

protest coordinator at 202-452-5112, and e-mails to Brenda_Hudgens-Williams@blm.gov. Please direct the follow-up letter to the appropriate address provided below. The protest must contain:

(1) The name, mailing address, telephone number and interest of the person filing the protest;

(2) A statement of the issue or issues being protested;

(3) A statement of the part or parts of the plan amendment (Proposed Plan) being protested;

(4) A copy of all documents addressing the issue or issues that were submitted during the planning process by the protesting party or an indication of the date the issue or issues were discussed for the record; and

(5) A concise statement explaining why the State Director's decision is believed to be wrong.

All protests must be in writing and mailed to one of the following addresses:

Regular Mail: Director (210), Attention: Brenda Williams, P.O. Box 66538, Washington, DC 20035.

Overnight Mail: Director (210), Attention: Brenda Williams, 1620 L Street, NW., Suite 1075, Washington, DC 20036.

Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your protest. Such requests will be honored to the extent allowed by law. All protests from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety. The Director will promptly render a decision on protests. The decision will be in writing and will be sent to the protesting party by certified mail, return receipt requested. The decision of the Director is the final decision of the Department of the Interior.

Dated: May 17, 2006.

Jamie E. Connell,
Field Manager.

BILLING CODE 4310-JB-P

DEPARTMENT OF THE INTERIOR

National Park Service

White-tailed Deer Management Plan/ Environmental Impact Statement, Valley Forge National Historical Park, King of Prussia, PA

AGENCY: National Park Service, Interior.

ACTION: Notice of intent to prepare a White-tailed Deer Management Plan/Environmental Impact Statement, Valley Forge National Historical Park, King of Prussia, Pennsylvania.

SUMMARY: Under the provisions of the National Environmental Policy Act of 1969, the National Park Service (NPS) will prepare a White-tailed Deer Management Plan/Environmental Impact Statement (EIS) for Valley Forge National Historical Park (NHP), King of Prussia, Pennsylvania. The purpose of this plan and EIS is to support long-term protection, preservation, and restoration of native vegetation and other natural resources within the park. A scoping brochure will be prepared that details the issues identified to date, and possible alternatives to be considered. Brochures may be obtained from Kristina Heister, Natural Resources Manager, Valley Forge NHP or from the Valley Forge NHP Web site (<http://www.nps.gov/vafo>).

DATES: The NPS will accept comments from the public regarding this Notice of Intent until October 10, 2006. In addition, several public scoping meetings will be conducted in the Valley Forge area beginning in Fall 2006. Please check local newspapers, the park Web site or contact Kristina Heister.

ADDRESSES: Information will be available for public review and comment at the Valley Forge NHP library by appointment (Contact dona_mcdermott@nps.gov), local public libraries, park Web site at <http://www.nps.gov/vafo>, and the Planning, Environment and Public Comment (PEPC) Web site at <http://parkplanning.nps.gov>.

FOR FURTHER INFORMATION CONTACT: Kristina Heister, Natural Resources Manager, Valley Forge NHP, 1400 North Outer Line Drive, King of Prussia, Pennsylvania 19406, or kristina_heister@nps.gov.

SUPPLEMENTARY INFORMATION: A major purpose of Valley Forge National Historical Park is preservation of the "cultural and natural resources that embody and commemorate the Valley Forge experience and the American Revolution." The purpose of this plan

and environmental impact statement is to support long-term protection, preservation, and restoration of native vegetation and other natural resources within the park. A deer management plan is needed at this time to address browsing by an increasing number of deer over the past two decades and resulting changes in the species composition, abundance, and distribution of native plant communities and associated wildlife. The plan will also provide opportunities for coordinating management actions with other jurisdictional entities. The plan will develop an informed, scientifically-based approach to deer management that will maintain a white-tailed deer population within the park while ensuring the natural resources that support the purposes of Valley Forge National Historical Park remain in good condition.

A set of objectives further describing the purpose of the plan will be included in the public scoping brochure. A list of preliminary alternatives that will be considered to meet the purpose and need, including continuation of current management (no-action alternative) also will be provided.

Persons commenting on the purpose, need, objectives, preliminary alternatives, or any other issues associated with the plan, may submit comments by any one of several methods (see below). The dates and times of public scoping meetings will be advertised a minimum of 15 days in advance. Notice of the meetings will be posted in local newspapers, libraries, on the park Web site and the Planning, Environment and Public Comment (PEPC) Web site. In addition, a public scoping brochure will be mailed to interested parties.

Comments may be mailed to Natural Resource Management, Valley Forge NHP, 1400 North Outer Line Drive, King of Prussia, Pennsylvania 19406 or sent via the Internet at <http://parkplanning.nps.gov>. Please submit Internet comments as a text file avoiding the use of special characters and any form of encryption. Please put "Deer Management" in the subject line and include your name and return address in your Internet message. If persons commenting do not receive a receipt confirmation from the system, please contact Kristina Heister.

Our practice is to make comments, including names, home addresses, home phone numbers, and e-mail addresses of respondents, available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this

information you must state this prominently at the beginning of your comments. In addition, you must present a rationale for withholding this information. This rationale must demonstrate that disclosure would constitute a clearly unwarranted invasion of privacy. Unsupported assertions will not meet this burden. In the absence of exceptional, documentable circumstances, this information will be released. We will always make submissions from organizations or businesses, and from individuals identifying themselves as representatives of or officials of organizations or businesses, available for public inspection in their entirety.

