You may submit your comments and material by mail, hand delivery, fax or electronic means to the Docket Management Facility at the address under **ADDRESSES**.

Regulatory History

On August 1, 2006, the Coast Guard published a notice of proposed rulemaking (NPRM) (71 FR 43402) to establish permanent safety zones throughout the Great Lakes, which would restrict vessels from portions of the Great Lakes during live fire gun exercises that will be conducted by Coast Guard cutters and small boats. The initial comment period for this NPRM ended on August 31, 2006. In response to public requests, the Coast Guard re-opened the comment period on this NPRM. (71 FR 53629, September 12, 2006) Re-opening the comment period from September 12, 2006 to November 13, 2006, provides the public more time to submit comments and recommendations. On September 19, 2006, the Coast Guard published a brief

document announcing the dates of public meetings and indicating that more detailed information related to the meetings would be published at a later date (71 FR 54792). This document provides detailed information regarding the actual location of the public meetings and topics to be discussed.

Background and Purpose

The thirty-four permanent safety zones proposed in the NPRM will be located throughout the Great Lakes in order to accommodate the training needs of 57 separate Coast Guard units. The proposed safety zones are all located more than three nautical miles from the shoreline. Establishing permanent training areas serves to notify the public and solicit its input on selection of the training locations.

The proposed safety zones will be enforced only when training is conducted, and then only after notice by the Captain of the Port for the area in which the exercise will be held. The Captain of the Port will use all appropriate means to effect the widest publicity among the affected segments of the public, including publication in the **Federal Register** if practicable, in accordance with 33 CFR 65.7(a). Such means of notification may also include, but are not limited to, Broadcast Notice to Mariners or Local Notice to Mariners. The appropriate Captain of the Port will also issue a Broadcast Notice to Mariners and Local Notice to Mariners notifying the public when enforcement of a live fire exercise safety zone is suspended.

Interested individuals are encouraged to attend the open house forums and public meetings, provide comments and ask questions about the weapons training areas.

Meeting Times and Topics

The meetings are expected to run from 5:30 p.m. to 8 p.m. (local). We may end the meetings early if there are no additional comments or questions. Topics to be covered during the public meetings include the following:

- (1) Introduction of the proposed zones and the need to train on the Great Lakes;
- (2) How the Coast Guard determined the locations of the zones;
- (3) Scheduling and frequency of training in the zones;
- (4) Notification procedures;
- (5) Safety procedures;
- (6) Weapons and munitions; and
- (7) Environmental risk assessment overview.

Before the start of the formal public meetings, from 4 p.m. to 5:30 p.m. (local), the Coast Guard is hosting an open house so that the public can speak

with Coast Guard personnel and obtain more information on the proposed zones.

Procedure

Each open house and meeting is open to the public. Ideally, comments will provide specific information and facts related to the impact of the zone(s) on the commenter. Detailed and focused comments will enable the Coast Guard to address identified areas of concern in the rulemaking process. Please note that the meeting may close early if all business is finished. If you are unable to attend, you may submit comments to the Docket Management Facility at the address under **ADDRESSES** by November 13, 2006.

Information on Services for Individuals With Disabilities

If you plan to attend any of the public meetings and require special assistance, such as sign language interpretation or other reasonable accommodations, please contact us as indicated in **FOR FURTHER INFORMATION CONTACT**. Requests for special assistance should reach the Coast Guard within 7 business days of the meeting you plan to attend.

Dated: September 21, 2006.

John E. Crowley, Jr.,

Rear Admiral, U.S. Coast Guard, Commander, Ninth Coast Guard District.

Subsistence Management Regulations for Public Lands in Alaska; Kenai Peninsula Subsistence Resource Region

AGENCIES: Forest Service, Agriculture; Fish and Wildlife Service, Interior.

ACTION: Proposed rule; extension of comment period.

SUMMARY: We, the Federal Subsistence Board, are extending the comment period through November 9, 2006, on the proposed rule that would amend the regulations governing subsistence use of fish and wildlife in Alaska by creating

an additional subsistence resource region for the Kenai Peninsula.

DATES: The comments period on the proposed rule is extended through November 9, 2006.

ADDRESSES: You may submit comments electronically to Subsistence@fws.gov or via the Federal E-Rulemaking Portal at <http://www.regulations.gov>. See **SUPPLEMENTARY INFORMATION** for file format and other information about electronic filing. You may also submit written comments to the Office of Subsistence Management, 3601 C Street, Suite 1030, Anchorage, AK 99503.

FOR FURTHER INFORMATION CONTACT: For general subsistence management program questions, contact Pete Probasco at (907) 786-3888. For Forest Service questions, contact Steve Kessler, Regional Subsistence Program Leader, USDA-FS Alaska Region, at (907) 786-3592.

SUPPLEMENTARY INFORMATION:

Background

In Title VIII of the Alaska National Interest Lands Conservation Act (ANILCA) (16 U.S.C. 3111-3126), Congress found that "the situation in Alaska is unique in that, in most cases, no practical alternative means are available to replace the food supplies and other items gathered from fish and wildlife which supply rural residents dependent on subsistence uses * * *" and that "continuation of the opportunity for subsistence uses of resources on public and other lands in Alaska is threatened * * *". As a result, Title VIII requires, among other things, that the Secretary of the Interior and the Secretary of Agriculture (Secretaries) implement a joint program to grant a preference for subsistence uses of fish and wildlife resources on public lands in Alaska, unless the State of Alaska enacts and implements laws of general applicability that are consistent with ANILCA and that provide for the subsistence definition, preference, and participation specified in Sections 803, 804, and 805 of ANILCA.

The State implemented a program that the Department of the Interior previously found to be consistent with ANILCA. However, in December 1989, the Alaska Supreme Court ruled in *McDowell v. State of Alaska* that the rural preference in the State subsistence statute violated the Alaska Constitution. The Court's ruling in *McDowell* required the State to delete the rural preference from its subsistence statute and, therefore, negated State compliance with ANILCA. The Court stayed the effect of the decision until July 1, 1990. As a result of the *McDowell* decision,
