BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DOD-2018-HA-0047]

Submission for OMB Review; Comment Request

AGENCY: Office of the Assistant Secretary of Defense for Health Affairs, DoD.

ACTION: 30-Day information collection notice.

SUMMARY: The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by October 29, 2018.

ADDRESSES: Comments and recommendations on the proposed information collection should be emailed to Ms. Cortney Higgins, DoD

Desk Officer, at aira_submission@omb.eop.gov. Please identify the proposed information collection by DoD Desk Officer, Docket ID number, and title of the information collection.

FOR FURTHER INFORMATION CONTACT: Fred Licari, 571-372-0493, or whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; *Associated Form;* and **OMB Number:** TRICARE Young Adult Application; DD-2947; OMB Control Number 0720-0049.

Type of Request: Extension.

Number of Respondents: 2,709.

Responses per Respondent: 1.

Annual Responses: 2,709.

Average Burden per Response: 15 minutes.

Annual Burden Hours: 677.25.

Needs and Uses: The Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (FY11), Section 702, aligns TRICARE Program eligibility by providing a means to extend the age of eligibility of TRICARE dependents from age 21 or 23 up to age 26 to allow the purchase of extended dependent medical coverage across existing TRICARE program options (Select and Prime). This is consistent with the intent of the Patient Protection and Affordable Care Act, the implementing Health and Human Services regulations, and the limitations of Chapter 55 of Title 10. Section 702 allows qualified adult children not eligible for medical coverage at age 21 (23 if enrolled in a full-time course of study at an institution of higher learning approved by the Secretary of Defense) and are under age 26 to qualify to purchase medical coverage unless the dependent is enrolled in or eligible to purchase employer sponsored insurance per section 5000A(f)(2) of the Internal Revenue Code of 1986 or is married. The dependents shall be able to purchase either the TRICARE Prime or Select benefits depending on if they meet specific program requirements and the availability of a desired plan in their geographic location.

Affected Public: Individuals or Households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Cortney Higgins.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket

ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DOD Clearance Officer: Mr. Frederick Licari.

Requests for copies of the information collection proposal should be sent to Mr. Licari at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Department of the Army, Corps of Engineers

Intent To Prepare an Environmental Impact Statement for Chehalis River Basin Flood Damage Reduction Project Proposed by the Chehalis River Basin Flood Control Zone District, Lewis County, WA

AGENCY: U.S. Army Corps of Engineers, DoD.

ACTION: Notice of Intent.

SUMMARY: The U.S. Army Corps of Engineers (Corps) Seattle District received a permit application from the Chehalis River Basin Flood Control Zone District (applicant) for the construction of a flood retention structure on the upper Chehalis River and the raising of levees at the Centralia-Chehalis Airport. A Department of the Army (DA) permit is required for the project pursuant to Section 404 of the Clean Water Act. The Corps has determined the proposed project may have significant individual and/or cumulative impacts on the human environment. An environmental impact statement (EIS) will be prepared in accordance with the National Environmental Policy Act (NEPA). Preparation of the EIS will support the Corps' eventual decision to either issue, issue with modification or deny the DA permit for the proposed action. The EIS will assess the potential social, economic, and environmental impacts of the projects and is intended to be sufficient in scope to address Federal, State, and local requirements, environmental and socio-economic

issues concerning the proposed action, and permit reviews. The EIS process begins with the publication of this Notice of Intent. The EIS will be prepared according to the Corps' procedures for implementing NEPA, and consistent with the Corps' policy to facilitate public understanding and review of agency proposals. The Corps will serve as the lead federal agency for this EIS pursuant to the requirements of NEPA. The Washington State Department of Ecology (Ecology) will serve as the lead agency for the separate EIS pursuant to the requirements of the State Environmental Policy Act (SEPA). The Corps and Ecology have agreed to participate in joint scoping to simplify the public comment process for the two separate EISs.

DATES: The scoping period will start on September 28, 2018.

ADDRESSES: Written comments concerning the project and requests to be included on the EIS notification mailing list should be submitted to:

Anchor QEA, Care of: Chehalis River Basin Flood Control Zone District EIS, 720 Olive Way, Suite 1900, Seattle, Washington 98101.