Dated: August 30, 2006.

Mary Bomar,

Regional Director, Northeast Region.

BILLING CODE 4310-DJ-P

DEPARTMENT OF JUSTICE

[AAG/A Order No. 014-2006]

Privacy Act of 1974; System of Records

Pursuant to the Privacy Act of 1974 (5 U.S.C. 552a), notice is hereby given that the Justice Management Division (JMD), Department of Justice (DOJ), proposes to revise a system of records entitled "Nationwide Joint Automated Booking System (JABS), Justice/DOJ-005," last published April 23, 2001 (66 FR 20478). JABS is an important Department of Justice (Department) information sharing project among its law enforcement components: Bureau of Prisons (BOP), Drug Enforcement Administration (DEA), Federal Bureau of Investigation (FBI), U.S. Marshals Service (USMS), and the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF). Additionally, the customs and border security functions within the Border and Transportation Security (BTS) Directorate of the Department of Homeland Security (DHS) are using JABS.

The JABS Program directly supports the President's Homeland Security initiative by automating the booking process and providing a secure mechanism to rapidly and positively identify an individual based on a fingerprint submission to the IAFIS. The JABS Program is a multi-agency initiative that is not restricted to Department of Justice users. In June 2004, the USMS added the Inter-Agency booking functionality to their Automated Booking System (ABS) to provide automated submission of

booking packages for Federal law enforcement agencies that routinely bring their suspects to the USMS for booking. The strategic goal of the JABS Program is to facilitate electronic access to IAFIS for any Federal law enforcement agency/office that has a requirement to submit fingerprints to the FBI.

Title 5 U.S.C. 552a(e)(4) and (11) provide that the public be given a 30-day period in which to comment on the revised system of records. The Office of Management and Budget (OMB), which has oversight responsibility under the Act, requires that it be given a 40-day period in which to review the system notice.

Therefore, please submit any comments by October 17, 2006. The public, OMB, and the Congress are invited to send written comments to Mary Cahill, Management and Planning Staff, Justice Management Division, Department of Justice, Washington, DC 20530 (Room 1400, National Place Building), (202) 307-1823.

A description of the system of records is provided below.

In accordance with 5 U.S.C. 552a(r), DOJ has provided a report on the revised system to OMB and the Congress.

Dated: August 29, 2006.

Lee J. Lofthus,

Acting Assistant Attorney General for Administration.

JUSTICE/DOJ-005

SYSTEM NAME:

Nationwide Joint Automated Booking System (JABS).

SECURITY CLASSIFICATION:

Sensitive but Unclassified.

SYSTEM LOCATION:

JABS Program Management Office, Department of Justice, Washington, DC 20530 with data collection sites in multiple federal locations.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Alleged criminal offenders who have been detained, arrested, booked, or incarcerated. The remainder of this notice will refer to all persons covered by the System as "alleged criminal offender" or "arrestee".

CATEGORIES OF RECORDS IN THE SYSTEM:

Records may include certain generic or "common" data elements which have been collected by an arresting federal agency at its automated booking station (ABS). An agency may book an alleged criminal offender on behalf of another agency which performed the arrest.

Such common data (certain data elements) have been identified by law enforcement as those case and biographical data routinely collected by the law enforcement community during the booking process, e.g., name, date and place of birth, citizenship, hair and eye color, height and weight, occupation, social security number, place, date and time of arrest and jail location, charge, disposition, any other pertinent information related to known activities relevant or unique to the subject. Finally, such data may include electronic fingerprints, mugshots, and pictures of applicable scars, marks, and tattoos.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

8 U.S.C. 1324 and 1357(f) and (g); 28 U.S.C. 534, 564, 566; 5 U.S.C. 301 and 44 U.S.C. 3101; 18 U.S.C. 3621, 4003, 4042, 4082, 4086; 26 U.S.C. 7608; and Comprehensive Drug Abuse Prevention and Control Act of 1970 (Pub. L. 91-513), 21 U.S.C. 801 *et seq.* and Reorganization Plan No. 2 of 1973.

PURPOSE:

Nationwide JABS enables the conduct of automated booking procedures by participating law enforcement organizations and provides an automated capability to transmit fingerprint and image data to the Federal Bureau of Investigation's (FBI) Integrated Automated Fingerprint Identification System (IAFIS), Justice/FBI-009 Fingerprint Identification Records Systems (FIRS). JABS maintains a repository of common offender data elements for identification of arrestees by participating federal law enforcement organizations. JABS eliminates repetitive booking of offenders for a single arrest and booking, and thereby eliminates the need for duplicate bookings, i.e., the collection of much the same data by multiple agencies in prisoner processing activities involving such agencies from arrest through incarceration. In addition, JABS standardized booking data elements, enabling cross-agency sharing of booking information, enhancing cooperation among law enforcement agencies, and reducing the threat to law enforcement officials and the public by facilitating the rapid and positive identification of offenders.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

Where necessary and/or appropriate, the DOJ may disclose relevant information from the JABS repository and may allow electronic access as follows:
