

these STAG grant conditions by utilizing EPA's grant enforcement authorities under 40 CFR Part 31.43, as necessary and appropriate.

For More Information About the Delivery Prohibition Grant Guidelines

Visit the EPA Office of Underground Storage Tanks Web site at www.epa.gov/oust or call 703-603-9900.

Background About the Energy Policy Act Of 2005

On August 8, 2005, President Bush signed the Energy Policy Act of 2005. Title XV, Subtitle B of this act (entitled the Underground Storage Tank Compliance Act) contains amendments to Subtitle I of the Solid Waste Disposal Act—the original legislation that created the underground storage tank (UST) program. This new law significantly affects Federal and state underground storage tank programs, will require major changes to the programs, and is aimed at reducing underground storage tank releases to our environment.

The underground storage tank provisions of the Energy Policy Act focus on preventing releases. Among other things, the Act expands eligible uses of the Leaking Underground Storage Tank (LUST) Trust Fund and includes provisions regarding inspections, operator training, delivery prohibition, secondary containment and financial responsibility, and cleanup of releases that contain oxygenated fuel additives.

Some of these provisions require implementation by August 2006; others will require implementation in subsequent years. To implement the new law, EPA and states will work closely with tribes, other Federal agencies, tank owners and operators, and other stakeholders to bring about the mandated changes affecting underground storage tank facilities.

To see the full text of this new legislation and for more information about EPA's work to implement the underground storage tank provisions of the law, see: http://www.epa.gov/oust/fedlaws/nrg05_01.htm

Dated: August 7, 2006.

Susan Parker Bodine,

Assistant Administrator, Office of Solid Waste and Emergency Response.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

EPA-HQ-OPPT-2006-0683; FRL-8068-8

Certain New Chemicals; Receipt and Status Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Section 5 of the Toxic Substances Control Act (TSCA) requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory) to notify EPA and comply with the statutory provisions pertaining to the manufacture of new chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a premanufacture notice (PMN) or an application for a test marketing exemption (TME), and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from June 16, 2006 to July 28, 2006, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

DATES: Comments identified by the specific PMN number or TME number, must be received on or before September 13, 2006.

ADDRESSES: Submit your comments, identified by docket identification (ID) no. EPA-HQ-OPPT-2006-0683, by one of the following methods.

- <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
- **Mail:** Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001.
- **Hand Delivery:** OPPT Document Control Office (DCO, EPA East Bldg., Rm. 6428, 1201 Constitution Ave., NW., Washington, DC. Attention: Docket ID number EPA-HQ-OPPT-2006-0683. The DCO is open from 8 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The telephone number for the DCO is (202) 564-8930. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.
- **Instructions:** Direct your comments to docket ID number EPA-HQ-OPPT-

2006-0683. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [regulations.gov](http://www.regulations.gov) or e-mail. The [regulations.gov](http://www.regulations.gov) website is an "anonymous access" systems, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [regulations.gov](http://www.regulations.gov) your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the [regulations.gov](http://www.regulations.gov) index. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through [regulations.gov](http://www.regulations.gov) or in hard copy at the OPPT Docket, EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPPT Docket is (202) 566-0280.

FOR FURTHER INFORMATION CONTACT: Colby Lintner, Regulatory Coordinator, Environmental Assistance Division, Office of Pollution Prevention and Toxics (7408M), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-

0001; telephone number: (202) 554-1404; e-mail address: *TSCA-Hotline@epa.gov*.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general. As such, the Agency has not attempted to describe the specific entities that this action may apply to. Although others may be affected, this action applies directly to the submitter of the premanufacture notices addressed in the action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through *regulations.gov* or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed CBI). In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in

accordance with procedures set forth in 40 CFR part 2.
2. *Tips for preparing your comments.* When submitting comments, remember to:

- i. Identify the document by docket number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions - The agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at the estimate.
- vi. Provide specific examples to illustrate your concerns, and suggested alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. Why is EPA Taking this Action?

