SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54733; File No. SR-BSE-2006-36]

Self-Regulatory Organizations; Boston Stock Exchange, Inc.; Order Approving Proposed Rule Change and Amendment No. 1 Thereto Relating to the Market Opening Pilot Program for the Boston Options Exchange Facility

November 9, 2006.

On September 1, 2006, the Boston Stock Exchange, Inc. ("BSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to retroactively reinstate the pilot program rules related to market opening procedures on the Boston Options Exchange facility ("BOX") of the Exchange for the period August 6, 2006 through September 1, 2006. On September 18, 2006, BSE filed Amendment No. 1 to the proposed rule change.³ The proposed rule change, as amended, was published for comment in the **Federal Register** on October 2, 2006.⁴ The Commission received no comments on the proposal.

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.⁵ In particular, the

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Amendment No. 1 replaced the original filing in its entirety.

⁴ See Securities Exchange Act Release No. 54507 (September 26, 2006), 71 FR 58020.

⁵ The Commission has considered the proposed rule's impact on efficiency, competition and capital formation. 15 U.S.C. 78c(f).

Commission believes that the proposed rule change, as amended, is consistent with Section 6(b) of the Act⁶ in general, and Section 6(b)(5) of the Act⁷ in specific, which requires that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission notes that the proposed rule change, as amended, will retroactively reinstate the rules governing the market opening pilot program currently in use on BOX for the period August 6, 2006 through September 1, 2006.⁸ Thus, upon approval of this proposed rule change, there will effectively be no interruption of the pilot program rules governing the market opening on BOX.⁹ The Commission finds that the BOX market opening pilot program procedures provide a quicker, more efficient, fair and orderly market opening process to the benefit of BOX market participants and investors.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (File No. SR-BSE-2006-36), as amended, be, and hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

Nancy M. Morris,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-54729; File No. SR-CBOE-2006-83]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Complex Orders

November 8, 2006.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 20, 2006, the Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The CBOE has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission.⁵ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The CBOE proposes to amend its rules regarding the execution of complex orders to clarify that the legs of stock-option and security future-option orders may be executed in penny increments. The CBOE also proposes various non-substantive changes designed to simplify the text of several rules. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these

statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

CBOE Rule 6.42(3), "Minimum Increments for Bids and Offers," currently provides that complex orders may generally be expressed on a net price basis in any increment, regardless of the minimum increment otherwise appropriate to the individual legs of the order.⁶ Thus, for example, a complex order could be entered at a net debit or credit price of \$1.03 even though the minimum increment for the individual series is generally \$0.05 or \$0.10.⁷ After a complex order has been executed at the total net debit or credit price, the contract quantities and prices for each individual component leg of the trade are reported as executions. In this regard, CBOE Rule 6.42(3) currently provides that the legs of a complex order may be executed in one-cent increments, regardless of the minimum increments otherwise appropriate to the individual legs of the order.

With respect to the types of complex orders that may be expressed in net price increments and reported in one-cent increments as described above, the rule text currently refers to spreads, straddles, and combinations as defined in CBOE Rule 6.53, "Certain Types of Orders Defined," and any other type of complex order defined in CBOE Rule 6.53C, "Complex Orders on the Hybrid System." The purpose of the proposed rule change is to clarify that the options leg of a stock-option or security future-option order, as defined in CBOE Rules

⁶ A minimum trading increment is defined in CBOE Rule 6.42 as \$0.05 if the options contract is trading at less than \$3.00 and \$0.10 if the options contract is trading at or above \$3.00.

⁷ As an exception to this provision, CBOE Rule 6.42(3) provides that complex orders in options on the S&P 500 Index ("SPX") and the S&P 100 Index ("OEX") that are not box spreads are to be expressed in decimal increments no smaller than \$0.05. A "box spread" (also referred to as a "box/roll spread") means "an aggregation of positions in a long call option and short put option with the same exercise price ('buy side') coupled with a long put option and short call option with the same exercise price ('sell side') all of which have the same aggregate current underlying value, and are structured as either: (A) a 'long box spread' in which the sell side exercise price exceeds the buy side exercise price or (B) a 'short box spread' in which the buy side exercise price exceeds the sell side exercise price." See CBOE Rule 6.42, Interpretation and Policy .05, and CBOE Rule 6.53C(a)(7).

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

⁸ On September 1, 2006, BSE filed a proposed rule change, which was immediately effective, to extend the market opening pilot program from September 1, 2006 through August 6, 2007. See Securities Exchange Act Release No. 54467 (September 18, 2006), 71 FR 55530 (September 22, 2006).

⁹ Prior to approval of this proposed rule change, however, BOX's market opening was operating without effective rules for the period August 6, 2006 through September 1, 2006.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

⁵ The CBOE has requested that the Commission waive the 30-day operative delay, as specified in Rule 19b-4(f)(6)(iii). 17 CFR 240.19b-4(f)(6)(iii).
