AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Assistant Secretary—Land and Minerals Management proposes to extend the duration of Public Land Order (PLO) No. 7384 for an additional 20-year term. PLO No. 7384 withdrew 1,988.27 acres of public lands from surface entry and mining to protect the Bureau of Reclamation's (BOR) Lake Pleasant expansion area. This Notice advises the public of an opportunity to comment on the proposed withdrawal extension and to request a public meeting. The lands have been and will remain open to mineral leasing.

Abstract: Control number 1004-0058, as currently approved, authorizes the collection of information that assists the BLM in enforcing timber export and substitution prohibitions.

The BLM now requests that control number 1004-0058 be renewed and revised by adding 2 information collection activities that have been in use without a control number.

One addition, "Log Scale and Disposition of Timber Removed Report," requires purchasers of Federal timber to report volumes of timber removed from Federal lands, and to identify processors of timber. Like the previously approved information collection activities, this activity assists the BLM in enforcing timber export and substitution prohibitions.

The other addition, "Protests," provides an opportunity to seek administrative remedies for forest management decisions.

OMB Control Number: 1004-0058.

Form Numbers: 5450-17, 5460-15, and 5460-17.
