As of September 22, 2006, the EPA Docket Center (EPA/DC) Public Reading Room will be temporarily inaccessible to the public until November 6, 2006. Public access to docket materials will still be provided. The official public docket is available for public viewing by appointment only during this period. Appointments may be made by calling (202) 566-1744 or by e-mail to [oei.docket@epa.gov](mailto:oei.docket@epa.gov). The telephone number for the OEI Docket is (202) 566-1752.

#### *B. How and to Whom Do I Submit Comments?*

Direct your comments to the official public docket for this action under Docket ID No. EPA-HQ-OGC-2006-0813. You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the <http://www.regulations.gov> Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through <http://www.regulations.gov>, your e-mail address is automatically captured and included as part of the comment that is placed in the official

public docket, and made available in EPA's electronic public docket.

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at <http://www.regulations.gov> without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's

burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written Paperwork Reduction Act (PRA) comments should be submitted on or before November 20, 2006. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

#### **SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-0809.

*Title:* Communications Assistance for Law Enforcement Act (CALEA) and Broadband Access and Services, FCC Form 445.

*Form Number:* FCC 445.

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Business or other for profit entities.

*Number of Respondents:* 5,920.

*Estimated Time per Response:* 1-80 hours.

*Frequency of Response:*

Recordkeeping; On occasion reporting requirements; and Third party disclosure.

*Total Annual Burden:* 75,835 hours.

*Total Annual Costs:* N/A.

*Privacy Impact Assessment:* No impact(s).

*Needs and Uses:* The Communications Assistance for Law Enforcement Act (CALEA) requires the Commission to create rules that regulate the conduct and recordkeeping of lawful electronic surveillance. CALEA was enacted in October 1994 to respond to

rapid advances in telecommunications technology and eliminates obstacles faced by law enforcement personnel in conducting electronic surveillance. Section 105 of CALEA requires telecommunications carriers to protect against the unlawful interception of communications passing through their systems. Law enforcement officials use the information maintained by telecommunications carriers to determine the accountability and accuracy of telecommunications carriers' compliance with lawful electronic surveillance orders.

On May 12, 2006, the Commission released a *Second Report and Order and Memorandum Opinion and Order* in ET Docket No. 04–295, FCC 06–56, which became effective August 4, 2006, except for §§ 1.20004 and 1.2005 of the Commission's rules, which require OMB approval. The *Second Report and Order* established new guidelines for filing section 107(c) petitions, section 109(b) petitions, and monitoring reports (FCC Form 445). CALEA section 107(c)(1) permits a petitioner to apply for an extension of time, up to two years from the date that the petition is filed, and to come into compliance with a particular CALEA section 103 capability requirement. CALEA section 109(b) permits a telecommunication carrier covered by CALEA to file a petition with the FCC and an application with the Department of Justice (DOJ) to request that DOJ pay the costs of the carrier's CALEA compliance (cost-shifting relief) with respect to any equipment, facility or service installed or deployed after January 1, 1995. The *Second Report and Order* required several different collections of information:

(a) Within 90 days of the effective date of the *Second Report and Order*, facilities based broadband Internet access and interconnected Voice over Interconnected Protocol (VOIP) providers newly identified in the *First Report and Order* in this proceeding will be required to file system security statements under the Commission's rules. (Security systems are currently approved under the existing OMB 3060–0809 information collection).

(b) Petitions filed under Section 107(c), request for additional time to comply with CALEA; these provisions apply to all carriers subject to CALEA and are voluntary filings.

(c) Section 109(b), request for reimbursement of CALEA, would be modified; these provisions apply to all carriers subject to CALEA and are voluntary filings.

(d) The revised collection requires each carrier that has a CALEA section

107(c) extension petition currently on file to submit to the Commission a letter documenting that the carrier's equipment, facility or service qualifies for section 107(c) relief under the October 25, 1998, cutoff for such relief.

(e) The revised collection also requires all carriers providing facilities based broadband Internet access or interconnected VOIP services to file monitoring reports on FCC Form 445, "CALEA Monitoring Report for Broadband and VOIP Service," with the Commission to ensure timely CALEA compliance.

### SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–0719.

Title: Quarterly Report of IntraLATA Carriers Listing Payphone Automatic Number Identifications (ANIs).

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 400 respondents; 1,600 responses.

Estimated Time Per Response: 3.5 hours.

Frequency of Response: Quarterly reporting requirement, recordkeeping requirement and third party disclosure requirement.

Total Annual Burden: 5,600 hours.

Total Annual Cost: N/A.

Privacy Act Impact Assessment: N/A.

Needs and Uses: This collection will be submitted as an extension to the Office of Management and Budget (OMB) in order to obtain the full three year clearance.

Pursuant to the mandate in Section 276(b)(1)(A) to "establish a per call compensation plan to ensure that all payphone service providers are fairly compensated for each and every completed intrastate and interstate call". IntraLATA carriers are required to provide to interexchange carriers (IXCs) a quarterly report listing payphone by Automatic Number Identification (ANIs).

Without provision of this report, resolution of disputed ANIs would be rendered very difficult. IXCs would not be able to discern which ANIs pertain to payphones and therefore would not be able to ascertain which dial-around calls were originated by payphones for compensation purposes. There would be no way to guard against possible fraud. Without this reporting requirement, lengthy investigations would be necessary to verify claims. The quarterly
