

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(2)(B) and 777(i)(1) of the Act and 19 CFR 351.214.

Dated: December 14, 2018.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Scope of the Order ¹

The product covered by the *Order* is wood flooring from China. For a complete description of the scope of this administrative review, see the Preliminary Decision Memorandum.²

(Dalian Penghong), Dalian Shumaike Floor Manufacturing Co., Ltd., Fusong Jinqiu Wooden Product Co., Ltd., Huzhou Jesonwood Co., Ltd. (Huzhou Jesonwood), and Dunhua City Jisen Wood Industry Co., Ltd. (Jisen Wood).⁴ Additionally, the *Order* was revoked with respect to the following companies: Armstrong Wood Products (Kunshan) Co., Ltd., Fine Furniture (Shanghai) Limited and Double F Limited, and Jisen Wood.⁵ Lastly, we inadvertently initiated the review with respect to Baroque Timber Industries (Zhongshan) Co., Ltd., despite no request for review of this company.⁶ Accordingly, Commerce is rescinding the administrative review with respect to these eight companies.⁷ See Appendix II for a complete list of these companies.

Preliminary Determination of No Shipments

Based on an analysis of information from U.S. Customs and Border Protection (CBP), no shipment certifications, and other record information, we preliminarily determine that 18 companies had no shipments of subject merchandise during the period

of review (POR).⁸ For additional information regarding this determination, see the Preliminary Decision Memorandum. Consistent with our practice in non-market economy (NME) cases, we are not rescinding this administrative review with respect to these companies but, rather, intend to complete the review and issue appropriate instructions to CBP based on the final results of the review.⁹

Separate Rates

We preliminarily determine that, in addition to mandatory respondents, Jiangsu Senmao Bamboo and Wood Industry Co., Ltd. (Jiangsu Senmao), and Sino-Maple (Jiangsu) Co., Ltd. (Sino-Maple), 59 companies not individually examined are eligible for separate rates in this review.¹⁰ The statute and Commerce's regulations do not address the establishment of a rate to be applied to individual respondents not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act). Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for separate-rate respondents which Commerce did not examine individually in an administrative review. For the preliminary results of this review, Commerce has determined the estimated dumping margin for each of the individually examined respondents to be zero or based entirely on facts otherwise available.¹¹ As a result, following the guidance in section 735(c)(5)(b) of the Act, we assigned to all eligible non-selected respondents the simple average of the separate rates assigned to Jiangsu Senmao and Sino-Maple for the preliminary results of this review.

The China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.¹² Under this policy, the China-

wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. A request for a review of the China-wide entity was made in this review.¹³ Therefore, the China-wide entity is subject to this administrative review.

Aside from the companies we preliminarily find made no shipments and those companies for which the review is being rescinded, Commerce considers all other companies for which a review was requested and which did not demonstrate separate rate eligibility to be part of the China-wide entity.¹⁴ For the preliminary results of this review, we consider 59 companies to be part of the China-wide entity. For additional information, see the Preliminary Decision Memorandum.

Application of Adverse Facts Available (AFA)

We preliminarily determine that the use of facts otherwise available is warranted with respect to the China-wide entity, in accordance with sections 776(a)(1) and (a)(2)(A)–(C) of the Act, because the China-wide entity failed to provide necessary information, withheld information requested by Commerce, and significantly impeded the proceeding by not responding to Commerce's quantity and value questionnaire.¹⁵ Further, pursuant to section 776(b) of the Act, we preliminarily determine that, because the China-wide entity failed to cooperate by not acting to the best of its ability, an adverse inference is warranted.

We also determine that the use of facts otherwise available is warranted with respect to Sino-Maple, in accordance with sections 776(a)(1) and (a)(2)(A)–(C) of the Act, because Sino-Maple failed to provide necessary information, withheld information requested by Commerce, and significantly impeded the proceeding,

by not reporting the nature of its relationship with a U.S. affiliate and certain sales information. Further, pursuant to section 776(b) of the Act, we preliminarily determine that, because Sino-Maple failed to cooperate by not acting to the best of its ability, an adverse inference is warranted.

For additional information, see the Preliminary Decision Memorandum.

Methodology

We are conducting this review in accordance with section 751(a)(1)(B) of the Act. We calculated export prices for Jiangsu Senmao in accordance with section 772 of the Act. Because China is an NME within the meaning of section 771(18) of the Act, we calculated NV in accordance with section 773(c) of the Act. Additionally, as discussed above, we are basing Sino-Maple's estimated dumping margin entirely on facts otherwise available.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically *via* Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content. A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice.

Preliminary Results of Review

In this administrative review, we preliminarily calculated a weighted-average dumping margin for Jiangsu Senmao of zero.¹⁶ As total AFA, we assigned to Sino-Maple the highest transaction-specific margin calculated for any respondent in this segment of the proceeding, or 96.51 percent.¹⁷ As discussed above, for the 59 additional companies subject to this review that established separate rate eligibility, we assigned a simple average of the separate rates assigned to Jiangsu Senmao and Sino-Maple, or 48.26

percent. Further, as noted, the China-wide entity is subject to this administrative review, and therefore, the rate established in the investigation of 25.62 percent is subject to change. As total AFA, we also preliminarily

assigned a rate of 96.51 percent to the China-wide entity. For additional information, *see* the Preliminary Decision Memorandum.

For the 61 companies subject to this review that have established their

eligibility for a separate rate, and the China-wide entity, we preliminarily determine that the following estimated dumping margins exist for the period December 1, 2016, through November 30, 2017:

Disclosure and Public Comment

We intend to disclose to interested parties the calculations performed for these preliminary results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review.¹⁸ Rebuttals to case briefs may be filed no later than five days after the written comments are filed, and all rebuttal comments must be limited to comments raised in the case briefs.¹⁹

Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this review are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, we intend to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Unless otherwise extended, we intend to issue the final results of this administrative review, which will include the results of our analysis of the issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review, in accordance with 19 CFR 351.212(b). We intend to issue appropriate assessment instructions with respect to the companies for which this review is rescinded to CBP 15 days after the publication of this notice.

For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). For the respondents that were not selected for individual examination in this administrative review that qualified for a separate rate, the assessment rate will be equal to the simple average of the estimated dumping margins assigned to Jiangsu Senmao and Sino-Maple in the final results of this review.²⁰ For the final results, if we continue to base the China-wide entity and Sino-Maple's estimated dumping margin on total adverse facts available, we will instruct CBP to apply an *ad valorem* assessment rate of 96.51 percent to all entries of subject merchandise during the POR which were produced and/or exported by those entities.

If, in the final results, Jiangsu Senmao's weighted-average dumping margin continues to be zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For entries that were not reported in the U.S. sales databases submitted by the company individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate. In addition, if we continue to find no shipments of subject merchandise for the 18 companies for which we preliminarily find no such shipments during the POR,²¹ any suspended entries of subject merchandise from those companies will be liquidated at the China-wide rate.²²

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by

section 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that rate established in the final results of this review (except, if the rate is *de minimis*, then a cash deposit rate of zero will be required); (2) for previously investigated or reviewed Chinese and non-Chinese exporters for which a review was not requested and that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity, as discussed above; and (4) for all non-China exporters of subject merchandise that have not received their own rate, the cash deposit rate will be the rate applicable to China exporter(s) that supplied that non-China exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(l) and 777(i)(l) of the Act and 19 CFR 351.221(b)(4).

Dated: December 17, 2018.

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