Section 5 of TSCA requires any person who intends to manufacture (defined by statute to include import) a new chemical (i.e., a chemical not on the TSCA Inventory to notify EPA and comply with the statutory provisions pertaining to the manufacture of new

chemicals. Under sections 5(d)(2) and 5(d)(3) of TSCA, EPA is required to publish a notice of receipt of a PMN or an application for a TME and to publish periodic status reports on the chemicals under review and the receipt of notices of commencement to manufacture those chemicals. This status report, which covers the period from June 16, 2006 to July 28, 2006, consists of the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period.

III. Receipt and Status Report for PMNs

This status report identifies the PMNs and TMEs, both pending or expired, and the notices of commencement to manufacture a new chemical that the Agency has received under TSCA section 5 during this time period. If you are interested in information that is not included in the following tables, you may contact EPA as described in Unit II. to access additional non-CBI information that may be available.

In Table I of this unit, EPA provides the following information (to the extent that such information is not claimed as CBI) on the PMNs received by EPA during this period: the EPA case number assigned to the PMN; the date the PMN was received by EPA; the projected end date for EPA's review of the PMN; the submitting manufacturer; the potential uses identified by the manufacturer in the PMN; and the chemical identity.

I. 78 PREMANUFACTURE NOTICES RECEIVED FROM: 06/16/06 TO 07/28/06

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-06-0616	06/15/06	09/12/06	PPG Aerospace PRC-desoto	(S) Reactive diluent/binder in aerospace sealants	(G) Modified triethylene glycol dithiol
P-06-0617	06/19/06	09/16/06	CBI	(G) Destructive use	(G) Brominated polyaromatic compound
P-06-0618	06/20/06	09/17/06	CBI	(G) Highly dispersive powdered emulsifier component	(G) Salts of modified tall-oil fatty acid amidoamines
P-06-0619	06/20/06	09/17/06	CBI	(G) Highly dispersive powdered emulsifier component	(G) Salts of modified tall-oil fatty acids
P-06-0620	06/26/06	09/23/06	Oleon Americas, Inc.	(G) Industrial hydraulic fluid	(S) Fatty acids, C ₈₋₁₀ , tetraesters with bis[2,2-bis(hydroxymethyl)butyl] adipate
P-06-0621	06/27/06	09/24/06	CBI	(S) Base resin for ultra violet light and electron beam curable formulations	(G) Organic acid, polymer with 1,6-hexanediol and 5-isocyanato-1-(isocyanatomethyl)-1,3,3-trimethylcyclohexane, 2-hydroxyethyl acrylate-blocked
P-06-0622	06/27/06	09/24/06	Huntsman Corporation	(S) Intermediate monomer for polymer synthesis	(S) 1,2-ethanediol, monocarbamate
P-06-0623	06/28/06	09/25/06	PPG Industries, Inc.	(G) Component of an industrial coating	(G) Aspartic acid, N,N'-(iminodi-alkanediyl)bis, tetraalkane ester
P-06-0624	06/28/06	09/25/06	PPG Industries, Inc.	(G) Component of an industrial coating	(G) Aspartic acid, N,N'-(iminodi-alkanediyl)bis, tetraalkane ester
P-06-0625	06/23/06	09/20/06	CBI	(S) Adhesion promotor for polyurethane	(G) Isocyanate-terminated alkyl alkoxy silane

I. 78 PREMANUFACTURE NOTICES RECEIVED FROM: 06/16/06 TO 07/28/06—Continued

Case No.	Received Date	Projected Notice End Date	Manufacturer/Importer	Use	Chemical
P-06-0626	06/28/06	09/25/06	Forbo adhesives, LLC	(G) Hot melt adhesive	(G) Isocyanate functional polyester urethane polymer

ENVIRONMENTAL PROTECTION AGENCY

[FRL-8209-4]

Clean Water Act Section 303(d): Availability of List Decisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Availability.

SUMMARY: This action announces the availability of and requests public comment on EPA decisions identifying water quality limited segments and associated pollutants in Massachusetts to be listed pursuant to Clean Water Act section 303(d)(2). Section 303(d)(2) requires that states submit and EPA approve or disapprove lists of waters for which existing technology-based pollution controls are not stringent enough to attain or maintain state water quality standards and for which total maximum daily loads (TMDLs) must be prepared.

