

session on Monday and the close of the regular session on Tuesday, then Monday's official closing price is used. This change will result in issuers no longer having the ability to establish market value based on an averaged price. It will also bring this aspect of the rule in line with the similar Nasdaq Stock Market rule.

The Exchange is also proposing to amend Section 312.03(b) to specify that it covers issuances that are part of a "series of related transactions". This proposed change parallels the language used in Section 312.03(c) relating to the issuance of 20% or more of a company's voting common securities.

In addition, the Exchange proposes to amend Section 703.01(A) to require that companies issuing shares from treasury in a transaction or series of related transactions notify the Exchange in writing in advance of the issuance, indicating whether shareholder approval is required pursuant to Section 312.03 and, if required, the date such shareholder approval was obtained. The Exchange also proposes to amend Sections 703.01(A) and 903.02 to require that companies indicate in the Subsequent Listing Application whether shareholder approval is required with respect to the issuance being listed pursuant to Sections 303A.08 or 312.03 and, if required, the date such shareholder approval was obtained.

2. Statutory Basis

The Exchange believes that its proposed rule change, as amended, is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange requested comment from listed companies and investors on

whether or not the treasury stock exception should be eliminated and received 19 comments in response. These comments are described in more detail above.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding, or (ii) as to which the NYSE consents, the Commission will:

A. General

The Computer Matching and Privacy Protection Act of 1988 (Public Law (Pub. L.) 100–503), amended the Privacy Act (5 U.S.C. 552a) by establishing the conditions under which computer matching involving the Federal government could be performed and adding certain protections for individuals applying for, and receiving Federal benefits. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 (Pub. L. 101–508) further amended the Privacy Act regarding protections for such individuals.

The Privacy Act, as amended, regulates the use of computer matching by Federal agencies when records in a system of records are matched with other Federal, State, or local government records. It requires Federal agencies involved in computer matching programs to:

- (1) Negotiate written agreements with the other agency or agencies participating in the matching programs;
- (2) Obtain the Data Integrity Boards' approval of the match agreements;
- (3) Publish notice of the computer matching programs in the **Federal Register**;
- (4) Furnish detailed reports about matching programs to Congress and OMB;
- (5) Notify applicants and beneficiaries that their records are subject to matching; and
- (6) Verify match findings before reducing, suspending, terminating or denying an individual's benefits or payments.

The matching program will also be used to implement provisions of Pub. L. 104–193, the Personal Responsibility and Work Reconciliation Act of 1996, involving the significance of Social Security coverage information to the eligibility of certain aliens for some Federal and State public benefits.
