AGENCY: Indian Health Service, HHS.

ACTION: Notice.

SUMMARY: The Indian Health Service (IHS), as part of its continuing effort to reduce paperwork and respondent

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. As required by section 3507(a)(1)(D) of the Act, the proposed information collection has been submitted to the Office of Management and Budget (OMB) for review and approval.

The IHS received no comments in response to the 60-day **Federal Register** (71 FR 31195) published on June 1, 2006. The purpose of this notice is to allow an additional 30 days for public comment to be submitted directly to OMB.

Form Number: IHS-810, IHS-912-1, IHS-912-2, IHS-913, and IHS-917.

Need and Use of Information

Collection: This collection of information is made necessary by the Department of Health and Human Services Rule entitled "Standards for Privacy of Individual Identifiable Health Information" ("Privacy Rule") (45 CFR parts 160 and 164). The Privacy Rule implements the privacy requirements of the Administrative Simplification subtitle of the Health Information Portability and Accountability Act of 1996 and creates national standards to protect individual's person health information and gives patients increased access to their medical records. 45 CFR 164.508, 522, 526 and 528 of the Rule require the collection of information to implement these protection standards and access requirements. 45 CFR 164.526: This provision requires covered entities to permit an individual to request that the covered entity amend protected health information. If the covered entity accepts the requested amendment, in whole or in part, the covered entity must inform the individual that the amendment is accepted and obtain the individual's identification of an agreement to have the covered entity notify the relevant persons with which the amendment needs to be shared. If the covered entity denies the requested amendment, in whole or in part, the covered entity must provide the individual with a written denial. The form IHS-917 "Request for Correction/Amendment of Protected Health Information" will be used to document an individual's request to amend their protected health information and the agency's decision to accept or deny the request.

45 CFR 164.528: This provision requires covered entities to permit an individual to request that the covered entity provide an accounting of disclosures of protected health information made by the covered entity.
