SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection.

Respondents will be commercial fishing industry individuals, partnerships, and corporations which entered into Capital Construction Fund (CCF) agreements with the Secretary of Commerce allowing deferral of Federal taxation on fishing vessel income deposited into the fund for use in the acquisition, construction, or reconstruction of fishing vessels. Deferred taxes are recaptured by reducing an agreement vessel's basis for

depreciation by the amount withdrawn from the fund for its acquisition, construction, or reconstruction. The Capital Construction Fund Agreement and Certificate Family of Forms is required pursuant to 50 CFR part 259.2, 50 CFR part 259.9 and Public Law 115-97 (Tax Cuts and Jobs Act of 2017). The deposit/withdrawal information collected from agreement holders is required pursuant to 50 CFR part 259.7 and Public Law 115-97. The information collected from applicants for the CCF Agreement is used to determine their eligibility to participate in the CCF Program. The information collected from agreement holders for the Certificate Family of Forms is used to identify their program eligible vessels, their program projects and to certify the cost of a project at completion. The information collected on the deposit/withdrawal report form is required to ensure that agreement holders are complying with fund deposit/withdrawal requirements established in program regulations and properly accounting for fund activity on their Federal income tax returns. The information collected on the deposit/withdrawal report must also be reported semi-annually to the Secretary of Treasury in accordance with the Tax Reform Act.

II. Method of Collection

The information will be collected on forms submitted electronically, by mail or by fax.
