

issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.⁹ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this investigation are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner. Section 351.210(e)(2) of Commerce's regulations requires that a request by exporters for postponement of the final determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On December 1 and December 5, 2017, pursuant to 19 CFR 351.210(e), TCK and Huvis, respectively, requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.¹⁰ On January 8,

2018, the petitioner also requested that Commerce postpone the final determination.¹¹ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) The preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: January 26, 2018.

P. Lee Smith,

Deputy Assistant Secretary for Policy and Negotiations.

Appendix I—Scope of the Investigation

The merchandise subject to this investigation is synthetic staple fibers, not carded or combed, specifically bi-component polyester fibers having a polyester fiber component that melts at a lower temperature than the other polyester fiber component (low melt PSF). The scope includes bi-component polyester staple fibers of any denier or cut length. The subject merchandise may be coated, usually with a finish or dye, or not coated.

Excluded from the scope of the investigation on low melt PSF from Korea are any products covered by the existing antidumping duty order on certain polyester

Postpone the Final Determination, dated December 1, 2017; and Huvis' Letter re: Low Melt Polyester Staple Fiber from the Republic of Korea: Request to Extend the Deadline for the Final Determination, dated December 5, 2017.

¹¹ See the petitioner's Letter re: Low Melt Polyester Staple Fiber from the Republic of Korea and Taiwan: Petitioner's Request Regarding Extension of the Final Determination Deadline, dated January 8, 2018.

staple fiber from Korea. See *Notice of Amended Final Determination of Sales at Less Than Fair Value: Certain Polyester Staple Fiber from the Republic of Korea and Antidumping Duty Orders: Certain Polyester Staple Fiber from the Republic of Korea and Taiwan*, 65 FR 33807 (May 25, 2000).

Low melt PSF is classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 5503.20.0015. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the merchandise under the investigation is dispositive.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Fisheries Finance Program Requirements

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before April 3, 2018.

⁹ See 19 CFR 351.309; see also 19 CFR 351.303 (for general filing requirements).

¹⁰ See TCK's Letter re: Low Melt Polyester Staple Fiber from the Republic of Korea: Request to

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at pracomments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Brian Summers at (301) 427-8783 or brian.summers@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

The National Oceanic and Atmospheric Administration (NOAA) operates a direct loan program to assist in financing certain actions relating to commercial fishing vessels, shoreside fishery facilities, aquaculture operations, and individual fishing quotas. Application information is required to determine eligibility pursuant to 50 CFR part 253 and to determine the type and amount of assistance requested by the applicant. An annual financial statement is required from the recipients to monitor the financial status of the loan.

II. Method of Collection

Paper applications.

III. Data

OMB Control Number: 0648-0012.

Form Number(s): 88-1.

Type of Review: Regular (extension of a current information collection).

Affected Public: Individuals or households; business or other for-profit organizations.

Estimated Number of Respondents: 311.

Estimated Time per Response: Application, 10 hours; annual financial statement, 2 hours.

Estimated Total Annual Burden Hours: 1,102.

Estimated Total Annual Cost to Public: \$2,799 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be

collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: January 29, 2018.

Sarah Brabson,

NOAA PRA Clearance Officer.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Marine Recreational Information Program Social Network Survey

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before April 3, 2018.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Dave Bard, (301) 427-8197 or David.Bard@NOAA.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for new information collection. The title will be "Marine Recreational Information Program Social Network Survey."

In its 2017 review of NOAA Fisheries' Marine Recreational Information Program (MRIP), the National

Academies of Sciences, Engineering, and Medicine, also known as the National Academies, recommended the program enhance its communications and outreach activities, particularly among the recreational fishing community. MRIP is taking an objective, research-based approach to doing so. In 2016, MRIP conducted a partner and stakeholder needs assessment. In 2018, MRIP will undertake a social network survey. This effort will help identify relationships, networks, channels, and information flow among a target population, in this case the numerous audiences that comprise the recreational fishing community. Completing this survey and the subsequent analysis will help MRIP more effectively engage with its audiences by identifying key influencers and information pathways, and identifying the areas of greatest need and greatest opportunity for relationship-building.

A mail survey sample will be drawn from the National Saltwater Angler Registry, a database of licensed recreational anglers living in the U.S. The information comes mostly from state-based saltwater fishing license and registration programs. Questions will explore such issues as broad information channels and pathways among recreational anglers; understanding of and confidence in recreational data collection, estimation, and reporting; confidence in their information sources; awareness of the distinctions and connections between recreational data collection and recreational fisheries management, etc., including regional differences. Data gathered will include angler use of and trust in different sources (e.g., other recreational anglers, recreational fishing clubs, state management agencies, federal management agencies, tackle shops, etc.) and channels (e.g., mass media, social media, personal conversations, online message boards, fishing club meetings, etc.) of fisheries management information. These data will be used to identify key information sources for recreational anglers, evaluate regional differences in information sources, and evaluate recreational angler confidence in management and data collection efforts, thus allowing MRIP to more effectively communicate with recreational anglers on data collection issues by focusing communications efforts on important network channels.

II. Method of Collection

Information will be collected through mail surveys.
