Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed consent decree; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“Act”), 42 U.S.C. 7413(g), notice is hereby given of a proposed consent decree, to address a lawsuit filed by Kentuckians for the Commonwealth, Friends of the Chattahoochee and Sierra Club (collectively, “plaintiffs”) *Kentuckians for the Commonwealth, et al. v. Johnson*, No. 06CV00184 (RMU) (D. D.C.). Plaintiffs filed a complaint on February 2, 2006 and their First Amended Complaint on April 14, 2006, claiming that EPA had failed to perform non-discretionary duties under CAA section 111(b)(1)(B) to review and, if appropriate, revise the new source performance standards (“NSPS”) for nonmetallic mineral processing plants (Subpart OOO) and for coal preparation plants (Subpart Y). Under the proposed consent decree, within 18 months from when the Court enters the consent decree, EPA would be required to sign, and promptly forward to the Office of Federal Register, one or a combination of the following for each NSPS: (a) A proposed or final determination that review of the NSPS is not appropriate in light of readily available information on the efficacy of such standard; (b) a proposed determination that based on a complete review of the NSPS, revision is not appropriate; or (c) a proposed rule containing revisions to the NSPS. Within 30 months from when the Court

enters the consent decree, EPA would be required to sign and promptly forward to the Office of Federal Register one or a combination of the following for each NSPS: (a) A final determination that review of the NSPS is not appropriate in light of readily available information on the efficacy of such standard; (b) a final determination that based on a complete review of the NSPS, revision is not appropriate; or (c) a final rule containing revisions to the NSPS.

DATES: Written comments on the proposed consent decree must be received by September 28, 2006.

ADDRESSES: Submit your comments, identified by Docket ID number EPA–HQ–OGC–2006–0727, online at <http://www.regulations.gov> (EPA’s preferred method); by e-mail to

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

Under the terms of the proposed consent decree, once the Court enters the decree EPA will begin its efforts involving NSPS Subparts OOO and Y to determine what is needed for each NSPS. Within eighteen (18) months of entry of the consent decree, the appropriate EPA official will sign and promptly forward to the Office of Federal Register one or a combination of the following for each NSPS: (a) A proposed or final determination that review of the NSPS is not appropriate in light of readily available information on the efficacy of such standard; (b) a proposed determination that based on a complete review of the NSPS, revision is not appropriate; or (c) a proposed rule containing revisions to the NSPS.

Within thirty (30) months of entry of the consent decree, the appropriate EPA official will sign and promptly forward to the Office of Federal Register one or a combination of the following for each NSPS: (a) A final determination that review of the NSPS is not appropriate in light of readily available information on the efficacy of such standard; (b) a final determination that based on a complete review of the NSPS, revision is not appropriate; or (c) a final rule containing revisions to the NSPS.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comments which may be submitted, that consent to the consent decree should be withdrawn, the terms of the decree will be affirmed.

II. Additional Information About Commenting on the Proposed Consent Decree

A. How Can I Get A Copy of the Consent Decree?

Direct your comments to the official public docket for this action under Docket ID No. EPA-HQ-OGC-2006-0727 which contains a copy of the consent decree. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through <http://www.regulations.gov>. You may use the <http://www.regulations.gov> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the

appropriate docket identification number.

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at <http://www.regulations.gov> without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and to Whom Do I Submit Comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <http://www.regulations.gov> Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you

provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through <http://www.regulations.gov>, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Dated: August 21, 2006.

Associate General Counsel.
