BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

Filings Instituting Proceedings

Docket Numbers: RP19–304–000.

Applicants: Alliance Pipeline L.P.

Description: § 4(d) Rate Filing: APL Waiver and Future Default Filing to be effective 12/20/2018.

Filed Date: 11/20/18.

Accession Number: 20181120–5083.

Comments Due: 5 p.m. ET 12/3/18.

Docket Numbers: RP19–305–000.

Applicants: Rockies Express Pipeline LLC.

Description: § 4(d) Rate Filing: Neg Rate 2018–11–20 BP 553076 to be effective 11/21/2018.

Filed Date: 11/20/18.

Accession Number: 20181120–5092.

Comments Due: 5 p.m. ET 12/3/18.

Docket Numbers: RP19–306–000.

Applicants: Greylock Pipeline, LLC.

Description: eTariff filing per 1430: 501 G filing.

Filed Date: 11/20/18.

Accession Number: 20181120–5102.

Comments Due: 5 p.m. ET 11/26/18.

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: November 21, 2018.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP18–534–000]

Notice of Availability of the Environmental Assessment for the Proposed Northern Natural Gas Company Northern Lights 2019 Expansion and Rochester Projects

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Northern Lights 2019 Expansion Project and the Rochester Project, proposed by Northern Natural Gas Company (Northern) in the above-referenced docket. Considering both projects, Northern requests authorization to construct, operate, and maintain new natural gas facilities in Carver, Freeborn, Hennepin, Le Sueur, Morrison, Mower, Olmsted, Rice, Steele, and Wright Counties, Minnesota, and to uprate the maximum allowable operating pressure (MAOP) of a line segment. The projects would allow Northern to provide 138,504 dekatherms per day of new firm natural gas transportation service to serve increased markets for industrial, commercial, and residential uses.

The EA assesses the potential environmental effects of the construction and operation of the Northern Lights 2019 Expansion Project and the Rochester Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed projects, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Minnesota Pollution Control Agency participated as a cooperating agency in the preparation of the EA. A cooperating agency has jurisdiction by law or special expertise regarding environmental impacts involved with the proposal, and is involved in the NEPA analysis.

The proposed projects includes the following facilities (all located in Minnesota):

Rochester Project

- Approximately 12.6 miles of new 16-inch-diameter pipeline in Olmsted County;
- Increase of MAOP on an existing 8-mile-long segment of 16-inch-diameter pipeline in Freeborn and Mower Counties;
- A new town border station with receiver in Olmsted County;
- Relocation of a regulator from Freeborn to Mower County; and
- Appurtenant facilities including two valves and a pig launcher at milepost 0.0 of the Rochester Greenfield Lateral.

Northern Lights 2019 Project

- Approximately 10.0 miles of new 24-inch-diameter pipeline in Hennepin and Wright Counties;
- Approximately 4.3 miles of new 8-inch-diameter pipeline loop extension in Morrison County;
- Approximately 1.6 miles of new 6-inch-diameter pipeline looping in Le Sueur County;
- Approximately 3.1 miles of new 24-inch-diameter pipeline extension in Carver County;
- Aa new 11,153-horsepower (hp) compressor station in Carver County;
- Aan additional 15,900 hp of compression at the existing Faribault Compressor Station in Rice County;
- An additional 15,900 hp of compression at the existing Owatonna Compressor Station in Steele County; and
- Appurtenant facilities including valves, pig launchers, and pig receivers.

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project areas. The EA is only available in electronic format. It may be viewed and downloaded from the FERC's website (www.ferc.gov), on the Environmental Documents page (<https://www.ferc.gov/industries/gas/enviro/eis.asp>). In addition, the EA may be accessed by using the eLibrary link on the FERC's website. Click on the eLibrary link (<https://www.ferc.gov/docs-filing/elibrary.asp>), click on General Search, and enter the docket number in the Docket Number field, excluding the last three digits (*i.e.* CP18–534). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov

or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any person wishing to comment on the EA may do so. Your comments should focus on EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on these projects, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on December 21, 2018.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website (www.ferc.gov) under the link to Documents and Filings. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on eRegister. You must select the type of filing you are making. If you are filing a comment on a particular project, please select Comment on a Filing; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket number (CP18534-000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214). Motions to intervene are more fully described at <http://www.ferc.gov/resources/guides/how-to/intervene.asp>. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. The Commission may grant affected landowners and others with

environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Additional information about the projects is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website (www.ferc.gov) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Dated: November 21, 2018.

BILLING CODE 6717-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, HHS.

ACTION: Request for public comment.

Title: Evaluation of Employment Coaching for TANF and Related Populations—Second Follow-Up Survey (OMB #0970-0506)

SUMMARY: The Administration for Children and Families (ACF) is proposing an additional data collection activity as part of the Evaluation of Employment Coaching for TANF and Related Populations. The Office of Management and Budget (OMB) Office of Information and Regulatory Affairs approved this information collection in March 2018 (0970-0506). ACF is proposing a second follow-up survey conducted as part of the evaluation.

DATES: *Comments due within 30 days of publication.* OMB is required to make a

decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Email: OIRA_SUBMISSION@OMB.EOP.GOV, Attn: Desk Officer for the Administration for Children and Families.

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information collection. Email address: OPREinfocollection@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: This study will provide an opportunity to learn more about the potential of coaching to help clients achieve self-sufficiency and other desired employment-related outcomes. It will take place over five years in the following employment programs: MyGoals for Employment Success in Baltimore, MyGoals for Employment Success in Houston, Family Development and Self-Sufficiency program in Iowa, LIFT in New York City, Chicago, and Los Angeles; Work Success in Utah; and Goal4 It! in Jefferson County, Colorado. Together, these programs will include Temporary Assistance for Needy Families (TANF) agencies and other public or private employment programs that serve low-income individuals. Each site will have a robust coaching component and the capacity to conduct a rigorous impact evaluation. This study will provide information on whether coaching helps people obtain and retain jobs, advance in their careers, move toward self-sufficiency, and improve their overall well-being. To meet these objectives, this study includes an impact and implementation study, as approved by OMB.

This submission builds on the existing impact study, which randomly assigned participants to either a "program group," who were paired with a coach, or to a "control group," who were not paired with a coach. The effectiveness of the coaching will be determined by differences between members of the program and control groups in outcomes such as obtaining and retaining employment, earnings,
