SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Regulation SHO; SEC File No. 270-534; OMB Control No. 3235-0589.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget request for extension of the previously approved collection of information discussed below.

Regulation SHO

Proposed Regulation SHO, Rule 201 (17 CFR 242.200 through 242.203) requires each broker-dealer that effects a sell order in any equity security to mark the order "long," "short," or "short exempt." Proposed Regulation SHO, Rule 201 causes a collection of information because the rule's requirement that each order ticket be marked either "long," "short," or "short exempt" is a disclosure to third parties and the public imposed on ten or more persons.

The information required by the rule is necessary for the execution of the Commission's mandate under the Exchange Act to prevent fraudulent, manipulative, and deceptive acts and practices by broker-dealers. The purpose of the information collected is to enable regulators to monitor whether a person effecting a short sale is acting in accordance with proposed Regulation SHO. Without the requirement that each order or an equity security be marked either "long," "short," or "short exempt," there would be no means to police compliance with Regulation SHO.

We assume that all of the approximately 6,752 registered broker-dealers effect sell orders in securities covered by proposed Regulation SHO. For purposes of the Paperwork Reduction Act, the Commission staff has estimated that a total of 1,164,755,007 trades are executed annually.

This is an average of approximately 172,505 annual responses by each respondent. Each response of marking orders "long," "short," or "short exempt" takes approximately .000139 hours (.5 seconds) to complete. Thus, the total approximate estimated annual hour burden per year is 161,900 burden

hours (1,164,755,007 responses @ 0.000139 hours/response). A reasonable estimate for the paperwork compliance for the proposed rules for each broker-dealer is approximately 24 burden hours (172,505 responses @ .000139 hours/response) or (161,900 burden hours / 6,752 respondents).

The retention period for the recordkeeping requirement under Regulation SHO is three years following the trade date. The recordkeeping requirement under this Rule is mandatory to assist the Commission with monitoring the short sales of securities. This rule does not involve the collection of confidential information. Please note that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503 or by sending an e-mail to: David_Rostker@omb.eop.gov; and (ii) R. Corey Booth, Director/CIO, Office of Information Technology, Securities and Exchange Commission, c/o Shirley Martinson, 6432 General Green Way, Alexandria, VA 22312 or send an e-mail to: PRA_Mailbox@sec.gov. Comments must be submitted to OMB within 30 days of this notice.

Dated: October 10, 2006.

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54593; File No. SR-Amex-2006-97]

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Electronic Access Fee

October 12, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 4, 2006, the American Stock Exchange LLC ("Amex" or "Exchange") submitted

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

to the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. Amex filed the proposed rule change pursuant to Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Amex's Member Fee Schedule to reduce the Electronic Access Fee from \$61,363 to \$30,000. The text of the proposed rule change is available on Amex's Web site at <http://www.amex.com>, at the principal office of Amex, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Amex included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Amex has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposal is to amend Amex's Member Fee Schedule to reduce the Electronic Access Fee from \$61,363 to \$30,000. Amex currently charges a \$61,363 electronic access fee ("Fee") to Associate member firms⁵ which route order flow to the Exchange. Eleven out of the 42 Associate member firms currently registered with Amex pay the Fee each year.⁶

All new Associate members were required to pay the Fee when it was established in August of 2000.⁷ The

Exchange proposes to revise the Fee to reflect the current prices of seats and the prices to lease a seat. The fee change will not affect the value of the regular seats.

Of the 42 current Associate member firms, only two have been approved since August 2000, subjecting them to payment of the Fee. Furthermore, the number of Associate member firms with electronic access capability has significantly decreased over the past few years as such firms either terminate or change their status to an off-floor, regular membership.

The Exchange believes that the new reduced Fee will not undermine other Amex member firms and will appeal to regional firms interested in sending order flow to Amex, without the need for a physical presence at the Exchange. The Exchange asserts that the proposal is equitable as required by Section 6(b)(4) of the Act.

