

eligibility requirements in Commission rules for small business status. Applicants applying as consortia should review the *CSEA/Part 1 Report and Order* in detail and monitor any relevant future proceedings to understand how the members of the consortia will apply for a license in the event they are winning bidders.

D. Ownership Disclosure Information Report (FCC Form 602)

171. At the time it submits its long-form application (FCC Form 601), each winning bidder also must comply with the ownership reporting requirements as set forth in 47 CFR 1.913, 1.919 and 1.2112. An ownership disclosure record is automatically created in ULS for any applicant that submits an FCC Form 175. However, winning bidders will be required to review and confirm that it is complete and accurate as of the date of filing Form 601. Further instructions will be provided to auction winning bidders at the close of the auction.

E. Tribal Lands Bidding Credit

172. A winning bidder that intends to use its license(s) to deploy facilities and provide services to federally recognized tribal lands that are unserved by any telecommunications carrier or that have a wireline penetration rate equal to or below 85 percent is eligible to receive a tribal lands bidding credit as set forth in 47 CFR 1.2107 and 1.2110(f). A tribal lands bidding credit is in addition to, and separate from, any other bidding credit for which a winning bidder may qualify.

173. Unlike other bidding credits that are requested prior to the auction, a winning bidder applies for the tribal lands bidding credit after winning the auction when it files its long-form application (FCC Form 601). When initially filing the long-form application, the winning bidder will be required to advise the Commission whether it intends to seek a tribal lands bidding credit, for each market won in the auction, by checking the designated box(es). After stating its intent to seek a tribal lands bidding credit, the applicant will have 180 days from the close of the long-form filing window to amend its application to select the specific tribal lands to be served and provide the required tribal government certifications. Licensees receiving a tribal lands bidding credit are subject to performance criteria as set forth in 47 CFR 1.2110(f)(3)(vi).

174. For additional information on the tribal lands bidding credit, including how the amount of the credit is calculated, applicants should review the Commission's rule making proceeding

regarding tribal lands bidding credits and related public notices.

F. Default and Disqualification

175. Any winning bidder that defaults or is disqualified after the close of the auction (*i.e.*, fails to remit the required down payment within the prescribed period of time, fails to submit a timely long-form application, fails to make full payment, or is otherwise disqualified) will be subject to the payments described in 47 CFR 1.2104(g)(2). The payments include both a deficiency payment, equal to the difference between the amount of the bidder's bid and the amount of the winning bid the next time a license covering the same spectrum is won in an auction, plus an additional payment equal to a percentage of the defaulter's bid or of the subsequent winning bid, whichever is less. Pursuant to recent modifications to the rule governing default payments, the percentage of the applicable bid to be assessed as an additional payment for defaults in a particular auction is established in advance of the auction. Accordingly, in the *Auction No. 69 Comment Public Notice*, the Bureau proposed to set the additional default payment for the auction of 1.4 GHz band licenses at ten percent (10%) of the applicable bid. The Bureau sought comment on its proposal.

176. No comments were received on this issue. The Bureau therefore adopted its proposal and set the additional default payment for the auction of 1.4 GHz band licenses at ten percent (10%) of the applicable bid.

177. Finally, the Bureau noted that in the event of a default, the Commission may re-auction the license or offer it to the next highest bidder (in descending order) at its final bid amount. In addition, if a default or disqualification involves gross misconduct, misrepresentation, or bad faith by an applicant, the Commission may declare the applicant and its principals ineligible to bid in future auctions, and may take any other action that it deems necessary, including institution of proceedings to revoke any existing licenses held by the applicant.

G. Refund of Remaining Upfront Payment Balance

178. All applicants that submit upfront payments but after the close of the auction are not winning bidders for a license in Auction No. 69 may be entitled to a refund of their remaining upfront payment balance after the conclusion of the auction. All refunds will be returned to the payer of record, as identified on the FCC Form 159,

unless the payer submits written authorization instructing otherwise.

179. Bidders that drop out of the auction completely may be eligible for a refund of their upfront payments before the close of the auction. Qualified bidders that have exhausted all of their activity rule waivers, have no remaining bidding eligibility, and have not withdrawn a provisionally winning bid during the auction may also be eligible for a refund of their upfront payment before the close of the auction. If an applicant has completed the refund instructions electronically, the refund will be sent automatically. If an applicant has not completed the refund instructions electronically, the applicant must submit a written request for the refund and include wire transfer instructions, Taxpayer Identification Number (TIN) and FCC Registration Number (FRN). Send refund requests to: Federal Communications Commission, Financial Operations Center, Auctions Accounting Group, Gail Glasser, 445 12th Street, SW., Room 1-C864, Washington, DC 20554.

Federal Communications Commission.

Gary D. Michaels,

Deputy Chief, Auctions and Spectrum Access Division, WTB.

FEDERAL RESERVE SYSTEM

[Docket No. OP-1269]

Federal Reserve Bank Services

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice.

SUMMARY: The Board has approved the private sector adjustment factor (PSAF) for 2007 of \$132.5 million and the 2007 fee schedules for Federal Reserve priced services and electronic access. These actions were taken in accordance with the requirements of the Monetary Control Act of 1980, which requires that, over the long run, fees for Federal Reserve priced services be established on the basis of all direct and indirect costs, including the PSAF. The Board has also approved maintaining the current earnings credit rate on clearing balances.

DATES: The new fee schedules and earnings credit rate become effective January 2, 2007.

FOR FURTHER INFORMATION CONTACT: For questions regarding the fee schedules: Jack K. Walton II, Associate Director, (202/452-2660); Jeffrey S.H. Yeganeh, Manager, Retail Payments, (202/728-5801); Edwin J. Lucio, Senior Financial Services Analyst, (202/736-5636),
