ACTION: Final rule, technical amendment.

SUMMARY: This action amends Class D airspace at Lewiston-Nez Perce County Airport, Lewiston, ID, by increasing the upward extension of Class D airspace from 2,700 feet MSL to 3,900 feet MSL. The upward extension was incorrectly lowered in the final rule published March 15, 2018.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class D airspace at Lewiston-Nez Perce

County Airport, Lewiston, ID to support IFR operations at the airport.

History

The FAA published a final rule in the **Federal Register** (83 FR 11411; March 15, 2018) for Docket No. FAA–2017–0986 amending Class D airspace, and Class E surface airspace at Lewiston-Nez Perce County Airport, Lewiston, ID.

Subsequent to publication, the FAA discovered the upward extension of Lewiston-Nez Perce County Airport Class D airspace was incorrectly reduced from 3,900 feet MSL to 2,700 feet MSL. This rule corrects that error and restores the upward extension of Class D airspace to 3,900 feet MSL.

Class D airspace designations are published in paragraph 5000 of FAA Order 7400.11C dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR part 71.1. The Class D airspace designation listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by modifying the Class D airspace legal description for Lewiston-Nez Perce County Airport, Lewiston, ID. The Class D airspace is retained up to 3,900 feet MSL, not 2,750 feet MSL, as stated in a final rule published in the **Federal Register** of March 15, 2018 (83 FR 11411).

Accordingly, action taken herein to amend the upward extension of Class D airspace at Lewiston-Nez Perce County Airport, Lewiston, ID, is in the interest of flight safety. Therefore, I find that notice and public procedure under 5 U.S.C. 553(b) are impracticable and contrary to the public interest.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a “significant regulatory action”

under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

ACTION: Notification of fees.

DATES: *Applicability date:* November 5, 2018.

SUPPLEMENTARY INFORMATION:

I. Background

The Transportation, Housing and Urban Development, and Related

Agencies Appropriations Act, 2015 (division K of Pub. L. 113–235, approved December 16, 2014) (2015 Appropriations Act) provided that “the Secretary shall collect fees from borrowers . . . to result in a credit subsidy cost of zero for guaranteeing” Section 108 loans. Identical language was continued or included in the Department’s continuing resolutions and appropriations acts authorizing HUD to issue Section 108 loan guarantees during Fiscal Years (FYs) 2016, 2017, and 2018. The Fiscal Year (FY) 2019 HUD appropriations bills under consideration in the House of Representatives (H.R. 6072) and the Senate (S. 3023), also have identical language regarding the fees and credit subsidy cost for the Section 108 Program, and the 2018 provision is carried forward in the Continuing Appropriations Act, 2019 (Pub. L. 115–952, approved September 28, 2018).

On November 3, 2015, HUD published a final rule (80 FR 67626) that amended the Section 108 Program regulations at 24 CFR part 570 to establish additional procedures, including procedures for announcing the amount of the fee each fiscal year when HUD is required to offset the credit subsidy costs to the Federal Government to guarantee Section 108 loans. For FYs 2016, 2017, and 2018, HUD issued documents to set the fees.¹

II. FY 2019 Fee: 2.23 Percent of the Principal Amount of the Loan

This document sets the fee for Section 108 loan disbursements under loan guarantee commitments awarded for FY 2019 at 2.23 percent of the principal amount of the loan. HUD will collect this fee from borrowers of loans guaranteed under the Section 108 Program to offset the credit subsidy costs of the guaranteed loans pursuant to commitments awarded in FY 2019. For this fee document, HUD is not changing the underlying assumptions or creating new considerations for borrowers. The calculation of the FY 2019 fee uses a similar calculation model as the FY 2016, FY 2017, and FY 2018 final documents, but incorporates updated information regarding the composition of the Section 108 portfolio and the timing of the estimated future cash flows for defaults and recoveries. The calculation of the fee is also affected by the discount rates required to be used by HUD when calculating the present value of the future cash flows as part of the Federal budget process.
