AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of meeting of advisory committee.

SUMMARY: This document announces the first meeting of the Motorcyclist Advisory Council to the Federal Highway Administration (MAC–FHWA). The purpose of this meeting is to advise the Secretary of Transportation, through the Administrator of the Federal Highway Administration, on infrastructure issues of concern to motorcyclists, including (1) barrier design; (2) road design, construction, and maintenance practices; and (3) the architecture and implementation of intelligent transportation system technologies, pursuant to Section 1914 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU).

DATES: The first meeting of the MAC–FHWA is scheduled for October 24, 2006, from 8:30 a.m. until 4:30 p.m.

ADDRESS: The first MAC–FHWA meeting will be held at the Holiday Inn Capitol, 550 C Street, SW., Washington, DC 20024.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Halladay, the Designated Federal Official, Office of Safety, 202–366–2288, (michael.halladay@dot.gov), or Dr. Morris Oliver, Office of Safety, 202–366–2251, (morris.oliver@dot.gov), Federal Highway Administration, 400 Seventh Street, SW., Washington, DC 20590.

SUPPLEMENTARY INFORMATION:

Background

On August 10, 2005, the President signed into law the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU) (Pub. L. 109–59, 119 Stat. 1144). Section 1914 of SAFETEA–LU mandates the establishment of the Motorcyclist Advisory Council as follows: “The Secretary, acting through the Administrator of the Federal Highway Administration, in consultation with the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate, shall appoint a Motorcyclist Advisory Council to coordinate with

and advise the Administrator on infrastructure issues of concern to motorcyclists, including—

- (1) barrier design;
- (2) road design, construction, and maintenance practices; and
- (3) the architecture and implementation of intelligent transportation system technologies.”

In addition, Section 1914 specifies the membership of the council: “The Council shall consist of not more than 10 members of the motorcycling community with professional expertise in national motorcyclist safety advocacy, including—

- (1) at least—
 - (A) one member recommended by a national motorcyclist association;
 - (B) one member recommended by a national motorcycle riders foundation;
 - (C) one representative of the National Association of State Motorcycle Safety Administrators;
 - (D) two members of State motorcyclists’ organizations;
 - (E) one member recommended by a national organization that represents the builders of highway infrastructure;
 - (F) one member recommended by a national association that represents the traffic safety systems industry; and
 - (G) one member of a national safety organization; and
- (2) at least one, and not more than two, motorcyclists who are traffic system design engineers or State transportation department officials.”

To carry out this requirement, the FHWA published a notice of intent to form an advisory committee in the **Federal Register** on December 23, 2005 (70 FR 76353). This notice, consistent with the requirements of the Federal Advisory Committee Act (FACA), announced the establishment of the Council and invited comments and nominations for membership.

A total of forty-four (44) nominations were received to the docket for the motorcyclist advisory council; thirty-nine (39) were for specific individuals and five (5) nominated specific organizations. Many nominations came with multiple endorsements from Congress, motorcyclist organizations, and motorcycle companies. In addition, there were twenty-three (23) self-nominations. The FHWA selected the members based on elements such as consistency with the Congressional direction on the composition of the advisory council; recommendations received from associations and other organizations, Congressional recommendations; experience related to motorcyclist safety and transportation infrastructure; and geographical representation among the States.
