### I. 7(a) Lender and CDC Delegated Authority Reviews

SBA collects information for Delegated Authority Reviews performed, in general, every two years for lenders applying or reapplying to SBA's Delegated Authority Programs (e.g., Preferred Lender Program for 7(a) Lenders and Accredited Lender Program or PCLP for CDCs).<sup>8</sup> If a lender is scheduled to receive an Analytical or Full Review or a Safety and Soundness Examination during the same review cycle as a Delegated Authority Review, generally SBA will coordinate the timing of the reviews and the related information collections to lessen the burden.

For 7(a) delegated authority reviews, SBA requests information on organizational changes, staff training and experience, lender explanation for risk indicators triggered, lender risk mitigation efforts, lender's financial condition, lender's deficiencies underlying regulatory orders (if applicable and as appropriate), and loan sample files (as requested).

For CDC delegated authority reviews, SBA requests corporate governance documents and additional information on organization/staff, financial condition, internal controls and risk mitigation. SBA also requests a CDC's policies including its no-adverse-change determination, loan reviews, and lender explanation for its higher risk metrics.

For more detail on Delegated Authority Review collections, you may request a copy of the 7(a) Lender Nomination for Delegated Authority Information Request; and, the ALP/PCLP Renewal Guide and Information Request.

### II. Microloan Intermediary Reviews

For Microloan Program Intermediary oversight, SBA District Offices perform an annual site visit for active Intermediaries. SBA requests information on SBA program management and operations including organizational chart with responsibilities, business plan, staff training on SBA lending, and risk mitigation practices. SBA primarily reviews the Intermediary's credit administration through a loan sample file request. Specifics on the information collected are contained in SBA's Microloan Intermediary Site Visit/Review Information Request

<sup>8</sup> Through SBA's Delegated Authority programs, qualified lenders may process SBA loans with further autonomy and reduced paperwork than through regular SBA loan processing.

document, a copy of which is available upon request.

### III. Other Reviews, Corrective Action Plans, and Increased Supervision for 7(a) Lenders, CDCs, and Intermediaries

SBA may pose additional information requests for its Other Reviews,<sup>9</sup> generally of higher risk lenders. For example, for 7(a) lenders under a public regulatory order or agreement, SBA may request information relating to the status of the underlying deficiencies, as appropriate, or request loan files for SBA to review to mitigate risk before the loan can be sold into the secondary market. SBA may also request corrective action plans from lenders following reviews where findings and deficiencies are identified. Finally, SBA may request additional information of lenders under increased supervision. However, information requests for increased supervision tend to be lender specific.

In general, for information that has already been provided by a 7(a) lender, a CDC, or a Microloan Intermediary but is unchanged, a lender may certify that the information was already provided and is unchanged in lieu of resubmitting the information. The certification must also state to whom and on what date the information was provided to SBA.

**ACTION:** Notice of intent.

**SUMMARY:** The U.S. Department of State (Department) issues this Notice of Intent (NOI) to announce that it will prepare a Supplemental Environmental Impact Statement (SEIS)—consistent with the National Environmental Policy Act (NEPA) of 1969—to analyze the potential environmental impacts of the Keystone XL Mainline Alternative Route (MAR).

Detailed records on the proposed Project are available at: <https://keystonepipeline-xl.state.gov>.

Marko Velikonja, Keystone XL Program Manager, Office of Environmental Quality and Transboundary Issues, U.S. Department of State, 2201 C Street NW, Washington DC 20520. (202) 647–4828, [VelikonjaMG@state.gov](mailto:VelikonjaMG@state.gov).

**SUPPLEMENTARY INFORMATION:** On January 26, 2017, TransCanada Keystone Pipeline, L.P. (TransCanada) resubmitted its 2012 Presidential permit application for the border facilities for the proposed Keystone XL Pipeline. The Under Secretary of State for Political Affairs determined that issuance of a Presidential permit to TransCanada to construct, connect, operate, and maintain pipeline facilities at the northern border of the United States to transport crude oil from Canada to the United States would serve the national interest. Accordingly, on March 23, 2017, the Under Secretary issued a Presidential permit to TransCanada for the Keystone XL Pipeline border facilities. Subsequently, on November 20, 2017, the Nebraska Public Service Commission approved the Mainline Alternative Route for that pipeline in the State of Nebraska. TransCanada's application to the Bureau of Land Management for a right-of-way remains pending with that agency.

On May 25, 2018, the Department issued a *Notice of Intent to Prepare an*

*Environmental Assessment for the Proposed Keystone XL Pipeline Mainline Alternative Route in Nebraska* (83 FR 24383) which provided for a 30-day public scoping period. On July 30, 2018, the Department issued a *Notice of Availability of the Draft Environmental Assessment for the Proposed Keystone XL Pipeline Mainline Alternative Route in Nebraska* (83 FR 36659) which provided for a 30-day public comment period. The Department intends to consider comments received regarding the Environmental Assessment in the Final SEIS document.