Written comments regarding the scope of the EIS—including the environmental analysis, range of alternatives, and potential mitigation actions—should be received at this address or submitted by electronically at www.chehalisbasinstrategy.com/eis.

FOR FURTHER INFORMATION CONTACT:

Ms. Janelle Leeson via email at: Janelle.D.Leeson@usace.army.mil, or at (206) 550-1425.

SUPPLEMENTARY INFORMATION:

1. *Proposed Action.* The construction of a new flood retention facility within the upper Chehalis River and the raising of levees at the Centralia-Chehalis Airport. The Corps is preparing an EIS to analyze the potential social, economic, and environmental impacts associated with authorizing the actions.

2. *Project Description.* The proposal involves the construction of a water retention facility at a site in the Chehalis River (River Mile [RM] 108.5) near the Town of Pe Ell, in Lewis County, Washington and the raising of levees at the Centralia-Chehalis Airport in the City of Chehalis, Lewis County, Washington to reduce damage from major flood events in the Chehalis Basin, Washington.

The applicant, funded by the Washington State capitol budget, is proposing construction of a flood retention expandable (FRE) facility and associated infrastructure on the main-stem Chehalis River south of the Town of Pe Ell. The facility would have

capacity to provide 65,000 acre-feet of temporary flood storage during major floods; the Chehalis River would flow normally during regular conditions or small flood events. The top of the dam structure would be 1,220 feet long with a maximum structural height of up to 254 feet including 3 to 5 feet of freeboard for safety. The FRE facility is proposed to include a 210-foot-wide emergency spillway, discharging into a 70-foot-wide and 230-foot-long stilling basin.

The FRE facility would be constructed with a foundation and hydraulic structure extents capable of supporting future construction of a larger dam with up to 130,000 acre feet of storage. An expansion of the facility would be subject to a separate NEPA and SEPA process and permitting if proposed.

Construction of the flood retention structure would include the installation of a temporary diversion tunnel to accommodate fish passage during construction. Permanent fish passage would be accomplished primarily through five openings installed along the river bottom at the base of the flood retention structure. The openings would be 230 feet in length. They are anticipated to replicate the stream discharge and velocity rating curves exhibited by the natural channel at the dam site (through which fish currently pass without the dam), up through river discharges of 4,000 cubic feet per second (cfs). When water is impounded behind the dam during high-flow events, the low-level outlet would be closed. Fish passage would be provided via a collection, handling, transport, and release (CHTR) facility during the high-flow, short-term periods of time when the dam outlets are closed.

The applicant also proposes to raise the elevation of the Centralia-Chehalis Airport levee in Chehalis, Washington. The existing 9,511-foot-long-levee would be raised 4 to 7 feet, along with raising Airport Road 1,700 feet along the southern extent of the airport.

Potential impacts of the proposal have not been determined at this time. Mitigation for proposed unavoidable impacts to waters of the U.S. will be required to comply with the Corps' 2008 mitigation rule.

A full project description as provided by the applicant can be accessed electronically at www.chehalisbasinstrategy.com/eis.

3. *Alternatives.* The EIS will address an array of alternatives for providing alternatives suitable for reducing flood damage within the Chehalis River Basin, including a no action alternative. Mitigation measures may include, but are not limited to, avoidance of sensitive

areas and creation, restoration, or enhancement of wetlands.

4. *Scoping Process.* The scoping period will continue for 31 days after publication of this Notice of Intent and will close on October 29, 2018. During the scoping period, the Corps invites Federal agencies, State and local governments, Native American Tribes, and the public to participate in the scoping process either by providing written comments or by attending the public scoping meetings scheduled at the time and location indicated below. Written comments will be considered in the preparation of the Draft EIS. Comments postmarked or received electronically after the specified date will be considered to the extent feasible.