2. Statutory Basis

Amex believes that the proposed rule change is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Section 6(b)(4) of the Act,⁹ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using exchange facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change establishes or changes a due, fee, or other charge applicable only to a member imposed by the Exchange, and, therefore, has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and subparagraph (f)(2) of Rule 19b-4 thereunder.¹¹ At any time within 60 days of the filing of such proposed rule

change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54595; File No. SR-Amex-2006-78]

Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing of a Proposed Rule Change and Amendment No. 1 Thereto Relating to Generic Listing Standards for Series of Portfolio Depositary Receipts and Index Fund Shares Based On International or Global Indexes

October 12, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Exchange Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 18, 2006, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. On October 12, 2006, submitted Amendment No. 1 to the proposal.³ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to revise Amex Rules 1000 and 1000A to include generic listing standards for series of portfolio depositary receipts ("PDRs") and index fund shares ("IFSs") that are based on international or global indexes or on indexes. Additionally, the Exchange proposes to revise Amex Rules 1000 and 1000A to include generic listing standards for PDRs and IFSs that are based on indexes or portfolios previously approved by the Commission as an underlying benchmark for the trading of PDRs, IFSs, options or other specified index-based securities. The Amex also proposes to

make minor changes to Amex Rules 1000, 1002, 1000A and 1002A.

The text of the proposed rule change is available on the Amex's Web site (<http://www.amex.com>), at Amex's principal office, and at the Commission's Public Reference Room. The text of Exhibit 5 to the proposed rule change is also available on the Commission's Web site (<http://www.sec.gov/rules/sro.shtml>).

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Amex has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to revise Commentary .03 to Rule 1000 and Commentary .02 to Rule 1000A to include generic listing standards for series of PDRs and IFSs (PDRs and IFSs together referred to as "exchange-traded funds" or "ETFs") that are based on international or global indexes, or on indexes previously approved by the Commission under Section 19(b)(2) of the Exchange Act for the trading of ETFs, options or other index-based securities. This proposal will enable the Exchange to list and trade exchange-traded funds pursuant to Rule 19b-4(e)⁴ of the Exchange Act if each of the conditions set forth in Commentary .03 to Rule 1000 or Commentary .02 to Rule 1000A is satisfied. Rule 19b-4(e) provides that the listing and trading of a new derivative securities product by a self-regulatory organization ("SRO") shall not be deemed a proposed rule change, pursuant to paragraph (c)(1) of Rule 19b-4, if the Commission has approved, pursuant to Section 19(b) of the Exchange Act, the SRO's trading rules, procedures and listing standards for the product class that would include the new derivatives securities product, and the SRO has a surveillance program for the product class.⁵

Exchange-Traded Funds

Amex Rules 1000 *et seq.* allow for the listing and trading on the Exchange of PDRs. PDRs represent interests in a unit investment trust registered under the Investment Company Act of 1940⁶ ("1940 Act") that operates on an open-end basis and that holds the securities that comprise an index or portfolio. Amex Rules 1000A *et seq.* provide standards for the listing and trading of IFSs, which are securities issued by an open-end management investment company (open-end mutual fund) based on a portfolio of stocks or fixed income securities that seeks to provide investment results that correspond generally to the price and yield performance of a specified foreign or domestic stock index or fixed income securities index. Pursuant to Rules 1000 *et seq.* and 1000A *et seq.*, PDRs and IFSs must be issued in a specified aggregate minimum number in return for a deposit of specified securities and/or a cash amount, with a value equal to the next determined net asset value. When aggregated in the same specified minimum number, PDRs and IFSs must be redeemed by the issuer for the securities and/or cash, with a value equal to the next determined net asset value. The net asset value is calculated once a day after the close of the regular trading day.

To meet the investment objective of providing investment returns that correspond to the price, dividend and yield performance of the underlying index, ETFs may use a "replication" strategy or a "representative sampling" strategy with respect to the ETF portfolio.⁷ An ETF, using a replication strategy, will invest in each stock found in the underlying index in about the same proportion as that stock is represented in the index itself. An ETF, using a representative sampling strategy, will generally invest in a significant number of the component securities of the underlying index, but it may not invest in all of the component securities of its underlying index and will hold stocks that, in the aggregate, are intended to approximate the full index in terms of key characteristics, such as

five business days after the SRO begins trading the new derivative securities products. See Securities Exchange Act Release No. 40761 (December 8, 1998), 63 FR 70952 (December 22, 1998).

⁶ 15 U.S.C. 80a.

⁷ In either case, many ETFs, by their terms, may be considered invested in the securities of the underlying index to the extent the ETFs invest in sponsored American Depositary Receipts ("ADRs"), Global Depositary Receipts ("GDRs"), or European Depositary Receipts ("EDRs") representing securities in the underlying index that trade on an exchange with last sale reporting.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ In Amendment No. 1, Amex revised the proposed rule text and clarified certain aspects of its proposal.

⁴ 17 CFR 240.19b-4(e).

⁵ When relying on Rule 19b-4(e), the SRO must submit Form 19b-4(e) to the Commission within
