Federal Aviation Administration

Notice of Availability of a Record of Decision (ROD) and a Written Reevaluation of the 1999 Final Environmental Impact Statement (FEIS) To Select Another Alternative for the Location of the Proposed Third Runway, as Analyzed in the FEIS and Approved in the 2000 ROD at Charlotte Douglas International Airport, Charlotte, NC

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of availability of a ROD and a written reevaluation of the FEIS.

SUMMARY: The Federal Aviation Administration (FAA) is making available a ROD and a Written Evaluation of the FEIS in response to FAA procedure changes that have rendered the previously approved third runway unable to accomplish the purpose and need of triple-independent approach operations, thereby minimizing any capacity enhancement that the runway was intended to accomplish. Charlotte Douglas International Airport, Charlotte, North Carolina, has therefore proposed acceptance of another alternative located 600 feet west of the previously approved runway location that was fully analyzed in the EIS as Alternative 5 and that meets the current FAA Airport Design Standards.

Point of Contact: Mr. Scott Seritt, Manager, Airports District Office, Southern Region Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337-2747, (404) 305-7151.

International Airport, Charlotte, North Carolina. The new runway location is 600 feet west of the previously approved site, and was fully analyzed as Alternative 5 in the FEIS. The purpose of the ROD and Written Reevaluation was to evaluate potential environmental impacts arising from the approval of the location previously analyzed as Alternative 5 in the FEIS that may not have existed at the time of the original analysis.

These documents will be available during normal business hours at the following locations:

I. Overview

Section 3013 of SAFETEA-LU amended 49 U.S.C. 5311(c) by establishing the Public Transportation on Indian Reservations Program (hereinafter referred to as the Tribal Transit Program). This new program authorizes direct grants "under such terms and conditions as may be established by the Secretary" to Indian tribes for any purpose eligible under FTA's Nonurbanized Area Formula Program, 49 U.S.C. 5311. The funding level authorized for this new program will increase from \$8 million in FY 2006 to \$15 million in FY 2009. The Conference Report to SAFETEA-LU indicated that the funds set aside for Indian tribes in the Tribal Transit Program are not meant to replace or reduce funds that Indian tribes receive from States through FTA's Nonurbanized Area Formula Program.