The purpose of scoping is to assist the Corps in defining issues, public concerns, and alternatives and the depth to which they will be evaluated in the EIS. The Corps has prepared project information documents to familiarize agencies, Tribes, the public, and interested organizations with the proposed projects and potential environmental issues. Copies of the documents will be available at the public meeting and at the website www.chehalisbasinstrategy.com/eis or can be requested by contacting the Corps, Seattle District, as described above. Corps' representatives will answer scope-related questions and accept comments at public scoping meetings.

a. Public scoping meetings will be held to present an overview of the project and to afford all parties an opportunity to provide comments regarding the range of actions, alternatives, and potential impacts. The public scoping meetings will be held as follows:

At Montesano City Hall, Banquet Room, 112 North Main Street, Montesano, Washington 98563 on Tuesday, October 16, 2018 from 5:00 p.m. to 8:00 p.m.

At Centralia College, Bowman Rotary Banquet Rooms A and B, 600 Centralia College Boulevard, Centralia, Washington 98531 on Wednesday, October 17, 2018 from 5:00 p.m. to 8:00 p.m.

During the scoping period, continuous access to the scoping meeting presentation will be hosted on the EIS website at www.chehalisbasinstrategy.com/eis.

b. Potentially significant issues to be analyzed in the EIS include but are not limited to project-specific and cumulative effects on water resources; cultural, historic, and archaeological resources; geomorphology; geology including landslides and earthquakes;

wetland and riparian habitat and wildlife; climate change; transportation; recreation; land use; Tribal resources, including Tribal treaty rights; environmental health and safety, and public services and utilities.

c. The Corps will serve as the lead agency for compliance with NEPA. The Corps has invited the U.S. Environmental Protection Agency, the Chehalis Tribe, and the Quinault Indian Nation to serve as cooperating agencies under NEPA. The Corps will consult with the Washington State Historic Preservation Officer and applicable Tribes to comply with the National Historic Preservation Act; and applicable Tribes to comply with treaty provisions.

d. Development of the draft EIS will begin after the close of the scoping period. The draft EIS is currently scheduled to be available for public review and comment in early 2020.

e. A 31-day public review period will be provided for all interested parties, individuals, and agencies to review and comment on the draft EIS. All interested parties are encouraged to respond to this notice and provide a current address if they wish to be notified when the draft EIS is issued.

f. All comments received will become part of the administrative record and are subject to public release, as appropriate, in their entirety, including any personally identifiable information such as names, phone numbers, and addresses if included in the comment.

Dated: September 19, 2018.

Ryan A. Baum,

Major, Corps of Engineers, Acting Commander.

Notice of Availability of the Final Missouri River Recovery Management Plan and Environmental Impact Statement

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice; extension of final EIS waiting period.

SUMMARY: The Notice of Availability for the Final Missouri River Recovery Management Plan and Environmental Impact Statement (MRRMP–FEIS) published in the **Federal Register** on Friday, August 31, 2018, stated the waiting period for signature of the

MRRMP–FEIS Record of Decision would end on October 9, 2018. The U.S. Army Corps of Engineers is extending the waiting period through October 22, 2018.

FOR FURTHER INFORMATION CONTACT:

Tiffany Vanosdall, U.S. Army Corps of Engineers at (402) 995–2695 or by email at tiffany.k.vanosdall@usace.army.mil.

SUPPLEMENTARY INFORMATION: The MRRMP–FEIS can be downloaded online at: <http://www.nwo.usace.army.mil/mrrp/mgmt-plan/> or at: <http://parkplanning.nps.gov/MRRMP>.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL18–203–000]

Notice of Complaint; Owensboro Municipal Utilities v. Louisville Gas and Electric Company, Kentucky Utilities Company

Take notice that on September 21, 2018, pursuant to sections 206, 306, 309, and 316¹ of the Federal Power Act and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure,² Owensboro Municipal Utilities (Complainant) filed a formal complaint against Louisville Gas and Electric Company and Kentucky Utilities Company, (Respondents) alleging that, from February 1, 2018 forward, Respondents violated and continue to violate its joint obligation, under First Revised Rate Schedule No. 402 to reimburse Complainant for pancaked transmission service charges incurred to Drive-Out from the Midcontinent Independent System Operator, all as more fully explained in the complaint.

The Complainants certify that copies of the Complaint were served on contacts for Respondents.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of

intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the eLibrary link and is available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Comment Date: 5:00 p.m. Eastern Time on October 11, 2018.

Dated: September 24, 2018.
