,000 metric tons raw value of raw or refined

sugar in FY 2007 and at least 175,000 metric tons raw value of raw or refined sugar for the first three months of FY 2008 (Oct. 1 through Dec. 31, 2007). Under the agreement, Mexico will provide reciprocal access for U.S. high fructose corn syrup (HFCS), including 250,000 metric tons in FY 2007 and at least 175,000 metric tons for the first three months of FY 2008 (Oct. 1 through Dec. 31, 2007). Mexico also commits that effective January 1, 2008 it will not impose duties on U.S. HFCS. The United States and Mexico confirm that on July 3, 2006 they submitted a joint letter to the WTO Dispute Settlement Body regarding the elimination of Mexico's soft drink and distribution taxes. Mexico will establish a duty-free quota for U.S. sugar of not less than 7,258 metric tons raw value for each of marketing years 2006, 2007, and 2008. The over-quota tariff on U.S. sugar will be eliminated effective January 1, 2008 as provided for in the NAFTA.

For its part, Mexico announced on July 27 its actions to implement the July 27 agreement with respect to FY 2007 amounts. Mexico and the United States will consult before July 1, 2007 in order to set allocations for the first three months of FY 2008, which per the agreement may range from 175,000 metric tons raw value to 250,000 metric tons raw value.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54266; File No. SR-Amex-2006-58]

Self-Regulatory Organizations; American Stock Exchange LLC; Order Granting Approval of a Proposed Rule Change Relating to an Amendment to Amex Rule 27

August 2, 2006.

On June 9, 2006, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend Amex Rule 27 to revise the number and composition of the Allocation Committee ("Allocations

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Committee" or "Committee"). The proposed rule change was published for comment in the **Federal Register** on June 30, 2006.³ The Commission received no comments on the proposal. This order approves the proposed rule change.

Currently, the Committee consists of six members. Specifically, the Chief Executive Officer (or his or her designee), a representative of an upstairs member firm and either: (i) Four brokers for equities and other securities admitted to trading on the Exchange except for Exchange Traded Funds and options; (ii) two brokers and two Registered Traders for Exchange Traded Funds; or (iii) two brokers and two Registered Options Traders for options.

The Exchange proposes to change the number and composition of the Allocation Committee from six to eight members. The Exchange proposes to amend Amex Rule 27 to revise the number and composition of the Allocations Committee so that the Committee consists of the Chief Executive Officer of the Exchange (or his or her designee), a representative of an upstairs member firm and either: (i) Six brokers for equities and other securities admitted to trading on the Exchange except for Exchange Traded Funds and options; (ii) three brokers and three Registered Traders for Exchange Traded Funds; or (iii) three brokers and three Registered Options Traders for options. The minimum quorum requirement would remain at four persons.⁴ According to the Exchange, because a small number of members now comprise the Allocations Committee, the minimum quorum requirement of four persons to conduct business has become overly burdensome.⁵ The Exchange represents that the Allocations Committee often fails to meet the minimum quorum requirement to transact business.

The Commission finds that the proposed rule change is consistent with the requirements of Section 6 of the Act,⁶ and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the

Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁸ which requires, among other things, that the Exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system. The Commission believes that increasing the number of members of the Committee, from six to eight members, will provide greater flexibility and efficiency to the Allocations Committee to better achieve the minimum four person quorum requirement to transact business.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁹ that the proposed rule change (SR-Amex-2006-58) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁰

J. Lynn Taylor,

Assistant Secretary.
