SUPPLEMENTARY INFORMATION:**Background**

Pursuant to 19 U.S.C. 1505 and Treasury Decision 85-93, published in the **Federal Register** on May 29, 1985 (50 FR 21832), the interest rate paid on applicable overpayments or underpayments of customs duties must be in accordance with the Internal Revenue Code rate established under 26 U.S.C. 6621 and 6622. Section 6621 was amended (at paragraph (a)(1)(B) by the Internal Revenue Service Restructuring and Reform Act of 1998, Public Law 105-206, 112 Stat. 685) to provide different interest rates applicable to overpayments: one for corporations and one for non-corporations.

The interest rates are based on the Federal short-term rate and determined by the Internal Revenue Service (IRS) on behalf of the Secretary of the Treasury on a quarterly basis. The rates effective for a quarter are determined during the

first-month period of the previous quarter.

In Revenue Ruling 2006-49, the IRS determined the rates of interest for the calendar quarter beginning October 1, 2006, and ending December 31, 2006. The interest rate paid to the Treasury for underpayments will be the Federal short-term rate (5%) plus three percentage points (3%) for a total of eight percent (8%). For corporate overpayments, the rate is the Federal short-term rate (5%) plus two percentage points (2%) for a total of seven percent (7%). For overpayments made by non-corporations, the rate is the Federal short-term rate (5%) plus three percentage points (3%) for a total of eight percent (8%). These interest rates are subject to change for the calendar quarter beginning January 1, 2007, and ending March 31, 2007.

For the convenience of the importing public and Customs and Border Protection personnel the following list of IRS interest rates used, covering the period from before July of 1974 to date, to calculate interest on overdue accounts and refunds of customs duties, is published in summary format.

ACTION: Notice of Availability.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces that the Draft Environmental Impact Statement (EIS), Draft Comprehensive Conservation Plan (CCP), and Draft Land Protection Plan (LPP) are available for the Texas Chenier Plain National Wildlife Refuge Complex. We prepared this CCP pursuant to the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, and the National Environmental Policy Act of 1969 (NEPA); and we describe how the Service intends to manage this Refuge Complex over the next 15 years. This draft LPP was prepared pursuant to Service policy and the National Environmental Policy Act of 1969, and would expand the approved acquisition boundary for the four refuges within the Complex.

DATES: We must receive your comments on or before January 16, 2007.

ADDRESSES: A copy of the Draft EIS, CCP, and LPP is available on a compact disk (CD), and you may obtain a copy by writing: Doug St. Pierre, Natural Resource Planner, U.S. Fish and Wildlife Service, National Wildlife Refuge System, Southwest Region,

SUPPLEMENTARY INFORMATION: The

National Wildlife System Administration Act of 1966, as amended by the National Wildlife Refuge Improvement Act of 1997 (16 U.S.C. 668dd-668ee et seq.) requires a CCP. The purpose in developing CCPs is to provide refuge managers with a 15-year strategy for achieving refuge purposes and contributing toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife science, conservation, legal mandates, and Service policies. In addition to outlining broad management direction on conserving wildlife and their habitats, the CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation and photography, and environmental education and interpretation. We will review and update these CCPs at least every 15 years in accordance with the National Wildlife Refuge System Administration Act of 1966, as amended by the National Wildlife Refuge System Improvement Act of 1997, and the National Environmental Policy Act of 1969 (42 U.S.C 4321-4370d).

Background: The Texas Chenier Plain National Wildlife Refuge Complex contains four refuges: Moody National Wildlife Refuge, Anahuac National Wildlife Refuge, McFaddin National Wildlife Refuge, and Texas Point National Wildlife Refuge. The refuges are located along the Texas Coast,