On June 21, 2006, EPA partially approved and partially disapproved Massachusetts' 2004 submittal. Specifically, EPA approved Massachusetts' listing of 734 water body segments, associated pollutants and priority rankings. EPA disapproved Massachusetts' decision not to list ninety (90) water quality limited segments impaired for mercury. EPA identified these additional water body segments, pollutants, and priority rankings for inclusion on the 2004 section 303(d) list.

EPA is providing the public the opportunity to review its decision to add waters and pollutants to Massachusetts' 2004 section 303(d) list, as required by EPA's Public Participation regulations. EPA will consider public comments in reaching its final decision on the additional water bodies and pollutants identified for inclusion on Massachusetts' final list.

DATES: Comments must be submitted to EPA on or before September 13, 2006.

ADDRESSES: Comments on the proposed decisions should be sent to Michael Hill, U.S. Environmental Protection Agency, EPA New England Regional

Office, One Congress Street, Suite 1100 (CWQ), Boston, MA 02114-2023, telephone (617) 918-1398, e-mail address hill.michael@epa.gov. Oral comments will not be considered.

FOR FURTHER INFORMATION CONTACT:

Michael Hill at (617) 918-1398 or hill.michael@epa.gov. Copies of the proposed decisions explaining EPA's rationale for its partial approval and partial disapproval of Massachusetts' submittal can be obtained from the EPA Web site at <http://www.epa.gov/ne/eco/tmdl/impairedh2o.html> or by writing or calling Mr. Hill at the above address. Underlying documentation comprising the record for these decisions is available for public inspection at the above address.

SUPPLEMENTARY INFORMATION: Section 303(d) of the Clean Water Act (CWA) requires that each state identify those waters for which existing technology-based pollution controls are not stringent enough to attain or maintain state water quality standards. For those waters, states are required to establish TMDLs according to a priority ranking.

EPA's Water Quality Planning and Management regulations include requirements implementing section 303(d) of the CWA (40 CFR 130.7). The regulations require states to identify every two years water quality limited waters still requiring TMDLs. The lists of waters still needing TMDLs must also include priority rankings and must identify the waters targeted for TMDL development during the next two years (40 CFR 130.7(d)).

Consistent with EPA's regulations, Massachusetts submitted to EPA its final listing decisions under section 303(d)(2) on April 19, 2005. On June 21, 2006, EPA approved Massachusetts' listing of 734 water body segments and associated priority rankings. EPA disapproved Massachusetts' decision not to include 90 water bodies impaired for mercury. EPA identified these additional waters and pollutants along with priority rankings for inclusion on the 2004 section 303(d) list. EPA solicits public comment on its decision to include the 90 lakes and ponds impaired for mercury on Massachusetts' 2004 section 303(d) list.

Dated: July 24, 2006.

Kenneth Moraff,

Deputy Director, Office of Ecosystem Protection, New England Regional Office.

FARM CREDIT ADMINISTRATION

[BM-13-JUL-06-03]

Equal Employment Opportunity Programs and Diversity

AGENCY: Farm Credit Administration.

ACTION: Policy statement.

SUMMARY: The Farm Credit Administration (FCA or Agency), through the FCA Board (Board), has updated and reaffirmed at its regular July Board meeting a policy statement on equal employment opportunity and diversity. The policy statement provides guidance to management and staff on addressing affirmative employment and diversity, workplace harassment, the disabled veterans affirmative action program, and the delineation of responsibilities for implementing the Agency's equal employment opportunity and diversity programs.

Effective Date: July 13, 2006.

FOR FURTHER INFORMATION CONTACT:

Eric Howard, Equal Employment Opportunity Director, Farm Credit Administration, McLean, Virginia 22102-5090, (703) 883-4481, TTY (703) 883-4056,

or

Jennifer Cohn, Senior Attorney, Office of General Counsel, Farm Credit Administration, McLean, Virginia 22102-5090, (703) 883-4020, TTY (703) 883-4020

SUPPLEMENTARY INFORMATION: The text of the Board's policy statement on equal employment opportunity programs and diversity is set forth below in its entirety.

Policy Statement on Equal Employment Opportunity Programs and Diversity

FCA-PS-62

Effective Date: July 13, 2006.

Effect on Previous Action: Updates FCA-PS-62 [BM-12-SEP-02-02] 9-12-02.
