I. Background

The Secretary of Labor renewed the MACOSH charter for two years on January 23, 2017. MACOSH is a Federal Advisory Committee established under the authority of the Occupational Safety and Health Act (OSH Act) (29 U.S.C. 651 et seq.), the Federal Advisory Committee Act (FACA) 5 U.S.C. App. 2, and regulations issued pursuant to those statutes (29 CFR part 1912, 41 CFR part 102-3). The Committee advises the Secretary of Labor on matters relating to occupational safety and health programs, enforcement, new initiatives, and standards for the maritime industries of the United States, which include longshoring, marine terminals, commercial fishing, and shipyard employment. OSHA invites persons interested in serving on MACOSH to submit their names for consideration for Committee membership.

MACOSH reports to the Secretary of Labor through OSHA, and functions solely as an advisory body. MACOSH provides recommendations and advice to the Department of Labor and OSHA on various policy issues pertaining to safe and healthful employment in the maritime industries. The Secretary of Labor consults with MACOSH on various subjects, including: Ways to increase the effectiveness of safety and health standards that apply to the maritime industries, injury and illness prevention, the use of stakeholder partnerships to improve training and outreach initiatives, and ways to increase the national dialogue on occupational safety and health. In addition, MACOSH provides advice on enforcement initiatives that will improve the working conditions and the safety and health of workers in the maritime industries. The Committee meets approximately two times per year. Committee members serve without compensation, but OSHA provides travel and per diem expenses. Members serve a two-year term, which begins from the date of appointment by the Secretary of Labor. The term of the most recent MACOSH membership expired on January 20, 2018.

II. MACOSH Membership

MACOSH consists of not more than 15 members appointed by the Secretary of Labor. The Agency seeks committed members who have a strong interest in the safety and health of workers in the maritime industries. The U.S. Department of Labor is committed to equal opportunity in the workplace. The Secretary of Labor will appoint members to create a broad-based, balanced, and diverse committee

reflecting the shipyard, longshoring, and commercial fishing industries, and representing affected interests such as employers, employees, safety and health professional organizations, government organizations with interests or activities related to the maritime industry, academia, and the public.

Nominations of new members, or resubmissions of former members, will be accepted in all categories of membership. Interested persons may nominate themselves or submit the name of another person whom they believe to be interested in and qualified to serve on MACOSH. Nominations may also be submitted by organizations from one of the categories listed above (e.g., employer, employee, public, safety and health professional organization, state safety and health agency, academia).

III. Submission Requirements

Nominations must include the following information:

(1) Nominee's contact information and current employment or position;

(2) Nominee's resume or curriculum vitae, including prior membership on MACOSH and other relevant organizations and associations:

(3) Maritime industry interest (e.g., employer, employee, public, safety and health professional organization, state safety and health agency, academia) that the nominee is qualified to represent:

(4) A summary of the background, experience, and qualifications that addresses the nominee's suitability for membership; and

(5) A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in MACOSH meetings, and has no conflicts of interest that would preclude membership on MACOSH.

OSHA will conduct a basic background check of candidates before their appointment to MACOSH. The background check will involve accessing publicly available, internet-based sources.

IV. Member Selection

The Secretary of Labor will select MACOSH members based on their experience, knowledge, and competence in the field of occupational safety and health, particularly in the maritime industries. Information received through this nomination process, and other relevant sources of information, will assist the Secretary of Labor in appointing members to MACOSH. In selecting MACOSH members, the Secretary of Labor will consider individuals nominated in response to this Federal Register notice, as well as other qualified individuals. OSHA will

publish a list of MACOSH members in the **Federal Register**.
