Title of Collection: Borrower Defenses Against Loan Repayment.

OMB Control Number: 1845–0132.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Individuals or Households.

Total Estimated Number of Annual Responses: 150,000.

Total Estimated Number of Annual Burden Hours: 150,000.

Abstract: This is a request for an extension of the current information collection for Form 1845–0132. The U.S. Department of Education continues to require the collection of this information from borrowers who believe they have cause to invoke the borrower defense to loan repayment forgiveness

of a student loan. There is no change to statutory or regulatory requirements. This collection continues to be necessary to ensure Heald, Everest and/or WyoTech College borrowers who wish to invoke the borrower defense against repayment of federal student loans can do so in a uniform and informed manner. It will also allow for the uniform and directed collection of minimum borrower defense information from other federal student loan borrowers that attended the school who believe they can provide evidence of such an application for loan forgiveness.
