

within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, and will be notified of any meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenter will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 3 copies of the protest or intervention to the Federal Energy

Regulatory Commission, 888 First Street NE, Washington, DC 20426.

#### SUPPLEMENTARY INFORMATION:

*Title:* FERC-714, Annual Electric Balancing Authority Area and Planning Area Report.

*OMB Control No.:* 1902-0140.

*Type of Request:* Three-year extension of the FERC-714 information collection requirements with no changes to the current reporting requirements.

*Abstract:* The Commission uses the FERC-714 data to analyze power system operations. These analyses estimate the effect of changes in power system operations resulting from the installation of a new generating unit or plant, transmission facilities, energy transfers between systems, and/or new points of interconnections. The FERC-714 data assists in providing a broad picture of interconnected balancing authority area operations including comprehensive information of balancing authority area generation, actual and scheduled inter-balancing authority area power transfers, and net energy for load, summer and winter generation peaks and system lambda. The Commission also uses the data to prepare status reports on the electric utility industry including a review of inter-balancing authority area bulk power trade information.

The Commission uses the collected data from planning areas to monitor forecasted demands by electric utilities with fundamental demand responsibilities and to develop hourly demand characteristics.

*Type of Respondent:* Electric utility balancing authorities and planning areas in the United States.

*Estimate of Annual Burden<sup>1</sup>:* The Commission estimates the annual public reporting burden and cost<sup>2</sup> (rounded) for the information collection as follows:

- Accountants and Auditors (Code 13-2011), \$56.59/hr.
- Transportation, Storage, and Distribution Managers (Code 11-3071), \$75.34/hr.
- Power Distributors and Dispatchers (Code 51-8012), \$53.48/hr.

The average hourly cost (wages plus benefits) for the above wages is \$72.29/hour (rounded \$72.00).

For further explanation of what is included in the information collection burden, refer to 5 CFR 1320.3.

<sup>2</sup> The hourly cost (for salary plus benefits) uses the figures from the Bureau of Labor Statistics, May 2017, for the listed reporting requirements. These figures include salary (<https://www.bls.gov/oes/>

[current/naics2\\_22.htm](http://current/naics2_22.htm)) and benefits <http://www.bls.gov/news.release/ecec.nr0.htm>) and are:
