AGENCY: U.S. Census Bureau, Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: To ensure consideration, written comments must be submitted on or before April 10, 2018.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at PRAComments@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to David J. Gromos, U.S. Census Bureau, Economic Reimbursable Surveys Division, Room 6H151, Washington, DC 20233; (301) 763-4659 (or via the internet at david.j.gromos@census.gov).

SUPPLEMENTARY INFORMATION:**I. Abstract**

The U.S. Census Bureau plans to continue the current Office of Management and Budget clearance for the Annual Survey of School System Finances. The Annual Survey of School System Finances is the only comprehensive source of public elementary-secondary school system finance data collected on a nationwide scale using uniform definitions, concepts, and procedures. The collection covers the revenues, expenditures, debt, and assets of all public elementary-secondary school systems. This data collection has been coordinated with the National Center for Education Statistics (NCES). The NCES uses this collection to satisfy its need for school finance data.

Fiscal data provided by respondents aid data users in measuring the effectiveness of resource allocation. The products of this data collection make it possible for data users to search a single database to obtain information on such

things as per pupil expenditures and the percent of state, local, and federal funding for each school system.

Elementary-secondary education related spending is the single largest financial activity of state and local governments. Education finance statistics provided by the Census Bureau allow for analyses of how public elementary-secondary school systems receive their funding and how they are spending their funds.

II. Method of Collection

A letter is mailed electronically at the beginning of each survey period to solicit the assistance of the state education agencies. This letter officially announces the opening of the data collection period and requests some administrative data, such as the estimated date of submission, any change to the reporting format from prior year, and updated contact information for the state coordinator.

The survey form (F-33) contains item descriptions and definitions of the elementary-secondary education finance items collected jointly by the Census Bureau and NCES. It is used primarily as a worksheet and instruction guide by the state education agencies providing school finance data centrally for the school systems in their respective states. The Census Bureau collects almost all of the finance data for local school systems from state education agency databases through central collection arrangements with the state education agencies. The states transfer this information in electronic format over the internet via file transfer protocol. The Census Bureau has also facilitated central collection of school system finance data by accepting data in multiple formats.

Supplemental forms are sent to local school systems in states where the state education agency cannot centrally provide information on assets (F-33-L1), indebtedness (F-33-L2), or both (F-33-L3).

III. Data

OMB Control Number: 0607-0700.

Foreign-Trade Zones Board

[B-9-2018]

Foreign-Trade Zone 31—Granite City, Illinois; Application for Reorganization and Expansion Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by America's Central Port District, grantee of FTZ 31, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR Sec. 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u),

and the regulations of the Board (15 CFR part 400). It was formally docketed on February 5, 2018.

FTZ 31 was approved by the FTZ Board on September 6, 1977 (Board Order 122, 42 FR 46568; September 16, 1977) and expanded on January 16, 1985 (Board Order 289, 50 FR 3371; January 24, 1985) and October 3, 2003 (Board Order 1304, (68 FR 59162; October 14, 2003).

The current zone includes the following sites: *Site 1* (47 acres)—Tri-City Regional Port Complex, 2801 Rock Road, Granite City; *Site 3* (4.79 acres)—Fox Industries, 1100 Niedringhaus Avenue, Granite City; *Site 4* (2.82 acres)—Port District Industrial Park and Transportation Center, 1000 and 2000 Access Road, Madison; *Site 5* (2,254 acres)—Gateway Commerce Center, Intersection of 270 and I-255, Edwardsville; *Site 6* (458 acres)—River's Edge Industrial Park, 1635 West First Street, Granite City; and, *Site 7* (3,851 acres)—MidAmerica Airport, Intersection of I-64 and Route 4, Mascoutah.

The grantee's proposed service area under the ASF would be Bond, Calhoun, Clinton, Greene, Jersey, Macoupin, Madison, Monroe, Montgomery, Randolph, St. Clair, and Washington Counties, Illinois, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the St. Louis Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its zone to include existing Sites 1, 5 and 7 as "magnet" sites. The applicant requests that existing Site 1 be expanded to include the full port area and that existing Sites 4 and 6 be included as part of the expanded Site 1. As requested, the expanded Site 1 would total 1,530.6 acres. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. The applicant is also requesting the removal of Site 3 as well as Subzones 31A and 31C. The application would have no impact on Subzone 31B.

In accordance with the FTZ Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be

addressed to the FTZ Board's Executive Secretary at the address below. The closing period for their receipt is April 10, 2018. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 25, 2018.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230-0002, and in the "Reading Room" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz. For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482-0473.

Dated: February 5, 2018.
