

for critical vehicle validation. Furthermore, the device causes the logger to suspend all message transmissions in error. As a result of its detailed investigations on this matter, FCA has concluded that utilizing paper records of duty status (RODS) and/or another HOS compliance application besides an ELD is the most effective and accurate method of measuring and reporting HOS that is compatible with its data loggers. FCA further includes a number of exhibits which demonstrate the problems described in the application when utilizing ELDs. The Company also includes HOS and other general compliance forms currently used to remain in compliance with the appropriate Federal Motor Carrier Safety Regulations.

IV. Method To Ensure an Equivalent or Greater Level of Safety

According to FCA, the granting of this exemption will have no negative impact on public safety or compliance with the HOS regulations. FCA takes the safety of its employees and the general public seriously. All product development off-site road trips are planned months in advance, and the participants, details of the testing protocol, routing and choice of lodgings are selected to maintain HOS compliance. Its employees have been using paper RODS to record HOS for the past five years. FCA utilizes print and on-line training tools to instruct its employees in CMV Driver Basics; Compliance, Safety, Accountability Know the Basics; Driver Vehicle and Road Side Inspections; and HOS Driver Training. FCA further recognizes that employees rotate annually between vehicle platforms and therefore conducts several safe driving workshops annually at its facilities to introduce and reinforce the following: Preparing to drive a CMV and driver fatigue; the basics of vehicle handling and safe braking with and without a trailer; truck-trailer backing skills including backing up an inclined road and parking; downhill braking techniques with ballasted trailers; and demonstration of proper truck/trailer connections (conventional, fifth wheel and gooseneck). All FCA attendees will have an opportunity to practice driving, parking and safe backing skills. FCA requests a two-year exemption from the ELD requirements in 49 CFR part 395 subpart B.

A copy of FCA's application for exemption is available for review in the docket for this notice.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2018-0235]

Hours of Service of Drivers: Wolfe House Movers, LLC and Wolfe House Movers of Indiana, LLC; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that it has received a joint application from Wolfe House Movers, LLC and Wolfe House Movers of Indiana, LLC (Wolfe) requesting an exemption from the hours-of-service (HOS) regulations for drivers operating commercial motor vehicles (CMV) that transport steel beams and dollies to and from various job sites for lifting and moving buildings. Wolfe requests an exemption to use the 70-hour/8-day rule for its CMV operations although the company does not operate CMVs 7 days a week. FMCSA requests public comment on this application for exemption.

DATES: Comments must be received on or before November 19, 2018.

ADDRESSES: You may submit comments identified by Federal Docket Management System Number FMCSA-2018-0235 by any of the following methods:

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages you to participate by submitting comments and related materials.

Submitting Comments

If you submit a comment, please include the docket number for this notice (FMCSA-2018-0235), indicate the specific section of this document to which the comment applies, and provide a reason for suggestions or recommendations. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so the Agency can contact you if it has questions regarding your submission.

To submit your comment online, go to www.regulations.gov and put the docket number, "FMCSA-2018-0235" in the "Keyword" box, and click "Search." When the new screen appears, click on "Comment Now!" button and type your comment into the text box in the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for

copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period and may grant or not grant this application based on your comments.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period (up to 5 years) and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Request for Exemption

Wolfe House Movers, LLC (USDOT 1279267), and Wolfe House Movers of Indiana, LLC (USDOT 1679025) (Wolfe) seek an exemption from the HOS requirements of 49 CFR 395.3(b)(1) which prohibits a motor carrier from permitting or requiring a driver to drive a property-carrying CMV after the driver has been on duty 60 hours within a period of 7 consecutive days if the employing motor carrier does not operate CMVs every day of the week. Wolfe does not operate CMVs every day of the week and is prohibited from using the 70-hour/8-day rule in 49 CFR 395.3(b)(2) for its business operations.

According to Wolfe, its primary line of business is lifting and moving buildings. Drivers employed by Wolfe transport steel beams and dollies to and from various jobsites where work is performed. Wolfe advises that its owners believe that Sunday is a day of

rest and worship and refuse any business opportunities that would require Sunday work.

Because Wolfe does not conduct business on Sunday, its commercial business operations are subject to the 60-hours-in-7-day rule set forth in 49 CFR 395.3(b)(1). Due to the geographical spread of its operations, Wolfe asserts that the 60 hour limitation is a substantial burden. Wolfe explained in its application that the company attempts to schedule work so that all crews can be at their home terminal before the 60th on-duty hour of the week. However, weather, traffic, or jobsite conditions sometimes delay completion of projects causing crews to be stranded one or two hours' drive from the home terminal. When delays occur relief drivers are sent in non-commercial vehicles to pick up stranded drivers so that the drivers who have run out of hours can drive back to the home terminal using the non-commercial vehicles while the relief drivers return the CMVs to the terminal.

Wolfe reports that it is a small company and it is difficult to have relief drivers available on short notice and it is unproductive and costly for the company. Wolfe asserts that the stress and pressure associated with approaching the 60-hour cut-off is likely to have a detrimental effect on the safety performance of even well-trained and well-qualified drivers.

According to Wolfe, allowing it to use the 70-hour/8-day HOS ruleset for all drivers not operating CMVs on Sundays would provide the following significant safety benefits:

- The need for relief drivers would be significantly reduced or completely eliminated. This would result in fewer on-road miles driven (by eliminating the need for a relief driver to drive up to 100 miles out to pick up the CMV and for the regular driver to drive the non-CMV back the same 100 miles). This would also mean that the CMV would continue to be driven by the driver most familiar with it, rather than a part-time driver.
- Drivers would be less stressed, knowing that they have sufficient time to complete their weekly schedule even if they are delayed by heavy traffic, weather conditions, etc.

A copy of Wolfe's application for exemption is available for review in the docket for this notice.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2018-0302]

Hours of Service of Drivers: Transco, Inc.; Application for Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that it has received an application from Transco, Inc. (Transco) for an exemption from the 30-minute rest break provision of the Agency's hours-of-service (HOS) regulations for commercial motor vehicle (CMV) drivers. Transco requests that its drivers be permitted to comply with the 30-minute rest break requirement while performing on-duty, not-driving tasks. The requested exemption would apply to all Transco drivers in its grocery and food service divisions who make wholesale deliveries to grocery and convenience stores. Transco believes that the exemption, if granted, will achieve a level of safety equivalent to the level that would be achieved absent the exemption. FMCSA requests public comment on Transco's application for exemption.

DATES: Comments must be received on or before November 19, 2018.

ADDRESSES: You may submit comments identified by Federal Docket Management System (FDMS) Number FMCSA-2018-0302 by any of the following methods:
